SUMMARY OF KEY REVENUE ASSUMPTIONS

As part of the Fiscal Year (FY) 2016/17 mid-year budget review process, the revenue assumptions included in the revenue forecasts were re-examined based on actual receipts for FY 2015/16 and emerging trends at the mid-point of the fiscal year. The revenue projections for FY 2017/18 and FY 2018/19 are consistent with assumptions made and historical trends.

Sources used in developing the revenue projections include economic trends as reported in the national media, economic and fiscal information developed by the State Legislative Analyst and the State Department of Finance, the State Controller's Office and the County of San Diego. Ultimately, the 2017/18 and 2018/19 revenue projections reflect the staff's best judgment about performance of the local economy and how it will affect City revenues.

TOP SIX GENERAL FUND REVENUES

The following provides a brief description of the City's top six General Fund revenues along with the general assumptions used in preparing revenue projections for the 2017/18 and 2018/19 budgets. These six revenue sources account for 82% of total budgeted General Fund revenues.

General assumptions

The revenue projections generally assume that the real estate market remains dynamic as sales and home values continue their upward trend as compared to the last two fiscal years. The City's revenues from development activities saw a significant increase beginning in FY 2013/14 and the increased revenues have remained at these increased levels on a consistent basis through FY 2016/17 and are expected to remain stable into FY 2018/19.

The percent changes in each of the revenue categories is a comparison of the FY 2017/18 Adopted revenue amounts as compared to the FY 2016/17 projected revenue forecast and of the FY 2018/19 Adopted revenue amounts as compared to the FY 2017/18 Adopted revenue amounts.

PROPERTY TAX

Under Proposition 13 adopted in June of 1978, property taxes for general purposes may not exceed 1% of market value. San Diego County performs the property tax assessment, collection and apportionment. Assessment increases to reflect current market values are allowed when property ownership changes or when improvements are made. Otherwise, the maximum increase in assessed value is 2% annually. The City's allocation is approximately 16 cents for every dollar of the 1% tax levy. Based on indications that the housing market continues to rebound, the City's -

2017/18 revenue \$7,332,000 Increases by 4.7%

2018/19 revenue \$7,536,400 Increases by 3.0%

% of total revenue 42%

year estimates indicate an increase in property assessments and revenue collections by the County. As compared to the year estimates, an increase of 4.7% for Property Taxes – Current is anticipated for FY 2017/18 and an increase of 3.0% is anticipated for FY 2018/19. Property Taxes – Delinquent will be budgeted at \$35,000 for FY 2017/18 and \$25,000 for FY 2018/19.

2. SALES TAX

The City receives 1% from all taxable retail sales occurring within its boundaries. The State of California collects the sales tax for the City. The San Diego County sales tax rate of 8.0% is distributed as follows: 5.25% for the State General Fund; 1.0% for the City General Fund; 0.50% for the County of San Diego for transportation purposes; 0.75% for State programs, and 0.50% to fund Proposition 172.

SUMMARY OF KEY REVENUE ASSUMPTIONS (Continued)

Revenue was budgeted at \$3,184,600 for FY 2016/17, but expected revenues for the fiscal year are anticipated to be approximately \$14,500 less the amount budgeted. As compared to the FY 2016/17 adopted revenues, sales tax is projected to increase an additional 1.5% or by \$48,500 for FY 2017/18 to \$3,233,100 for FY 2017/18. For FY 2018/19, sales tax revenue is expected to increase another 2% or by \$65,300 to \$3,298,400.

2017/18 revenue \$3,233,100 Increases by 1.5%

2018/19 revenue \$3,298,400 Increases by 2.0%

% of total revenue 18%

3. MOTOR VEHICLE IN-LIEU (VLF)

Vehicle license fees in the amount of 2% of the market value of the motor vehicle are imposed by the State annually in lieu of local property taxes. The State allocates 81.25% of these revenues equally between cities and counties, apportioned based on population. Any increase in this revenue source is tied to the increase in the City's property tax calculations. Staff is anticipating that the VLF account for FY 2017/18 will increase 4.5% as compared to year end estimates which will produce \$1,510,000 of revenue and for FY 2018/19 will increase 3.0% to \$1,555,300.

2017/18 revenue \$1,510,000 Increases by 4.5%

2018/19 revenue \$1,555,300 Increases by 3.0%

% of total revenue 8%

4. TRANSIENT OCCUPANCY TAX (TOT)

TOT is levied on visitors and tourists for the privilege of occupying lodgings on a temporary basis. The tax rate is currently 13% which is added to the price of a room. The hotels collect the tax and transmit it to the City monthly. The budget anticipates the collection of \$1,380,000 for FY 2017/18 which is an increase of 17.4% over the FY 2016/17 Adopted Budget and remains at the same level for FY 2018/19. The increase is based on expected receipts through FY 2016/17 using year end estimates and historical data.

2017/18 revenue \$1,380,000 Increases by 17.4%

2018/19 revenue \$1,380,000 No increase

% of total revenue 8%

FRANCHISE FEES

This revenue source comprises gas & electric, waste, and cable franchise contracts and including other fees that are included as part of the contracts. The budget anticipates total franchise fees of \$726,000 for both FY 2017/18 and FY 2018/19. This is based upon the current year's projected receipts and anticipates a slight decrease in the revenue stream over the projected FY 2015/16 revenue.

2017/18 revenue \$726,000 Decreases by 3.1%

2018/19 revenue \$726,000 No increase

% of total revenue 4%

6. FIRE BENEFIT FEE

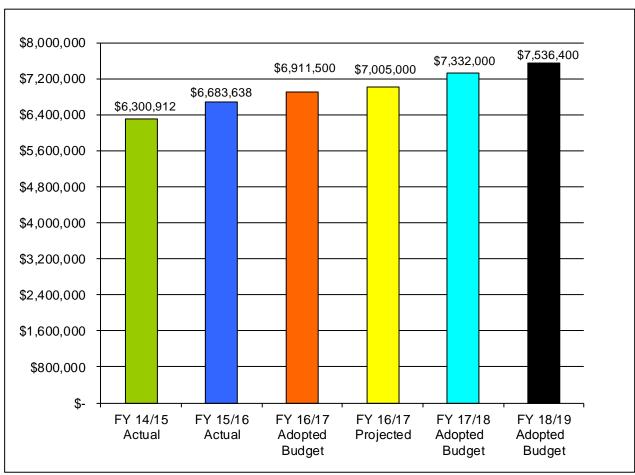

This revenue source is expected to remain flat for both FY 2017/18 and 2018/19. The fee is collected from all properties in the City to assist in providing fire prevention services.

2017/18 revenue \$440,000 No Increase

2018/19 revenue \$440,000 No increase

% of total revenue 2%

PROPERTY TAX 2014-15 THROUGH 2018-19

Property taxes represent the City's most significant source of revenue. Property Tax is imposed on real property (land and permanently attached improvements such as buildings) and tangible personal property (movable property). The tax is based upon the assessed value of such property.

The combined city, county, school district and special district property tax rate is 1% of assessed value. Prior to the passage of Proposition 13 in 1978, cities had the authority to set the property tax rate, which meant that it could be raised or lowered depending upon the funding that was needed to balance the budget. After the imposition of Proposition 13, however, the property tax rate may not exceed the 1% limit except to retire debt approved by the voters prior to July 1, 1978.

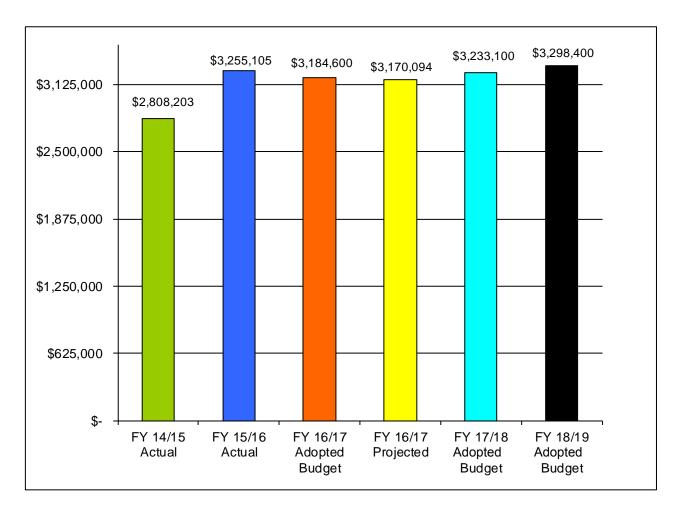

Cities, counties, school districts and special districts share the revenues from the 1% property tax. The county allocates revenues to these agencies according to the proportion of property tax revenues allocated to each agency in the previous year.

When territory is annexed by a city, the city, the county, and the special districts must negotiate how the property tax revenues from that area will be split. In San Diego County, the cities and the county have agreed upon formulas to determine the property tax split for jurisdictional changes.

To understand how much of the property tax is actually paid to the City of Solana Beach, the following example is provided: property taxes based on \$200,000 of assessed valuation would be approximately \$2,000; Solana Beach would receive 16% or \$320 of the total property taxes paid depending on the tax rate area. The remainder would be paid to the county, schools, and various districts.

Revenue estimates were based on historical trends and estimates obtained from the Tax Assessor's Office of the County of San Diego. Property Taxes are estimated to be \$7,332,000 in FY 2017/18 and \$7,536,400 in FY 2018/19, which represent 42% of the total General Fund revenues.

SALES TAX 2014-15 THROUGH 2018-19

Sales and use tax is imposed on retailers for the privilege of selling at retail or on products purchased outside the state for use in California. The tax is based on the sales price of any taxable transaction of tangible personal property. Leases are considered to be a continuing sale or use and are subject to taxation.

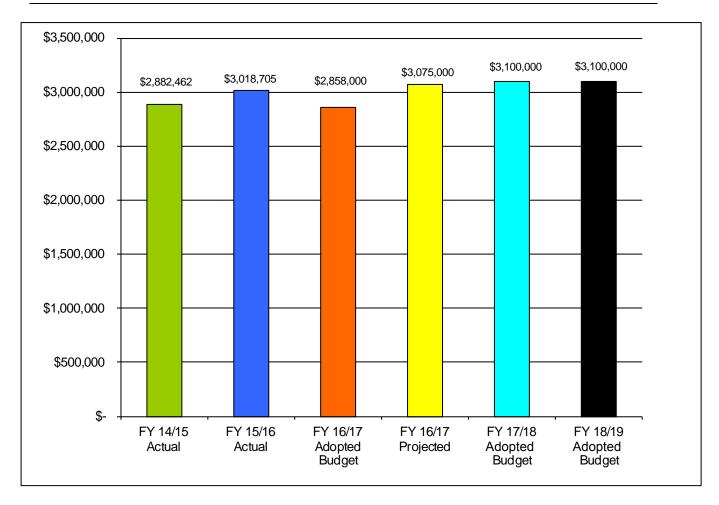

As a part of their general business license tax authority, California cities have long had authority to levy and collect local sales taxes. In 1955, the Bradley-Burns Uniform Local Sales and Use Tax Law was adopted. This extended the authority to impose local sales taxes to counties and permitted cities and counties to contract with the State Board of Equalization for administration of the tax. Because of the advantages of having the State administer the local sales tax, every city currently levies its sales tax according to the provisions of the Bradley-Burns law.

Bradley-Burns sets the local sales tax rate at 1.25%. The .25% portion of the tax goes to local transportation agencies, while 1% is for city or county general purposes.

Sales and use taxes generate approximately 18% of the total General Fund revenue, the second largest revenue source for the City of Solana Beach. Sales tax continues to be a vital part of the City's revenue stream. The total sales tax revenue projected is \$3,233,100 for FY 2017/18 and \$3,298,400 for FY 2018/19.

Due to the "triple flip" in fiscal years before FY 2016/17, the City's advances received from the State Board of Equalization and the County impacted the timing between fiscal years and receipts. The "triple flip" was wound down in FY 2015/16 and the City received a one-time distribution of "triple flip" revenue.

OTHER TAXES AND FEES 2014-15 THROUGH 2018-19

FIRE BENEFIT FEE: The Fire Benefit Fee is imposed on all properties in the City of Solana Beach. This fee was enacted by a vote of the people in 1980 in order to help provide fire-related services in the City. The fee for a residence is based on 5 units, with each unit equaling \$10. Therefore, a residential unit pays \$50 per year in Fire Benefit Fees. In addition, all commercial properties contribute to this fee based on the size of the property.

FRANCHISE FEES: Several statutes provide cities with authority to impose fees on privately owned utility companies and other businesses for the privilege of using city streets. The City levies franchise fees on gas, electricity, refuse, and cable television companies. These include Waste Management, EDCO, SDG&E, Southern California Gas, Cox Cable, Time Warner Cable and AT&T. Telephone companies and railroads are exempt from local franchising authority. Revenue estimates for 2017/18 and 2018/19 are based on historical trends, negotiated agreements, and previous year's receipts. The budget anticipates collections of

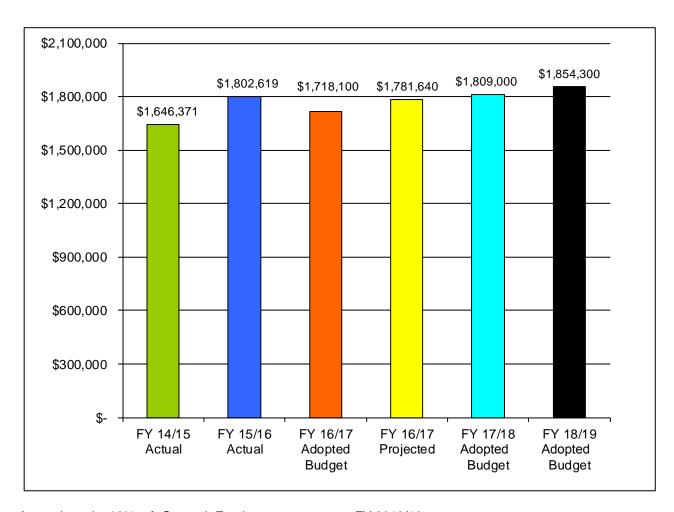

\$726,000 for FY 2017/18 and 2018/19 Revenues from this source represent approximately 4% of the Total General Fund revenue.

TRANSIENT OCCUPANCY TAXES: This tax is levied for the privilege of occupying lodgings on a transient basis. Better known as TOT, the tax rate is 13% and added to the price of the room. The General Fund receives a rate of 10% of the 13%. The other 3% goes to the Coastal Business/Visitors and Sand Replenishment CIP funds. TOT revenues for the General Fund are estimated to be \$1,380,000 for FY 2017/18 and 2018/19 and represent 8% of the total General Fund revenue.

REAL PROPERTY TRANSFER TAX: Real property transfer tax is levied on property when it is sold. This tax is set at \$1.10 per \$100 of valuation with the City receiving 50% or \$.55 per \$100 and the County of San Diego receiving the other \$.55.

SOLID WASTE FEE: The budget includes \$240,000 to offset the costs associated with the State mandated stormwater program.

INTERGOVERNMENTAL REVENUE 2014-15 THROUGH 2018-19

Approximately 10% of General Fund revenues come from other governmental agencies, primarily from state shared revenues. Known as subventions, these shared revenues may be in lieu of local taxes, replacement revenue for taxes previously levied by cities, or general state assistance for specific purposes.

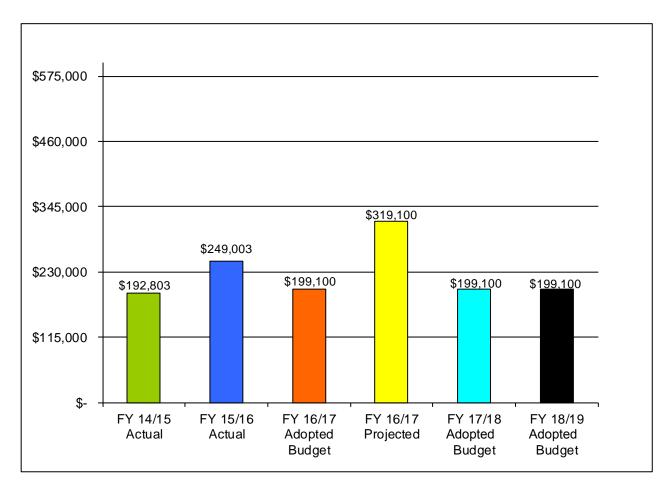

MOTOR VEHICLE IN-LIEU FEES: At one time, motor vehicles were taxed as personal property. However, because local administration of this tax on vehicles proved inequitable and easy to evade, the state repealed the local property tax on vehicles and enacted a state vehicle license fee in lieu of the property tax. The fee is imposed for the privilege of operating a vehicle on the public highways. The fee is set at 2% of the depreciated market value of all motor vehicles and must be paid annually. Based on the population estimate of 13,783 (per the State Department of Finance) and data from the State Controller's Office, the City expects to receive \$1,809,000 from this revenue source in FY 2017/18 and \$1,854,300 in

FY 2018/19.

OTHER STATE & FEDERAL REVENUES: This category includes revenue received from the State Homeowners Exemption. Every homeowner in California is entitled to an exemption of \$7,000 per year for the residence they own and occupy on January 1 of every year. The City receives a portion of the fee that is collected.

OFF-TRACK BETTING: These funds are derived from satellite wagering at the Del Mar Race Track. The City of Solana Beach, along with the City of Del Mar and the County of San Diego, receives a percentage of the handle from the racetrack to help mitigate impacts caused by activities at the fairgrounds. This source is expected to generate about \$25,000 in FY 2017/18 and 2018/19 for the City.

OTHER REVENUE 2014-15 THROUGH 2018-19

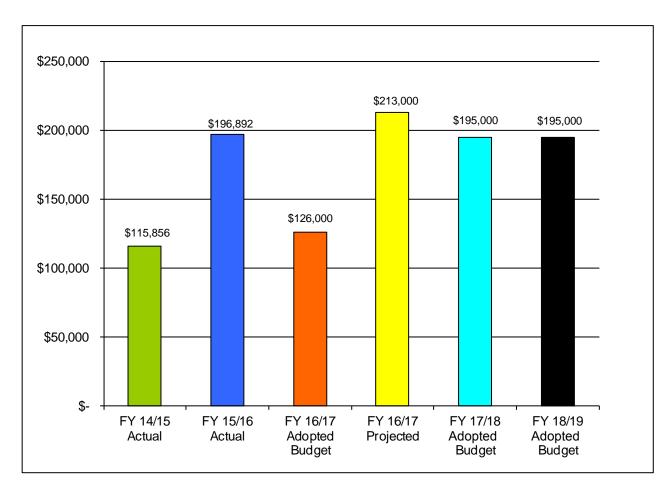

The "Other Revenue" category includes refunds, reimbursements, and miscellaneous revenues (\$40,000) received in the ordinary course of business.

This category also includes funds received (\$146,600) from other funds (i.e. Sanitation, Street

Lighting etc.) for the administrative services provided by City service departments (City Council, City Manager, City Clerk, Legal, Finance, Human Resources, and Non-Departmental).

USE OF MONEY AND PROPERTY 2014-15 THROUGH 2018-19

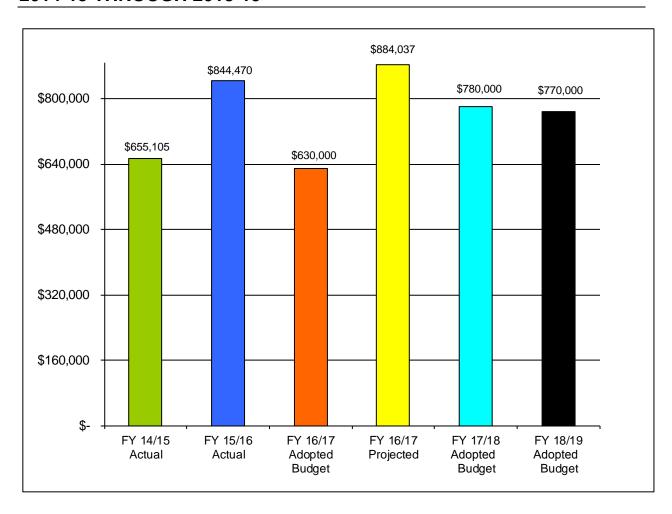

INTEREST INCOME: Interest income is derived from the investment of City funds. The City pools its funds for investment purposes. These pooled funds are invested in the Local Agency Investment Fund (LAIF) with the State of California and, beginning in FY 2015/16, with Chandler Asset Management.

Investment earnings are all allocated to the General Fund unless otherwise required by law. Statutory allocations to restricted funds are made in proportion to the ratio of restricted fund balances to the total pooled balances.

Interest income is expected to increase due to investment of the majority of the City's excess funds with Chandler Asset Management. The General Fund expects to receive \$85,000 from interest earnings in FY 2017/18 and 2018/19.

PROPERTY RENTAL: These funds are derived from the rental of Fletcher Cove Community Center and the La Colonia Park Community Center. In addition, this category also includes the rental of space at the Fire Station to CSA 17 for housing the ambulance and paramedics.

SERVICE CHARGES 2014-15 THROUGH 2018-19

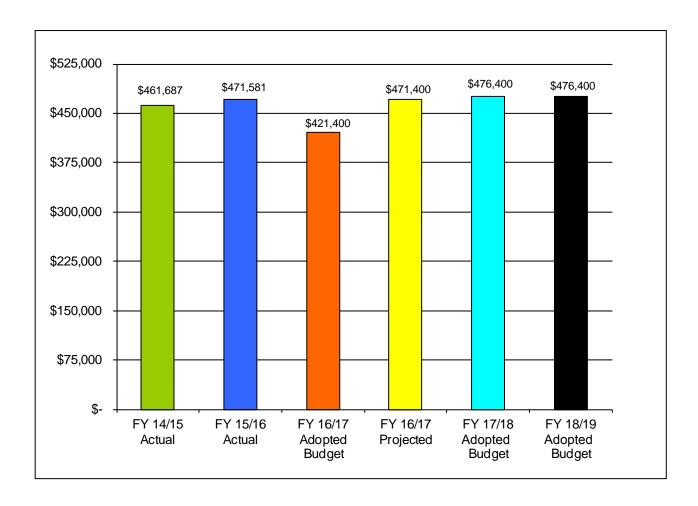

<u>SERVICE CHARGES</u>: A service charge is a fee imposed upon the user of a service provided by the City. A service charge can be levied when the service can be measured and sold in marketable units and the user can be identified. The rationale behind service charges is that certain services are primarily for the benefit of individuals rather than the general public. Thus the individual benefiting from a service should pay the cost of that service.

Service charges differ from license and permit fees in that the latter are designed to reimburse the city for costs related to regulatory activities. Service charges, on the other hand, are imposed to support services to individuals.

Service charges include planning and zoning services, subdivision review, engineering services, and recreation services, etc.

The General Fund expects to receive \$780,000 in revenue from service charges in FY 2017/18 and \$770,000 in FY 2018/19.

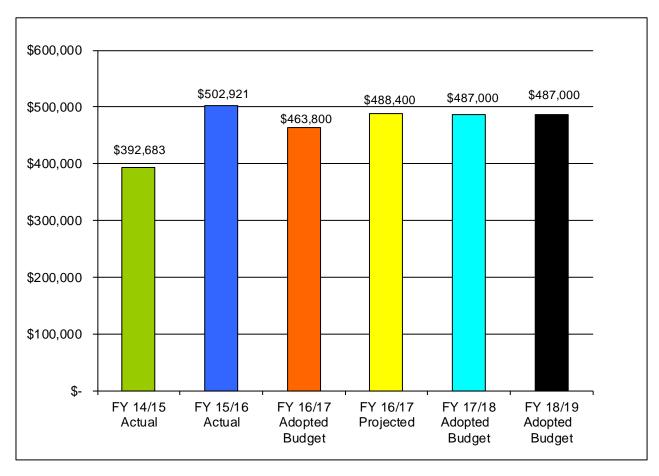

LICENSES AND PERMITS 2014-15 THROUGH 2018-19

LICENSES AND PERMITS: The State Constitution through the police power (Article XI, Section 7), as well as various statutes, gives cities the authority to engage in certain regulatory activities in the interest of the overall community. Cities may charge license and permit fees as a means of recovering the cost of regulation. These fees may not exceed the actual cost of the regulatory activity.

Fees are commonly charged for building permits, business registration fees, animal licenses, and special permits. The largest source of revenue in this category is for building related permits, from which the City receives 25% of the total fees collected. The remaining 75% is paid to Esgil Corporation for performing building permit services for the City. The City anticipates generating \$476,400 in license and permit fees in FY 2017/18 and FY 2018/19.

FINES AND PENALTIES 2014-15 THROUGH 2018-19

VEHICLE CODE FINES: Cities share with the county all fines collected upon conviction of a misdemeanor or an infraction in any municipal or justice court. In addition, they share bail monies forfeited following a misdemeanor or infraction charge when such fines or forfeiture results from a misdemeanor or infraction committed within city boundaries. Distribution of these revenues varies depending upon whether the fine or forfeiture is derived from a Vehicle Code violation or some other violation and upon the employing agency of the arresting officer. Vehicle Code fines are expected to raise an estimated \$60,000 in FY 2017/18 and 2018/19.

PARKING CITATION FINES: Parking citations are issued by both the City's Code Enforcement staff and the Sheriff's Department. The City contracts with the Sheriff's Department to provide law enforcement for the City of Solana Beach.

Parking citations are expected to raise \$140,000 in revenue for FY 2017/18 and 2018/19.

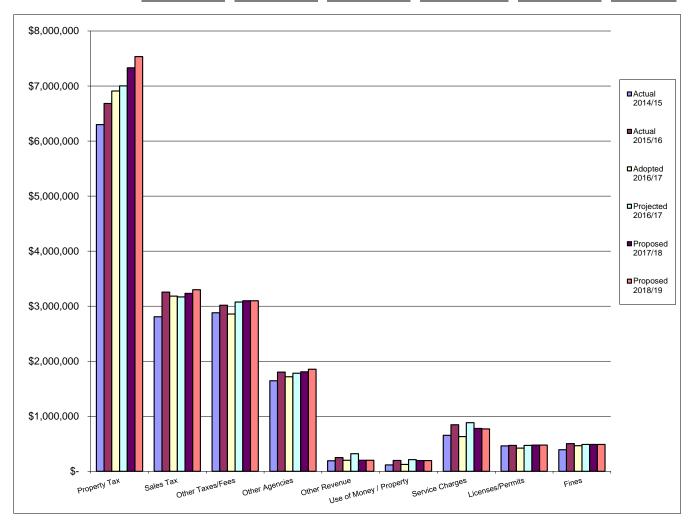

RED LIGHT CITATIONS: The City installed red light cameras at two busy intersections in an effort to reduce the running of red lights. Each violation carries a \$490 fine and the City anticipates grossing \$280,000 in FY 2017/18 and 2018/19. The City pays a flat monthly fee to a third party vendor who administers the citation program.

MISCELLANOUS: The remaining \$7,000 is comprised of anticipated revenues to be received from false alarm fees and administrative citations.

REVENUES

The City uses a combination of factors to allocate charges to departments. The allocation factors consist of: 1) The departments proposed payroll (exposure) 2) Actual claims as calculated and averaged over the prior five fiscal years (losses) and 3) Equipment operated by the department. The factors are input into the following formula to calculate Claims and Worker's Compensation charges:

$C = T \times [(W \times I/L) + ((1-W) \times e/E)]$

Where:

C = Contribution of department

T = Total cost of risk allocated

W = Weight placed on department loss experience

I = Losses of the department

L = Total losses of all departments

e = Exposure of the department (payroll)

E = Total exposure of all departments

Department Overview:

The General Government function for the City comprises the legislative and administrative support services departments. These departments include the City Council, City Attorney and City Clerk which fulfill the legislative functions while the City Manager, Human Resources, Finance, Information Systems, Risk Management and Support Services departments comprise the administrative support services of the City.

Structure & Services

Solana Beach is a General Law City operated by a Council/Manager form of government. The *City Council* serves as the legislative body and consists of five City Council members, one of whom is chosen to act as Mayor for a one-year term on a rotating basis. The City Council budget is located on pages C-4 and C-5.

The *City Manager* is appointed by the City Council to serve as the Chief Administrative Officer of the City. The City Manager oversees the implementation of policy and programs established by the City Council and provides overall direction for the administration of City programs and services. Information regarding its mission statement, structure and services, goals, and budget and service indicators can be found beginning on pages C-10

The *City Clerk's* office is responsible for providing regulatory oversight as per the Government Code and state regulatory agencies as needed and required, including the Fair Political Practices Commission. The Clerk's department records and archives the City Council legislative history into a document imaging system to assist in the research and retrieval process. The department also coordinates with City departments all official records of the City including the

GENERAL GOVERNMENT (continued)

records maintenance schedule and destruction of out-dated records. The City Clerk acts as the City's election official and administers all City elections. Other responsibilities include codifying the Municipal Code, certifying official documents, and administering oaths. The City Clerk's department manages front desk operations including greeting, phones, receipting, mail, general information, and citywide / City Clerk administration. Further information regarding the City Clerk's office, including its budget and service indicators, can be found beginning on pages C-6.

The *City Attorney* serves as a legal advisor to the City Council, City Manager, the various City departments, commissions, and committees and boards. The office assists in developing strategy and negotiating solutions to City legal problems. The City Attorney prepares and approves for legality the majority of proposed City ordinances, resolutions, contracts, and other legal documents. The City Attorney also manages all litigation for the City and represents the City in certain cases. City attorney services are provided by an outside law firm on a contract basis. The department's budget is located on pages C-14 and C-15

The *Finance Department* manages its budget unit and the budgets for Support Services, Risk Management, Workers Compensation, Asset Replacement and the PERS Side Fund. Information regarding its mission statement, structure and services, goals, and budget and service indicators can be found beginning on pages C-17.

City Clerk's Office

Mission Statement:

Promote the openness of government by providing quality service through access to information and records, facilitation and oversight of legislative obligations and proceedings, recordation of the City's actions, and ensuring high integrity in election proceedings.

Structure & Services

Legislative Administration

The City Clerk's department is responsible for facilitating the execution of official and legislative processes including publishing and posting of City Council, sub-legislative bodies, and other official agendas; attesting to, recording, and preserving all official actions of the City Council; codifying the municipal code, and certifying City records. The City Clerk's department is responsible for ensuring that all meetings are conducted in accordance with the California Government Code's Ralph A. Brown Act, also known as the open public meeting law.

The department performs formal bid openings, processes and maintains agreements and recorded documents, performs centralized processing of all legal notices, and acts as the filing office for all claims, subpoenas, summons, legal service filings, and official notices.

Records Management and Processing

To maximize public access to the City's legislative processes by maintaining legislative history, the City Clerk's department is responsible for maintaining the City's official records and implementing the records management program which includes the retention, preservation, destruction of records, and administration of the City's adopted Records Retention Schedule, as well as adheres to amended and additional state mandates. The department archives all legislative documents, including certain historical documents, utilizing a document imaging system to aid in records research and retrieval. The primary goals of the records management program are to coordinate an efficient and effective administration of records in order to lend public access and promote government transparency.

The department responds to all inquiries to meet requirements of the California Public Records Act including timely responses, required exemptions/redactions, and required assistance in identifying records sought by requesters.

Boards and Commission

The City Clerk's department coordinates the citizen commission recruitment for annual expiring positions and unexpected vacancies and processes and tracks all new member/new term logistical requirements in compliance with state and local law including oaths, conflict of interest filings, ethics training, handbook review, and background checks.

Elections

As the elections official, the City Clerk is responsible for guiding democratic processes, such as conducting general/special elections including administering the candidate nomination process, publishing candidate notices pursuant to legal guidelines, assessing and certifying official citizen initiative petitions for ballot qualification, processing and tracking required campaign statement filings.

CITY CLERK'S OFFICE (continued)

and monitoring changes in laws and regulations to effectively qualify candidates and initiatives/measures to administer elections. The department provides oversight in regards to compliance with the Political Reform Act, California Elections Code, California Code of Regulations, and the Solana Beach Municipal Code.

Fair Political Practices Commission (FPPC) Filings

The City Clerk acts as the compliance filing official/officer of the Political Reform Act by administering the required annual noticing, tracking, and reporting of the Fair Political Practices Commission (FPPC) economic filings and biennial review and update of the City's Conflict of Interest Code. The department tracks required biennial ethics training for City Council and Staff.

Community Access and Public Information The City Clerk's department manages City Hall's general lobby operations which includes routing all general incoming calls, directing public inquiries, assisting all visitors, providing general information on programs/services and permits/applications, managing incoming/outgoing citywide mail/parcels, internal monitoring of conference room schedules, and acting as the City Clerk department counter administration.

The City Clerk's budget and service indicators are located on pages C - 8 and C - 9.

Goals:

- Comply with the California Government Code, Political Reform Act, Fair Political Practices Commission, Public Records Act, Brown Act, Solana Beach Municipal Code, Conflict of Interest Code and other various state codes and statutes in a timely and efficient manner in order to meet obligations which include official noticing, publication, and regulated filings.
- Confirm the City's conformance that legislative bodies conduct meetings in accordance with the Brown Act, also known as the open public meeting law, specifically in terms of required noticing.
- Process legislative documents including minutes, resolutions, ordinances, contracts, recorded documents, and official records of proceedings.
- Assure conformity with requirements for public records requests, appropriately collaborate to provide the most definitive conclusions, and fulfill required deadlines.
- Continue to prepare and maintain the indexing, storage, and archival of official current records and the manual review and organization of historical records. Maintain the archiving of documents within the document imaging system to assist in the research and retrieval of information.
- Continue review of the City's Records Retention Schedule for future updates.
- Maintain and track new election laws to help ensure professional and fair election processes for the community.
- Manage City Hall's lobby general information desk and City Clerk department customer service in order to provide information, resources and direction to the public.

City Manager

Mission Statement:

We are here to assist the entire community to accomplish their vision with our skills, resources, and abilities while providing services that promote and sustain a high quality of life for all.

Structure & Services

The *City Manager* provides leadership, management, direction, support and coordination for all of the various City departments, provides policy recommendations to and implements policies of the City Council, represents City interests in local and regional issues and ensures that the governmental processes succeed in maintaining and improving the quality of life in Solana Beach. The department enforces all applicable Federal and State laws as well as municipal codes and ordinances and administers and manages the overall budget. The City Manager's budget is located on pages C-12 and C-13.

Human Resources provides the City with effective human resource programs and services in the areas of personnel recruitment and selection, employee training and development, labor and employee relations and negotiations, salary and benefit administration, performance evaluations, classification and position studies and allocations and employee awards and programs. Additionally, Human Resources assumes responsibility for administering claims for the City's self-funded Worker's Compensation Insurance and Administration of the Affordable Care Act (ACA) Policy and Procedures. The budget and service indicators for Human Resources are located on pages C-22 and C-23.

Information/Communication Systems is responsible for ensuring that the City's information technology resources are effectively managed and used as key organizational tools in improving staff productivity, customer service, and public access to City information. Information/Communications Systems is responsible for overseeing, maintaining and improving the Local Area Networks for all City sites, multimedia operations for City Council and other public meetings, Internet access and monitoring, telephone system, voicemail system, computer hardware/software training and staff support. Information/Communication Systems' budget and service indicators are located on pages C-24 and C-25

The *Communications* division manages the educational/community television programming under the City's cable franchise agreement, produces public service announcements (PSA), prepares press releases and E-Blasts, maintains the City website and social media communications, coordinates media activities for City programs and services, and produces the Shorelines quarterly newsletter. The budget for communications is derived from various City departments.

The **Community Services** division is responsible for providing various service-oriented activities which include the City's Annual Street Banner program, production of *Shorelines*, the City newsletter publication, management of the public art program, and coordination of City-sponsored community-wide events. In addition, the Community Services Department is directly responsible for providing programs and services to the community, including rental processing of La Colonia Field and Community Center and managing the Fletcher Cove Community Center for City programs, rentals and services; coordination of 30 City-sponsored special events; development of joint use agreements with local school districts and other organizations for

CITY MANAGER (continued)

facility use and program resources; contract management with the Boys & Girls Club for the City's After School Enrichment Program; non-City-sponsored special event application administration; and Summer Youth Camps.

Goals:

- Implement all policies and programs adopted and directed by the City Council.
- Manage all City operations through the City's employees and contractors assuring effective and quality results.
- Prepare a recommended Budget and Work Plan and implement the goals of the organization upon adoption.
- Maintain a balanced operating budget and healthy capital improvement plan that provides fiscal sustainability on a three-year forecast basis.
- Reduce the City's environmental footprint and develop and implement long-term environmental sustainability measures for the community including the development of the City's Climate Action Plan.
- Continue the comprehensive review of land use policies and selected zoning ordinances to preserve community character through the General Plan Update.
- Promote a culture of learning and communication that ensures the community is well informed while providing a high level of confidence in local government.
- Continue work on the Local Coastal Program Implementation Plan and implementing Policies of the adopted Land Use Plan.
- Continue work on the approved USACE 50-year Sand Replenishment Project.
- After completion of the RFP process for the NCTD project, oversee the development permit review process for the selected development team through the City.
- Continue to provide the necessary tools and resources to ensure a small and dedicated staff of professionals is connected and responsive to the City Council and community with high expectations.

Finance Department

Mission Statement:

We deliver quality financial management and services to our elected officials, citizens, city departments, and the community by providing accurate and timely information to ensure fiscal sustainability in an environment of teamwork, excellent customer service, innovative business solutions and high ethical standards.

Structure and Services

The Finance Department is responsible for managing Finance, Support Services, Risk Management, Workers' Compensation administration, Asset Replacement, Facilities Replacement, and the administration of the Successor Agency to the former Solana Beach Redevelopment Agency.

The *Finance Department* maintains the financial records of the City, the Successor Agency and the former Solana Beach Redevelopment Agency. Responsibilities include financial planning, cash management, purchasing, budgeting, payroll, payables, receivables, collections, accounting, financial reporting, fixed asset tracking, investment and debt administration. Finance's budget and service indicators are located on pages C-18 and C-19.

Support Services includes costs that affect City Hall in general, but are not easily allocated to the appropriate departments, and its budget is located on pages C-20 and C-21.

The Finance Manager is also the Risk Manager for the City and oversees the insurance requirements of the City, manages the loss-control program, and handles all claims made against the City in addition to administering the budget for the self-insured worker's compensation program. The Workers Compensation budget unit was introduced in Fiscal Year 2003-04 as the City began to self-insure for Workers' Compensation in October 2003. The costs to provide this service are charged to other budget units with payroll accounts on an annual basis.

The budgets and service indicators for *Risk Management, Workers Compensation, Asset Replacement and the PERS Side Fund* are located on pages C-26 through C-33.

Goals:

- Complete sections of the department procedures manual that implement new processes
- Implement a workflow process for purchase orders and human resources
- Implement an electronic time-keeping system
- Implement on-line credit card payments for services.
- Submit the Comprehensive Annual Financial Report and the Adopted Budget for the Government Finance Officers Association (GFOA) awards for Outstanding Financial Reporting and Excellence in Operational Budgeting
- Refinancing Waste Water Revenue and the former Redevelopment Agency Tax Allocation Bonds.

Mission Statement:

We build community into everything we do. We engage the community in the planning and development of a sustainable City by protecting the environment, preserving community character, and providing a high quality of life for the citizens of Solana Beach.

Department Overview:

The Community Development Department provides a variety of services to the public, including administration of local subdivision and zoning regulations, and coastal development activities. The department processes applications for all types of development and land use permits and business certificates, manages housing programs for the City related to affordable housing, and administers and implements the City's General Plan and Certified Land Use Plan. The department also provides professional and technical support to the City Council and City Staff. The department includes three divisions – the Planning Division, the Building Division, and Shoreline Management Division.

Structure & Services:

The *Planning Division* administers and implements the City's General Plan, zoning and subdivision regulations and special projects such as the Local Coastal Program/Land Use Plan. This division consists of planners and technical staff who manage the day-to-day development services for current planning projects, provides assistance to customers and also develops strategies for long range planning functions.

The **Building Division** administers and implements the City's Building, Health and Safety Codes in plan checking and issuance of building permits. Currently the City contracts with EsGil/Safebuilt to provide Building Division services.

The **Shoreline Management Division** administers comprehensive local, state and federal efforts to maintain and improve the City's shoreline and beach renourishment programs. These programs remain a top priority for Solana Beach in order to provide recreational opportunities for the City's

COMMUNITY DEVELOPMENT (continued)

residents and visitors and to protect the City's bluff properties and structures. Programs that the City continues to pursue in Shoreline Management include sand replenishment and renourishment involving local jurisdiction partnerships, as well as, regional stewardship. Funding for these programs is comprised of local, state and federal resources.

Goals:

The department has a variety of goals and objectives identified in the City's Work Plan. Those goals include:

- General Plan Implementation (including Local Implementation Plan)
- Development of a Climate Action Plan
- Development of Implementing Polices and Incorporation of Ordinances of the adopted Local Coastal Plan/Land Use Plan
- Progress on the City's Sand Replenishment & Retention Program
- Mixed Use Affordable Housing Projects
- Update View Assessment Toolkit and Guidelines
- Create Development Review Toolkit and Guidelines
- Coordination of Adopted Specific Plan Standards with the Highway 101 Streetscape Projects and planning for public parking facilities at the NCTD train station
- Review and recommendation of business district parking practices and standards

Department Overview:

Public Safety is divided into the following departments:

Law Enforcement Emergency Preparedness Fire

Marine Safety Animal Control Junior Lifeguards

Code & Parking Enforcement Shoreline Protection

Structure & Services

The City contracts with the County of San Diego for law enforcement and animal control services. Law Enforcement is provided by the County of San Diego Sheriff's department and its budget and service indicators are located on pages C-46 and C-47. Animal Control is provided by the County of San Diego's Department of Animal Services and its budget and service indicators are located on pages C-52 and C-53.

Shoreline Protection, while classified in the Public Safety function, is managed by the Community Development Department whose department overview and structure begin on page C-35. Shoreline Protection's budget and service indicators are located on pages C-66 and C-67.

Mission statements, structure and services, goals, and budget and service indicators for the remaining departments in Public Safety can be found beginning on the following pages:

Fire Department

Mission Statement:

We serve the community and one another with compassion, professionalism, integrity, respect and accountability.

Structure & Services:

Management of the Fire Department is being provided through a Management Services Agreement with the cities of Del Mar and Encinitas that consists of a Fire Chief, Deputy Chief, three Battalion Chiefs and a Fire Marshal. Under Direction of the Fire Chief, the Deputy Chief is responsible for overseeing day-to-day operations of the Fire Department and the Battalion Chiefs are responsible for emergency response and emergency management services as well as mid-level management/supervisory responsibilities over the Fire Captains, facilities management and the training and professional development of all Fire Department personnel. The Fire Marshal is responsible for overseeing, assigning and tracking fire prevention inspection program, hydrant maintenance program and fire code enforcement and interpretation. The Fire Department operates with a three-shift work schedule to provide 24 hour a day, 7 days a week service from one station. The station houses one fire engine company and one truck company. Each shift consists of two Fire Captains, two Fire Engineers and two Firefighter Paramedics working a 24-hour shift. Each shift is responsible for emergency response, training, fire prevention and station and equipment maintenance.

Ongoing responsibilities include:

- Provide an all hazard response to emergencies (1,876 incidents in 2016)
- Conduct fire prevention inspections
- Conduct training for emergency responders
- Review building plans and fire code inspections
- Maintain the fire station and equipment
- Develop a budget and monitor revenues and expenditures
- Provide support for Emergency Preparedness
- Conduct public education presentations
- Fire Hydrant maintenance

The Fire Department's budget and service indicators are located on pages C-50 and C-51 and the budget for Fire Mitigation funds, which helps support the capital acquisitions for the department, is located on pages C-68 and C-69.

Goals:

- Review, track, and update response time goals for the City.
- Review building plans in less than 10 days
- Conduct annual fire prevention inspections on 100% of City businesses
- Provide annual maintenance to all fire hydrants
- Conduct annual testing and inventory of fire hose
- Create and maintain pre-fire plans for high hazard occupancies and wildland/urban interface.
- Combine fleet maintenance operations with the other management services partners.
- Conduct a minimum of 4,000 hours training (7,542 combined in 2016)
- Continue inspections in the Wildland Urban Interface
- Continue to develop efficiencies within the Cooperative Management Structure
- Continue to increase membership in CERT
- Identify and actively pursue grant funding opportunities while continuing to seek out and identify cost recovery opportunities for the department

Codes and Parking Enforcement

Mission Statement:

The Code Compliance Department works with the residents and business owners to maintain the appearance and safety of the community and protect the quality of life through the diligent application of our City ordinances and land use regulations. Our officers are dedicated to work in partnership with all and to be responsive and solution-oriented. The City strives to promote and protect the welfare of the community to keep Solana Beach a safe, healthy and desirable place to live and work.

Structure & Services:

Under the direction of the Community Development Director, the Code Compliance and Parking Enforcement Department consists of two full-time Code Compliance Officers. The department monitors activities related to compliance with the City's municipal code, parking laws, short-term vacation rentals, stormwater and other pertinent City regulations.

Ongoing responsibilities include:

- Conduct inspections to monitor construction for compliance to applicable codes
- Monitor parking in the City
- Issue Short Term Vacation Rental permits
- Issue regulatory permits and conduct inspections
- Respond to and investigate complaints
- Assist with monitoring of school traffic and speed surveys
- Provide for security and road closures for the Fourth of July

Goals:

- Respond to written complaints within 48 hours
- Respond to telephone messages within 48 hours
- Educate through service

Emergency Preparedness

Structure & Services

This department includes maintenance and operation of the City's Emergency Operations Center (EOC), the City's membership in the Regional Hazardous Incident Response Team, and the Unified Disaster Council of San Diego County. The Community Emergency Response Team is under the direction of the City's Emergency Preparedness Department. This department operates under the direction of the Deputy Fire Chief with the support of the fire department personnel.

Ongoing responsibilities include:

- Assist the City and the public prepare for a large scale incident
- Participate as a contract member in the Hazardous Incident Response Team
- Participate as a member of the Unified Disaster Council/Urban Area Working Group
- Conduct CERT training
- · Assist other organizations in the community with emergency preparedness planning
- Maintain the EOC in a ready state

The Emergency Preparedness Department's budget and service indicators are located on pages C-60 and C-61.

Goals:

- Train 15 new CERT members
- Participate in regional training exercises
- Assist City employees receive ICS/NIMS training
- Explore opportunities to improve the infrastructure of the EOC
- Develop or update Evacuation and Continuity of Operations Plans
- Update City's Hazard Mitigation Plan

Marine Safety Department

Mission Statement:

The mission of the Solana Beach Marine Safety Department is to prevent the loss of life, limb and property, reducing the city's exposure to liabilities by protecting citizens on the beaches, in the ocean and from the coastal bluffs through prevention, education and emergency response.

Structure & Services

The City of Solana Beach Marine Safety Department is responsible for water, beach and bluff safety for the public use of the city's 1.7 miles of coastline. The Marine Safety Department operates with four full-time employees, complimented with 45 seasonal employees. The department primarily prevents and responds to waterborne emergencies in the City of Solana Beach 24 hours a day, seven days a week, and 365 days a year. Preventing and responding to calls for assistance from beachgoers, swimmers, surfers, and boaters. The Marine Safety Department also conducts animal rescues, dive rescues and recovery, cliff rescues, and provides emergency medical assistance as needed.

Ongoing responsibilities include:

- Provide response to waterborne & coastal emergencies
- · Conduct training for lifeguard staff
- Maintain the Marine Safety Headquarters and rescue equipment
- Develop a budget and monitor revenues and expenditures
- Conduct public education presentations
- Oversee the City's Junior Lifeguard Program
- Beach related code compliance

The Marine Safety Department's budget and service indicators are located at C-64 and C-65.

Goals:

- Maintain our excellent level of service to the community.
- Convert our incident reporting to an electronic system.
- Perform a minimum of 500 hours training including CE's for EMT's.
- Maintain our partnership with SDR ALERT (San Diego Regional Aquatic Lifesaving Emergency Response Taskforce). Fostering and maintaining relationships with neighboring organizations involved in aquatic rescues, developing procedures and protocols.
- Continue to monitor and enforce the city's beach related municipal codes.
- Participate in the planning and development of the restoration of the city's historic Marine Safety Headquarters building.
- Contribute to the planning and development of the sand replenishment projects (Army Corp, CAL Trans, and San Elijo dredge).
- Expand our seasonal work force to accommodate the growing demand for qualified part-time employees due to a year round increase in beach population.
- Strengthen our ongoing public education efforts via safety presentations at the lifeguard station, local schools and on the beaches and parks.

Junior Lifeguard Program

Mission Statement:

The mission of the Solana Beach **Junior Lifeguard Program** is to provide a safe and fun environment where participants learn about lifeguarding, safety, the beaches, ocean, and coastal bluffs. It is our objective to build safe and healthy kids through training, education, exercise and activities. We foster a sense of community, mutual respect and build self-esteem among the participants.

Structure & Services

The City of Solana Beach Junior Lifeguard Program operates as a division of the Marine Safety Department and is located on the beach approximately 100 yards north of the Seascape Public Access. The Junior Lifeguard Program is in session for 10 weeks during the summer, has over 1000 participants that range in ages 7-16, representing about 700 local and out of town families. The program employs about 45 seasonal staff members.

The Junior Lifeguard Program's budget and service indicators are located on pages C-74 and C-75.

Goals:

- Educate the local youth about coastal safety hazards, first aid and the marine environment.
- Teach kids about heathy outdoor lifestyles built around the ocean environment.
- Maintain an enrollment of 1000 participants.
- Offer an affordable high quality, self-sustaining, ocean and safety orientated youth program
- Cultivate a reliable source of future lifeguards for our Marine Safety Department.
- Foster a sense of community, mutual respect and self-esteem.

Mission Statement:

To enhance public safety, the environment and quality of life for our residents and visitors by constructing and maintaining public infrastructure through strategic planning and community involvement while providing state of the art engineering and maintenance services that modernize City infrastructure.

Department Overview:

The Public Works Department is divided into two primary areas of responsibility: Engineering and Public Works Maintenance.

The Engineering Division includes engineering design and construction, environmental services, traffic engineering and sanitation.

The Public Works Maintenance Division includes the maintenance of streets, parks, public facilities, traffic control devices and sanitation divisions, and is responsible for the Coastal Rail Trail, Street Sweeping, Traffic Signal and Street Lighting special districts.

Structure & Services

Engineering is responsible for all aspects of public and private improvements including streets, public facilities and parks, flood control and street lighting. It also provides engineering support to Council and Staff. This department's budget and service indicators are located on pages C-82 and C-83.

Coordination for all storm water related tasks associated with the Regional Water Quality Control Board permit and maintenance of flood control and drainage is the responsibility of *Environmental Services* and its budget and service indicators are located on pages C-84 and C-85.

PUBLIC WORKS (continued)

Street Maintenance is responsible for routine maintenance of streets and public right-of-way which includes managing small street patching contracts. Its budget and service indicators are located on pages C-86 and C-87.

The *Traffic Safety* budget unit is responsible for maintaining the City's traffic control devices, including red light cameras, signals, signs and markings. Signal maintenance is provided by a private company and traffic engineering is provided by a consultant. The traffic safety budget and service indicators are located on pages C-88 and C-89.

The **Street Sweeping** budget unit ensures that all City streets and municipal parking lots are routinely cleaned and its budget and service indicators are located on pages C-90 and C-91.

The maintenance of the City's parks and public facilities are serviced by the *Park Maintenance* and *Public Facilities Maintenance* budgets units of the Public Works Maintenance Division. The maintenance of Fletcher Cove, La Colonia, pocket parks, beach accesses, and the Coastal Rail Trail are the responsibility of Park Maintenance. The maintenance of City Hall, the Public Works Yard, the community centers at La Colonia Park and Fletcher Cove, the Marine Safety Center and Fire Station are the responsibility of Public Facilities Maintenance. Their respective budgets are located on pages C-92 through C-95.

The *Sanitation* department provides administration, capital improvements, maintenance and inspection of the City's sanitary sewer system. Maintenance of sewer lines is provided under contract with a private sanitary sewer company. The San Elijo Treatment Plant, as well as Cityowned pump stations, are administered and maintained by the San Elijo Joint Powers Authority (SEJPA). A copy of the SEJPA's complete budget can be obtained from the SEJPA located at 2695 Manchester Avenue, Cardiff by the Sea, CA 92007. The Sanitation department's operating budget is located on pages C-96 and C-97 of the budget and sanitation capital improvement projects can be found in Section D of the budget.

The Public Works Maintenance Division is also responsible for maintenance of the City's special districts. Information about the districts' structure and services, budgets, and service indicators are located beginning at page C-109 of the budget. Additionally, the Public Works Division is responsible for fleet maintenance, which includes smog checks and routine maintenance and repair of Code Compliance, Public Works and Engineering vehicles.

Goals:

1. Continue to Provide Engineering Support to Council and Staff

- A. Provide design and construction services for Capital Improvement Projects. These services include preparing Requests for Proposals (RFPs), preparing and reviewing plans, writing specifications, obtaining construction bids, providing construction management and all other services required to guide a capital project from the conception phase through the completion of construction. Examples of future and past major projects include: Reconstruction of the Del Mar Shores Beach Access Stairway, Solana Beach and San Elijo Hills Pump Station Upgrades, Highway 101 Pedestrian Enhancement Project, a new skate park at La Colonia Park and various major storm drain and sewer repair/replacements projects.
- B. For Private Development Projects: prepare Engineering comments on private project plans; perform grading plan review and permitting; and review projects submitted for Building Permits.

PUBLIC WORKS (continued)

C. Issue permits in compliance with the Solana Beach Municipal Code (SBMC) and Best Management Practice Standards including permits for: public right-of-way Encroachments, Sanitation, Engineering and Transportation (Haul Permits).

2. Expand and Maintain Environmental Services Program

- A. Storm Drain and Stevens Creek Cleaning in compliance with regional permit.
- B. Provide environmental comments on: private project plans, building permit projects, construction BMPs in compliance with standards and with Green Building Incentive Program Construction Standards.
- C. Perform Commercial and Industrial inspections for all sites in the City.
- D. Reduce City's environmental footprint; reduce waste, encourage carpooling, conserve resources, promote sustainable building practices, solar and energy efficient public lighting, HVAC, and continue education and promote proper disposal to increase participation in the Household Hazardous Waste Program.
- E. Prevent debris and silt from entering storm drains by routinely sweeping residential streets and parking lots.
- F. Administer Construction & Demolition Waste Management Plan for public and private construction projects.

3. Continue Street Maintenance Program and Traffic Safety/Traffic Calming Initiatives.

- A. Respond to citizen reports of potholes, drainage problems, and signage issues.
- B. Inspect and maintain street striping markings.
- C. Review and update Annual Pavement Maintenance Plan and administer street repair and overlay projects.
- D. Respond to citizen concerns about traffic issues, seek consultation with the citizen Public Safety Committee, Technical Traffic Advisory Committee and/or contract traffic engineers to assess options, hold public meetings and develop recommendations and actions. Areas of concentration include South Sierra, North Cedros and Cliff Street.
- E. Develop Parking Management Plan for Highway 101, Plaza, Cedros and western end of Lomas Santa Fe.

4. Maintain Parks, Coastal Rail Trail and Facilities in a Safe and Functional Condition

- A. Maintain landscaping, buildings, play equipment, fields, and beach access points.
- B. Provide routine security patrols during evenings at La Colonia Park. Includes unlocking and locking restrooms at La Colonia Park and Fletcher Cove Park.
- C. Remove graffiti from public property within 3 days.

5. Maintain and Improve Street Lighting

- A. Conduct quarterly inspections of lighting systems and respond to citizen concerns about street and Coastal Rail Trail lighting and expedite scheduled repairs.
- B. Continue construction projects identified in Streetlight Masterplan update.
- C. Prepare annual Engineer's Report for the Street Lighting District.

6. Maintain and Continue the Assessment of Sanitation Systems to prevent sewer backup

- A. Work with contractor to clean 100% and video 20% of sewer lines annually and track service in City software.
- B. Analyze reports and video, identify problem areas, determine plan to address permanent repairs.

PUBLIC WORKS (continued)

- C. Continue repairs to priority projects identified in west and east side sewer system assessment reports.
- D. Perform extra cleaning, root foaming and "hot spot" cleaning to manage problem areas until permanent repairs are made.
- E. Maintain siphon.

NOTES:

The cost for the City to provide these services is recovered through an agreement with the City's trash pick-up contractor, negotiated as part of the contract.

6530: Includes cleaning of all city streets at least nine times a year with Lomas Santa Fe Drive, South Sierra Ave, Highway 101, Stevens Avenue, and portions of South Cedros being swept twice per month. Special event/emergency street sweeping is funded at \$800 for the fiscal year. City Parking Lots are swept once per month

Mission Statement:

We create community through people, parks, and programs. We also enrich our community by creating an atmosphere that nurtures, enhances, and reflects our diverse cultural values and artistic vitality. Parks and the arts make life better!

Department Overview:

Community Services/Recreation is responsible for various City-sponsored community events and providing the community with enriching cultural experiences and family orientated recreational activities.

Structure & Services:

Community Services is responsible for providing various service-oriented activities which include the City's Annual Street Banner program, production of *Shorelines*, the City newsletter publication, management of the public art program, and coordination of City-sponsored community-wide events. The department's budget and service indicators are located on pages C-102 and C-103.

Community Services provides program management for the City Hall Gallery Art Exhibits, management of the Master Art Policy, and the Street Banner Program, coordination of the annual Arts Alive Event with local artists, implementation of public art projects including the Temporary Public Art Program, and provides staff support to the City's Public Arts Commission. The budget for this program is included in the Community Services budget.

Recreation Services is directly responsible for providing programs and services to the community through City sponsored and contracted programs. The City currently contracts with Mira Costa College for Adult Recreation Classes and Instruction that are held at La Colonia and Fletcher Cove Community Centers. Recreation Services also includes:

COMMUNITY SERVICES/RECREATION (continued)

rental processing of La Colonia field and Community Center and managing the Fletcher Cove Community Center for City programs, rentals and services; Coordination of 30 City-sponsored special events; development of joint use agreements with local school districts and other organizations for facility use and program resources; contract management with the Boys & Girls Club for the City's After School Enrichment Program; non-City-sponsored special event application administration; and Summer Youth Camps. Recreation Services also includes staff support to the City's Park & Recreation Commission. This department's budget and service indicators are located on pages C-104 and C-105.

Goals for 2017-2018:

- Evaluate current programs through participant feedback, and conduct periodic studies to enhance Parks and Recreation Department programming to ensure the City is serving the needs of the community.
- To meet community recreational needs with maximum effectiveness and with minimum expense.
- Expand the use of community volunteers and sponsors to maximize program quality and efficiency.
- Continue the artist exhibitions, receptions, and lectures in the City Hall Gallery and seek out interesting, informative, and entertaining cultural events to include in the annual Gallery schedule.
- Expand the Temporary Public Art Program by seeking additional Council approved sites, changing the current sculptures and installing new ones to keep the Program interesting.
- Improve the electronic version of *Shorelines*, the City newsletter.
- Work with the Public Arts Commission to provide new and on-going artistic and cultural community events.
- Work with the Public Arts Commission to implement long range Council directed goals such as artistic monument signs at City entry ways.
- Continue to seek out funding sources for the La Colonia Park Renovation Project.
- Process all special event permit applications throughout the City.
- Work closely with the Parks and Recreation Commission to provide community events that enhance the quality of life for Solana Beach residents.
- Continue encouraging and fostering partnerships with community and youth agencies that will strengthen collaboration efforts in order to provide safe environments for the youth.
- Maintain the number of partnership agreements and foster even stronger community relationships with overall intent of providing a wider variety of recreational opportunities for residents.
- Continue a high level of more inclusive and family oriented programs and services.
- Provide the necessary management to fully achieve the priorities identified by the Parks & Recreation Commission, the City Manager's Office, and City Council.
- Continue evaluating ways Improve safety and sense of security for park users.
- Continue to investigate potential resources to fund the La Colonia Park Renovation Plan.

Department Overview:

The Public Works Maintenance Division is responsible for maintenance of the Municipal Improvement, Coastal Rail Trail, and Street Lighting special districts.

Structure & Services

Municipal Improvement special districts (Districts), or MID's, provide a means for property owners within the Districts to self assess fees to pay for the costs of services, such as water and landscape maintenance and improvements, that are provided to the Districts by the City. MID's within the City include:

Municipal Improvement District	FY2017-18	FY2018-19	Budget/Service Indicator Pages
Highway 101 Landscaping MID 33 Santa Fe Hills MID 9C Isla Verde MID 9E San Elijo Hills #2C MID 9H	\$ 115,200 252,200 6,000 83,100	\$115,200 252,200 6,000 83,100	C-112 and C-113 C-114 and C-115 C-116 and C-117 C-118 and C-119
TOTAL	<u>\$ 456,500</u>	<u>\$ 456,500</u>	

The *Coastal Rail Trail* (CRT) Maintenance District was established by a vote of Solana Beach property owners and pays for the Coastal Rail Trail maintenance, administration, and reserves. The CRT budget and service indicators are located on pages C-120 and C-121.

The **Street Lighting** district is responsible for the capital improvements maintenance and operation of approximately 750 street lights throughout the City and lighting on the Coastal Rail Trail. The operation is funded by a benefit assessment which appears on property tax bills. The district's budget and service indicators are located on pages C-122 and C-123.

SPECIAL DISTRICTS (continued)

Goals: The Public Works Department goals are located on pages C-79 and include goals related to the City's special districts.

On June 29, 2011, California Governor Jerry Brown signed ABX126 to dissolve all redevelopment agencies within the State of California. All agencies were subsequently dissolved as of February 1, 2012, and a Successor Agency was designated to complete the work of the Solana Beach Redevelopment Agency (RDA) and satisfy its financial obligations.

Recognized Obligation Payment Schedules (ROPS) are prepared by the Successor Agency for each six month period in the fiscal year which then must be approved by the Oversight Board, the County of San Diego and the State of California. The ROPS identifies financial commitments of the former RDA, including administrative costs, which will be paid from semi-annual Redevelopment Property Tax Trust Fund (formerly tax increment) distributions received by the Successor Agency.

CAPITAL IMPROVEMENT PROGRAM

General Plan Update - 9905

Description: Provides for the comprehensive update of the City's General Plan, and preparation of a Climate Action Plan. The General Plan was last adopted in 1988. The Housing Element is required to be updated every 8 years and was last completed in March 2013. The Land Use and Circulation Elements

Project Manager: Planning Department

Fund: City CIP

Justification: This item proposes a comprehensive update to the General Plan, including the preparation and adoption of a Climate Action Plan (CAP). The CAP is being funded through SANDAG with consultant assistance from EPIC and Ascent Environmental consultants, at no cost to the City. The Housing Element is state mandated and must demonstrated how a city can meet the regional housing needs assessment (RHNA). The next RHNA cycle process will begin at the end of FY 18/19. The Land Use and Circulation Elements were both adopted in November 2014.

Comments: Work on the various updates to the General Plan started in FY 2010/2011, and continues to appear on the City's work plan. The General Plan Update was proposed to be a 4 year work plan project. However, the remaining elements were deferred after completion of the Housing, Land Use and Circulation Elements. During FY 2010-2011, staff started the process of historical and other map data collection (as needed) to update the General Plan. The General Plan Update project also includes the preparation and adoption of a Climate Action Plan that is currently underway.

Begin Date: September 2010 End Date: TBD Type: Ongoing

September-2010 TBD

Capital Improvement Program Miscellaneous Project Shoreline Management LCP – 9903

Description: Prepare State mandated Local Coastal Plan (LCP) to transfer land use permitting authority from the State Coastal Commission to the City of Solana Beach.

Project Manager: Planning Dept

Fund: City CIP

Justification: State mandated transfer of permit authority

Comments: The Local Coastal Plan / Land Use Plan (LCP/LUP) was adopted on February 27, 2013, which provides policies appropriate to the coastal zone, sand replenishment and shoreline protection devices and related fees. The California Coastal Commission adopted amendments to the Land Use Plan in January 2014 and these amendments were accepted by the City Council on June 11, 2014. Pending the resolution of litigation, a two year work plan has been prepared for the subsequent completion of the Local Implementation Plan associated with the LCP/LUP, subject to approval by the City Council and Coastal Commission.

General Plan Consistency: Ensure consistency of general plan and LCP/LUP

Operations Impact: Utilization of staff time

Begin Date: July 2004 **End Date:** TBD **Type:** Ongoing

Capital Improvement Program Seascape Sur Stair Repair 9442.01

Description: Perform major repair and renovation of the existing stairway. Proposed project include preparation of plans specifications and estimate for the proposed renovation project, replacement of all metal hardware and replacement of stairway treads.

Project Manager: Dan Goldberg

Fund: General Fund

Justification: This project will prevent further deterioration of this public stairway.

Comments: The Seascape Sur Public Beach Access Stairway is over 20 years old and is experiencing deterioration due to normal use and the harsh marine environment.

General Plan Consistency: Proactive maintenance of the City's facilities is consistent with the City's General Plan.

Operations Impact: None

Capital Improvement Program Miscellaneous Project Sand Replenishment ACOE Feasibility Study – 9926

Description: Provides for Army Corps of Engineers (ACOE) feasibility study funding and initial pre-construction and engineering drawings for beach sand replenishment for a 50 year program. Also includes support for: Regional Beach Sand Replenishment, S.C.O.U.P. program and Southern California Reef Technology Study at Fletcher Cove

Project Manager: Planning Dept

Fund: Dept. of Boating & Waterways/Sand Replenishment Fund/City CIP

Justification: High ranking City Council priority to provide beach sand

Comments: Sucessfully complete studies and review processes and receive Federal (ACOE) and State (Division of Boating and Waterways) funding to implement a long term and short term sand replenishment projects for Solana Beach. These include: the ACOE Shoreline Feasibility Study and Southern California Reef Technology Study at Fletcher Cove, Sand Compatibility and Opportunistic Use Program (SCOUP) and the SANDAG Regional Beach Sand Project #2.

General Plan Consistency: Protection of recreational beach sand improving public safety

Operations Impact: None

Capital Improvement Program La Colonia Tot Lot Repairs - 9438

Description: Replace deteriorated rubber tot lot floor surface and repairs/replacement of aging playground equipment.

Project Manager: Steve Kerr

Fund: Public Improvement Grant Fund

Justification: The tot lot receives heavy use and requires periodic repairs/replacement.

Comments: The rubberized playground surface at the park is nearing the end of its useful life so replacement is required. Project would also include replacement of some of the playground equipment.

General Plan Consistency: Ensure the preservation of open space for scenic beauty, recreation, the conservation of natural resources and the protection of public health and safety

Operations Impact: Routine maintenance of city infrastructure

Begin Date: July 2017 End Date: June 2018 Type: One-time

Capital Improvement Program Plaza Street Fountain Repairs – 9917

Description: Equipment upgrades and repairs of inside and perimeter of the concrete fountain at Plaza Street.

Project Manager: Steve Kerr

Fund: General Fund

Justification: The fountain has weathered over the years and needs repairs to the equipment for continued operation

Comments: No changes to the sculpture, just the fountain and related equipment

General Plan Consistency: Ensure the preservation of open space for scenic beauty, recreation, the conservation of natural resources and the protection of public health and safety

Operations Impact: Routine maintenance of city infrastructure

Begin Date: July 2017 **End Date:** June 2018 **Type:** One-time

Capital Improvement Program Non-motorized Project ADA Transition Plan – 9955.02

Description: The Code of Federal Regulation, Part 35, requires each local agency with 50 or more employees to complete a "Transition Plan" to meet the Americans with Disabilities Act.

Project Manager: Dan Goldberg

Fund: City CIP

Justification: The City is committed to making public facilities and infrastructure accessible to all individuals. Various public facilities have been identified and will be constructed on a priority basis

Comments: A report has been prepared indentifying the City facilities requiring ADA improvements. The City contiues to improve the facilities identified on the list.

General Plan Consistency: Provide transportation facilities that are adequate and efficient

Operations Impact: None

Capital Improvement Program Street Project Annual Pavement Management Program – 9362.16

Description: Provides for the maintenance of the City's asphalt and concrete roadways to patch, overlay and slurry seal the pavements, and to replace traffic striping.

Project Manager: Jim Greenstein

Fund: Gas Tax and TransNet

Justification: Annual maintenance scheduled through the utilization of a computerized database (Pavement Management System) will extend the life of the City's streets

Comments: None

General Plan Consistency: Provide transportation facilities and services that are adequate and efficient and that significantly reduce hazards to human life, pollution, noise, disruption of community organization and damage to the natural environment

Operations Impact: None

Capital Improvement Program Sanitation Project Sanitary Sewer Pipeline Program – 9856.16

Description: Provides for replacement and rehabilitation of exising sewer pipelines in the City.

Project Manager: Jim Greenstein

Fund: Sanitation

Justification: Recommended by the Sanitary Sewer Master Plan as a proactive maintenance program.

Comments: Specific projects will be determined by need, age of pipeline, CCTV inspection, and street repaying schedule.

General Plan Consistency: Identify and reduce hazards to health and property from natural and man-made conditions.

Operations Impact: Reduce sewer maintenance costs and improve reliability

Begin Date: Ongoing End Date: Ongoing Type: Annual

Capital Improvement Program Storm Water Project Citywide Storm Drain Improvements (Major) – 9456

Description: Replace or rehabilitate deteriorated storm pipes and inlets at various locations, and add storm drain facilities where needed.

Project Manager: Jim Greenstein

Fund: City CIP

Justification: Maintain drainage facilities to prevent flooding during storm events.

Comments: Specific projects will be determined by need, age of facilities, CCTV inspection, and street repaying schedule.

General Plan Consistency: Maintain, improve and enhance the quality of air, water and land.

Operations Impact: Reduce maintenance costs and improve reliability

Begin Date: July 2016 **End Date:** TBD **Type:** Ongoing

Capital Improvement Program Sanitation Project Solana Beach Pump Station – 9833.00

Description: Provides for the renovation and upgrade of the Solana Beach Pump Station.

Project Manager: Jim Greenstein

Fund: Sanitation

Justification: Recommended by the Sanitary Sewer Master Plan for system reliability and emergency overflow storage

Comments: Electrical upgrades completed in 2014; Mechanical upgrades forthcoming.

General Plan Consistency: Maintain, improve and enhance the quality of air, water and land according to state and national standards and local needs

Operations Impact: Reduced maintenance costs

Capital Improvement Program City Wide Geographical Info System (GIS) - XXXX

Description: Improve the City's GIS to better serve the geographic information needs of all city departments.

Project Manager: Jim Greenstein

Fund: General Fund

Justification: Interactive mapping of City infrastructure, elevation contours, zoning and property lines and data, overlaid on top of high resolution aerial imagery, provides valuable information quickly and easily available to more efficiently conduct City business.

Comments: Funding for GIS consultant services and software upgrades.

General Plan Consistency: Helps with General Plan compliance

Operations Impact: Supports maintenance of city infrastructure

Begin Date: July 2017 End Date: June 2018 Type: New

Project Funding Amount Appropriated Costs Source **Prior Years** FY 17/18 FY 18/19 **Future Years** Total City CIP Construction 20,000 \$ 20,000 Total 20,000 \$ 20,000

Capital Improvement Program Public Facilities Project Lomas Santa Fe Drive Corridor Study – XXXX.XX

Description: The study will evaluate and provide for the needs of all users of the roadway. Improvements will focus on userfriendly walkways and bike lanes as well as improving vehicular flow at a low speed without compromising capacity and safety.

Project Manager: Dan Goldberg

Fund: General Fund

Justification: The City's goal for the Lomas Santa Fe Corridor Feasibility Study is to identify physical improvements that could be constructed to improve the character, safety, walkability, bikeability and circulation along this key east-west arterial.

Comments: Revitalization of city's infrastructure

General Plan Consistency: Ensure the preservation of open space for scenic beauty, recreation, the conservation of natural resources and the protection of public health and safety

Operations Impact: Likely increased, more frequent maintenance depending upon the nature of the improvements

Capital Improvement Program Fletcher Cove Access Ramp – 9441.06

Description: Perform feasibility analysis and cost estimate for reconstruction of concrete driving ramp and asphalt walking ramp that leads from Fletcher Cove Park to the beach

Project Manager: Dan Goldberg

Fund: General Fund

Justification: The upper 25% of the driving and walking ramps at Fletcher Cove were reconstructed during the renovation of Fletcher Cove Park. The remaining parts of the ramps are at least 20 years old and are showing signs of wear and tear from routine use.

Comments: This periodic maintenance will allow the driving and walking ramp to remain in operation

General Plan Consistency: Ensure the preservation of open space for scenic beauty, recreation, the conservation of natural resources and the protection of public health and safety

Operations Impact: Routine maintenance of city infrastructure

Begin Date: July 2016 End Date: June 2018 Type: Periodic Maintenance

Capital Improvement Program Marine Safety Station – Building 9449.XX

Description: Perform feasibilty study and preliminary design for the renovation/upgrade of the existing facilities or removal and replacement of the Marine Safety Station at Fletcher Cove Park.

Project Manager: Dan Goldberg

Fund: General Fund

Justification: Recommended by the ADA Transition Plan

Comments: Perform feasibility study during this fiscal year. Design and construction funding not included in this fiscal year.

General Plan Consistency: Maintain, improve and enhance public infrastructure

Operations Impact: Routine maintenance after renovation project is completed

Begin Date: February 2015 **End Date:** TBD **Type:** Ongoing

Capital Improvement Program Pedestrian Crossing across Highway 101 at North End of City – XXXX

Description: Initial phase provides for feasibility study of providing an at grade pedestrian crossing across Highway 101 at the north end of the City.

Project Manager: Dan Goldberg

Fund: General Fund

Justification: Allow for safe crossings of Highway 101.

Comments: Proposed new crossing would allow direct access for the San Elijo Lagoon on the east side of the railroad tracks to Seaside State Beach on the east side of Highway 101 via the new pedestrian tunnel installed as part of the North Coast Corridor Project.

General Plan Consistency: Ensure the preservation of open space for scenic beauty, recreation, the conservation of natural resources and the protection of public health and safety.

Capital Improvement Program Repairs to Lifeguard Station Outposts at Del Mar Shores and Tide Park XXXX

Description: Provides for upgrades to the lifeguard stations on the Del Mar Shores Stairway and the Tide Park Beach Stairway

Project Manager: Dan Goldberg/Steve Kerr

Fund: Public Facilities

Justification: Improvements would help with the level of service at the outlying lifeguard stations.

Comments: Electricity would be provided for the Del Mar Shores station and new windows and shutters for the Tide Park station.

General Plan Consistency: Ensure the preservation of open space for scenic beauty, recreation, the conservation of natural resources and the protection of public health and safety.

Capital Improvement Program Traffic Signal Controller Upgrades – XXXX

Description: Provide upgrades to existing traffic signal controllers.

Project Manager: Dan Goldberg

Fund: Gas Tax

Justification: Some of the existing traffic signal controllers have old software and hardware that don't allow for requested signal modifications.

Comments: Upgraded traffic signal controllers would provide for flexibility in operation of signals and modifications to signal timing to allow for advanced start for pedestrians.

General Plan Consistency: Provide transportation facilities and services that are adequate and efficient and that improves quality of life, pollution, noise, disruption of community organization and damage to the natural environment.

Capital Improvement Program Public Facilities Project Skate Park at La Colonia Park – 9438.XX

Description: Complete design and construct skate park in the northwest corner of La Colonia Park.

Project Manager: Dan Goldberg

Fund: Public Improvement Grant Fund/General Fund

Justification: This project includes final design and construction of a new skate park at La Colonia Park. La Colonia Park is the city's largest park and includes the city's largest community center.

Comments: Final design will include community involvement and resident participation. This project will be partially funded through a fund-raising effort by the community.

General Plan Consistency: Ensure the preservation of open space for scenic beauty, recreation, the conservation of natural resources and the protection of public health and safety

Operations Impact: Likely increased due to more frequent maintenance at the new facility

Capital Improvement Program Sewer Inflow/Infiltration Investigation Work- XXXX

Description: Sewer

Inflow/Infiltration Study to identify leaks and cross connections from storm drains to the city's sanitary sewer system that may lead to elevated flows to pump stations and the wastewater treatment plant during storm events.

Project Manager: Dan Goldberg/Steve Kerr

Fund: Sanitation

Justification: A proactive maintenance program to safeguard the City's sewer system.

Comments: Specific projects will be determined by the results of this investigative work.

General Plan Consistency: Identify and reduce hazards to health and property from natural and man-made conditions.

Operations Impact: Reduce sewer maintenance costs and improve reliability

CHANGES IN FINANCIAL POSITION (FIVE YEAR FORECAST)

OVERVIEW

This section summarizes revenues, expenditures, and changes in financial position for the General Fund. For the General Fund, financial position is defined as fund balance.

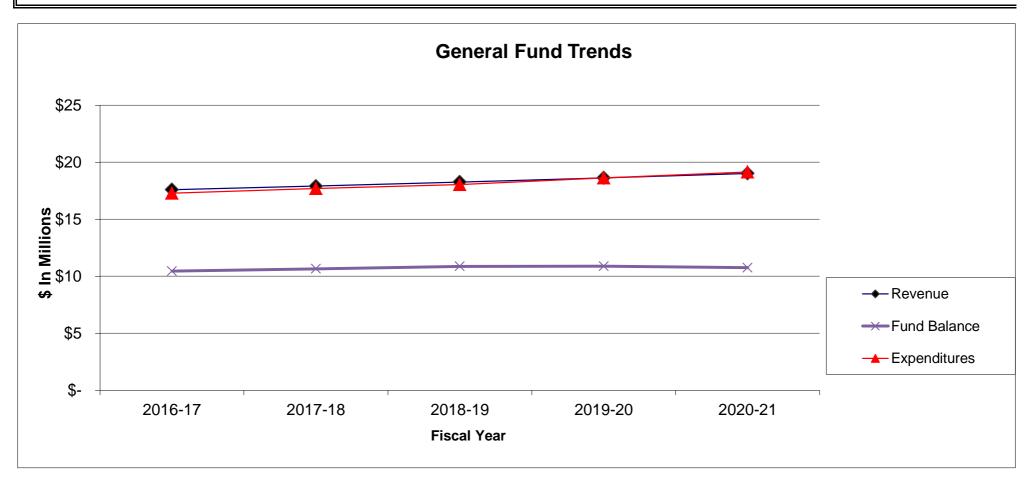

This section should be used as a planning tool to take corrective actions as needed, where negative trends in fund balance are observed. It is important to note that the revenues and expenditures presented are estimates, made at this point in time, and that the balances can change substantially when new information comes to light.

Changes in financial position are provided starting with the 2017-2018 and 2018-2019 proposed budgets and three future years.

REVENUE ASSUMPTIONS

The results are Staff's best estimates as adjusted, based on information available at the time of preparation.

- a. Property Tax is estimated to grow 4.7% in 2018-19 and 3% for each fiscal year thereafter.
- b. Sales Tax is expected to increase 2.0% in each of the fiscal years.
- c. Transient Occupancy Tax, inclusive of the short term vacation rentals, is expected to remain flat in FY 2018-2019 and in future fiscal year.
- d. Franchise Fees are a relatively stable source consisting of long term contracts. Growth comes from new users i.e. cable or trash services, or from renegotiating contracts. Franchise Fees have been held constant for each of the fiscal years in the five year forecast.
- e. Property Tax Transfer Fees are budgeted to remain flat in FY 2018-2019 and then estimated to increase at a rate of 2% per fiscal year
- f. The Street Sweeping and Hazardous Household Waste fees are based on the contracts with the trash haulers with nominal growth anticipated.
- g. The Fire benefit fee has remained constant over past fiscal years and is expected to remain at the same level for future fiscal years.
- h. The Solid Waste Fee was voted on by the property owners in FY 2007-2008. This fee is expected to remain constant for the foreseeable future.
- i. The Solana Beach Redevelopment Agency (RDA) was dissolved on February 1, 2012. The City continues to receive a pass-through payment from the County of San Diego, as during the time the RDA was in existence, and this payment is expected to remain flat in future fiscal years.
- j. Business registrations are relatively stable and growth in this revenue stream is not anticipated.
- k. Red Light Camera revenue is expected to remain flat for outgoing years.

REVENUE ASSUMPTIONS (Continued)

- I. A nominal 2% increase for Investment Interest Earning is included for future years for portfolio growth. The City took steps to have more active investing and an initial increase in FY 2016-2017 reflected this change.
- m. Motor Vehicle in Lieu payments are expected to increase at the same rates as Property Tax revenue..
- n. It is expected that there will be limited growth in State Homeowners Exemption revenue.
- o. In recent years, Off Track Betting revenue has had limited or no growth, therefore, future years reflects this factor.
- p. The City has a fire management agreement with the Cities of Encinitas and Del Mar. For purposes of the forecast, no growth is used as the factor in projecting the City's revenue from the agreement.
- q. Due to the recovering local economy, in the forecast, Permit, Planning, Building, and Fire Plan Fees include a 2% increase per year.
- r. Cost for services are expected to be constant, but will be reviewed for adjustments in future years.
- s. Administrative charges have remained the same in past years, and are expected to continue to remain at the same level in the future.

EXPENDITURES ASSUMPTIONS

On the expenditure side as relates to the General Fund, certain assumptions have to be made for the model to have some measure of benefit. For example, salary and benefit issues are subject to the negotiation process and cannot be known with any measure of certainty whereas debt service expenditures are based on a predetermined debt service schedule and are known with absolute certainty.

Ultimately the results are Staff's best estimates, as adjusted, based on information available at the time of preparation.

Salaries

Salaries are projected to remain constant for each year of the model.

Benefits

Benefits, not including PERS retirement increases, are also projected to remain constant for each year of the model. Benefits include \$13,437 flex credit per full-time regular employee except Fire employees, life insurance, disability insurance, and auto allowances. In accordance with a MOU agreed to with the Solana Beach Fire Employees Association, Fire employees will receive a \$14,781 flex credit benefit beginning in July 2017.

Also included are retiree health benefits which are projected to increase at a rate of 5% per year. Unemployment insurance is expected to remain flat.

In December 2016, CalPERS approved lowering the CalPERS discount rate assumption, the long-term rate of return, from 7.50 percent to 7.00 percent over the next three years. This will increase public agency employer contribution costs beginning in FY 2018/19.

The phase-in of the discount rate change approved by CalPERS for the next three fiscal years is as follows:

Valuation	FY for Required	Discount
Date	Contribution	Rate
06/30/16	2018/19	7.375%
06/30/17	2019/20	7.250%
06/30/18	2020/21	7.000%

Lowering the discount rate means plans will see increases in both the normal costs (the cost of pension benefits accruing in one year for active members) and the UAL. These increases will result in higher required employer contributions.

Staff has incorporated the impact of the discount rate changes using information provided by the California State Municipal Finance Officers (CSMFO) to help jurisdictions project their future CalPERS liability. The tables on the following page show the projected impact on normal rates and annual UAL payments when incorporating the discount rate changes. :

PERS retirement is expected to increase by employee group as follows:

	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	Cost Share
Misc						
Tier 1	10.11%	10.61%	11.11%	12.11%	12.11%	1.04%

^{*} blended rate for 3 Tiers

The above estimated PERS rates report the rates by employee group and Tier. The Table also reports the percentage of the City's employer cost that employees are paying as part of negotiated cost share arrangements as FY 2017-2018.

The reported rate increases by employee group are weighting of total contribution projections based on estimated projected Tier 1, Tier 2, and PEPRA payrolls.

Unfunded Actuarial Liability for PERS is expected to increase by employee group as follows:

	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	
Unfunded Actuarial Liabi	ility					
Miscellaneous *	186,419	237,690	293,925	348,233	402,428

Total	561,443	724,851	904,121	1,072,189	1,238,018	
* General Fund portion of Miscellaneous UAL = approx 80%						

EXPENDITURES ASSUMPTIONS (Continued)

Supplies and Services

A nominal 2% growth for each year has been factored into the model excluding the cost of Sheriff services. This has been included at annual increases as shown in the following table:

	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022
Sheriff's contract	6.0%	6.0%	5.5%	4.5%	4.0%

Departmental Charges

A 2% growth factor is being applied to the Risk Management Charges and Workers' Compensation Charges for FY 2019-2020 through 2021-2022.

Asset Replacement Charges are projected to increase as follows:

	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022
Asset Replacement					
Total \$ charged	383,400	383,400	391,068	398,889	406,867
Rate increase					
% from Prior Yr		0.00%	2.000%	2.000%	2.000%

Transfers Out

Transfers out are to service the City's debt fund and its CIP project fund using the CIP five-year capital project plan.

GLOSSARY

Accrual Basis

A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Annualize

Taking costs that occurred at any point during the year and using that cost to project for the full year.

Appropriation

A legal authorization made by the City Council that permits the City to incur obligations and to make expenditures of resources for specific purposes.

Assessed Valuation

A value established for real property for use as a basis in levying property taxes. For all agencies in the State of California, assessed value is established by the County for the secured and unsecured property tax rolls; the utility property tax roll is valued by the State Board of Equalization Under Article XIII of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978), properties are assessed at 1% of full value. Proposition 13 also modified the value of real taxable property for fiscal 1979 by rolling back values to fiscal 1976 levels. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal. Property taxes for general purposes cannot exceed 1% of assessed value.

Audit

Test procedures performed by an independent Certified Public Accountant (CPA). The primary objective of an audit is to determine if the City's financial statements fairly present the City's financial position and results of operations in conformity with generally accepted accounting principles.

Asset

Resources owned or held by a government, which have monetary value.

Available (Undesignated) Fund Balance

This refers to the funds remaining from the prior year, which are available for appropriation and expenditure in the current year.

Bonds

A form of borrowing (debt financing) which reflects a written promise from the City to repay a sum of money on a specific date at a specified interest rate. Bonds are used to finance large capital projects such as buildings, streets, utility infrastructure, and bridges.

Budget

A process of putting together an operating plan for a specified period of time that accounts for projected revenues and planned expenditures for municipal services for the budget period.

Budgetary Basis

This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

GLOSSARY (Continued)

Budget Amendments

The City Council has the sole responsibility for adopting the City's budget, and may amend or supplement the budget at any time after adoption by majority vote. The City Manager is authorized to transfer budgeted amounts within departments. Actual expenditures may not exceed budgeted appropriations at the fund level.

Budget Message

Included in the opening section of the budget, the Budget Message provides the Council and the public with a general summary of the most important aspects of the budget, changes from previous fiscal years, and the views and recommendations of the City Manager.

Budget and Fiscal Policies

General and specific guidelines adopted by the City Council that govern the budget preparation and administration and financial aspects of the City.

Capital Improvements Projects (CIP)

All of the City's construction projects costing \$5,000 are considered to be a Capital Improvement Project. A construction project is a physical improvement for maintenance, rehabilitation, construction or development on City property with a life expectancy of three or more years. These include streets, sewers, public facilities and community enhancements. These capital projects can span fiscal years and have multiple funding sources. The projects may also cross functional boundaries. Minor capital outlays of less than \$5,000 are included with the operating budgets. A CIP also includes any study costing \$25,000 or more, that is non-recurring in nature, and could potentially lead to a project

Capital Outlay

Fixed assets that have a value of \$5,000 or more and have a useful economic lifetime of more than one year.

Capital Project Funds

This fund type is used to account for financial resources used in acquiring or building major capital facilities other than those financed by Proprietary Funds and Trust Funds. This fund also finances the City CIP as defined above.

Cash Basis

A basis of accounting in which transactions are recognized only when cash is increased or decreased.

City/Council Goals

Provides policy guidance and direction for the highest priority objectives to be accomplished during the budget period.

COP

Certificate of Participation – A debt issue similar to issuing selling bonds, but less restrictive.

Debt Financing

Borrowing funds for capital improvements needed today and pledging future revenues to repay principal and interest expenditures. The City of Solana Beach uses debt financing only for one-time capital improvements whose life will exceed the term of financing and where expected revenues are sufficient to cover the long-term debt.

GLOSSARY (Continued)

Debt Service

The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Debt Service Funds

This fund type is used to account for the payment and accumulation of resources related to general long-term debt principal and interest; debt service payments related to enterprise operations are directly accounted for in those funds.

Deficit

The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Depreciation

Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Designated Reserves

Reserves that have been designated by management to be used for a specified purpose. Designated Reserves are still spendable resources.

Encumbrance

The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure. Note: An encumbrance is not an expenditure; an encumbrance reserves funds to be expended.

Enterprise Funds

This fund type is used to account for operations that are financed and operated in a manner similar to private sector enterprises and it is the City's intent that the costs (including depreciation) of providing goods or services to the general public be financed or recovered primarily through user charges. The City has established one enterprise fund called Sanitation.

Expenditure

The outflow of funds paid or to be paid for an asset obtained or goods and services obtained regardless of when the expense is actually paid.

Financial Plan

A plan for a specified period of time that accounts for projected revenues and planned expenditures for municipal services, goals and objectives. A plan to accomplish specified goals and objectives during a specified period.

Fiscal Policies

A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policies provide an agreed-upon set of principles for the planning and programming of government finances.

GLOSSARY (Continued)

Fiscal Year

The beginning and ending period for recording financial transactions. The City has specified July 1 to June 30 as its fiscal year.

Fixed Assets

Assets of long-term nature such as land, buildings, machinery, furniture, and other equipment. The City has defined such assets as those with an expected life in excess of one year and an acquisition cost in excess of \$5,000.

Fund

An accounting entity that records all financial transactions for specific activities or government functions. The six generic fund types used by the City are: General Fund, Special Revenue, Debt Service, Capital Project, Enterprise, and Trust & Agency Funds.

Fund Balance

Also known as financial position, fund balance for the governmental fund types is the excess of fund assets over liabilities, and represents the cumulative effect of revenues and other financing sources over expenditures and other financing uses. Fund balance is a similar (although not exact) concept as Retained Earnings in the Enterprise fund.

GAAP

Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

General Fund

The primary operating fund of the City, all revenues that are not allocated by law or contractual agreement to a specific fund are accounted for in the General Fund. Except for subvention or grant revenues restricted for specific uses, General Fund resources can be utilized for any legitimate governmental purpose.

Grants

A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Infrastructure

The physical assets of a government (e.g., streets, water; sewer; public buildings and parks).

Intergovernmental Revenue

Funds received from federal, state and other local government sources in the form of shared revenues, and payments in lieu of taxes.

Investment Revenue

Interest income from the investment of funds not immediately required to meet cash disbursement obligations.

Long-term Debt

Debt with a maturity of more than one year after the date of issuance.

GLOSSARY (Continued)

Materials, Supplies & Services

Expendable materials and operating supplies and services necessary to conduct departmental operations.

NPDES

National Pollutant Discharge Elimination System – State mandated permitting system to enhance storm water systems and to control pollution and run off.

Objective

Something to be accomplished in specific, well-defined and measurable terms and that is achievable within a specific time frame.

Operating Budget

The portion of the budget that pertains to daily operations and delivery of basic governmental services.

Operating Revenue

Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses

The cost for salaries, fringe benefits, materials supplies & services and equipment required for a department to function.

Pay-as-you-go Basis

A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Prior-Year Encumbrances

Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

Reserve

An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

Resolution

A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources

Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Revenue

Sources of income financing the operations of government.

GLOSSARY (Continued)

Set-Aside

An additional amount over and above what is scheduled to provide for future benefit.

Special Revenue Funds

This fund type is used to account for the proceeds from specific revenue sources (other than trusts or major capital projects) that are legally restricted to expenditures for specific purposes. (See fund)

Subvention

Revenues collected by the State (or other level of government), which are allocated to the City on a formula basis. The major subventions received by the City from the State of California include motor vehicle in lieu and gasoline taxes.

Supplemental Appropriation

An additional appropriation made by the governing body after the budget year has started.

Transfers In/Out

Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

Trust and Agency Funds

Also known as Fiduciary Fund Types, these funds are used to account for assets held by the City in a trustee capacity or as an agent for private individuals, organizations, or other governmental agencies. Agency funds are custodial in nature (assets equal liabilities) and do not measure the results of operations.

Unencumbered Balance

The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance

The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges

The payments of a fee for direct receipt of a public service by the party who benefits from the service.

Work plan

This is the plan adopted by the City Council on an annual basis that lists the overall goals, values and priorities, and workload for the forthcoming year.

EXPENDITURE ACCOUNTS - DEFINITIONS

SALARIES & FRINGE BENEFITS

6101 REGULAR SALARIES

Salary paid for regular payroll expenditures for full-time employees subject to all usual deductions.

6102 PART TIME & TEMPORARY SALARIES

Salary paid for regular payroll expenditures for part-time and temporary employees subject to all usual deductions.

6103 OVERTIME

Salary paid over and above regular time at time and one-half. Overtime is not available to FLSA exempt employees.

6104 SPECIAL PAY

Holiday in lieu pay for Fire and Marine Safety and stand by pay for Public Works.

6205 RETIREMENT

Payments on behalf of employees to full time retirement system. (PERS).

6210 MEDICARE

Medicare payments withheld from employees for employees covered by Medicare system.

6211 SOCIAL SECURITY

Social Security payments for employees covered by social security system.

6220/6230/6240 HEALTH/DENTAL/VISION INSURANCE

Payments to employees under the City's Cafeteria Plan for health/dental/vision insurance.

6244 LONG TERM DISABILITY INSURANCE

Payments to cover employees' long term disability premiums where applicable

6245 GROUP LIFE INSURANCE

Payments to cover employees' life insurance premiums where applicable.

6248 RHSA % BENEFIT

Payments to cover fire employees' RHSA % Benefit under the Fire MOU

6270 RETIREE HEALTH BENEFITS

Payments to CALPERS to cover a portion of retired employees' health benefits.

6280 AUTO ALLOWANCE

Payments to employees qualifying for auto allowance.

6285 UNIFORM ALLOWANCE

Payments to employees for the purchase of uniforms required for the job.

6290 PHONE ALLOWANCE

Payments to management employees and Council for the business use of cellular phones.

EXPENDITURE ACCOUNTS - DEFINITIONS (Continued)

MATERIALS, SUPPLIES AND SERVICES

6310 INSURANCE AND SURETY BONDS

Insurance premiums for all property, general liability and excess insurance coverage.

6315 TRAVEL, CONFERENCES & MEETINGS

Meals, lodging, registration and airfare associated with conferences, seminars and meetings.

6320 TRAINING

Payments for employees to attend training programs to enhance work related skills.

6330 MEMBERSHIPS & DUES

Staff membership and dues in professional organizations.

6340 CLOTHING & PERSONAL EXPENSES

Uniforms, safety gear, weather protection, etc.; pre-employment physicals and tuition reimbursement.

6341 TUITION REIMBURSEMENT

Staff reimbursement for courses related to work skill enhancement. Requires prior approval.

6351 RECRUITMENT

Payments used in the hiring of staff (advertisement, testing, etc)

6415 ELECTION SUPPLIES

Supplies used for elections

6416 OFFICE SUPPLIES

General office supplies used in every-day operations.

6418 BOOKS, SUBSCRIPTIONS & PRINTING

Publications, printing costs for forms, letterhead, etc.; outside duplication services.

6419 MINOR EQUIPMENT

Minor equipment; per item cost before shipping/tax between \$100 and \$4,999.

6420 SPECIAL DEPARTMENTAL SUPPLIES

Supplies or expenses singular to a department (not general) and that are not minor equipment or small tools.

6421 SMALL TOOLS

Small tools; per item cost before shipping/tax between \$100 and \$4,999

6427 VEHICLE OPERATING SUPPLIES

Gasoline and diesel.

6428 VEHICLE MAINTENANCE

Repairs and parts for all vehicles.

EXPENDITURE ACCOUNTS - DEFINITIONS (Continued)

6519 BANK CHARGES

Credit card fees and transaction fees for third-party credit card processing company.

6522 ADVERTISING

Advertising/legal notifications to public.

6523 COMMUNICATIONS

Phone, fax, cable etc.

6524 UTILITIES - ELECTRICITY

Electricity and natural gas charges.

6525 RENTS & LEASES

Rental/lease of property owned by others.

6526 MAINTENANCE OF BUILDINGS & GROUNDS

Internal building maintenance/repair; outside grounds upkeep.

6527 UTILITIES - WATER

Water charges.

6529 MILEAGE

Staff mileage reimbursement at IRS rate.

6530 PROFESSIONAL SERVICES

Outside contractors used for engineering, surveys etc. Any service provided by an outside party.

6531 MAINTENANCE OF & OPERATION OF EQUIPMENT

Repairs and service of City-owned equipment.

6532 CONTRIBUTION TO OTHER AGENCIES

Contributions to other governmental/nonprofit organizations.

6535 COMMUNITY TV PRODUCTION

Payments for cable programming from restricted sources.

6539 CONTINGENCY

To allow for operating efficiency as needed. Requires City Manager approval.

6540 DAMAGE CLAIMS

Payments to settle claims against the City that fall below SIR.

6560 DEPRECIATION

Annual write-off of Fixed Assets over the life of the asset.

6570 OTHER CHARGES

Expenses that do not fall within another classification; City admin and County EDP charges.

EXPENDITURE ACCOUNTS - DEFINITIONS (Continued)

CAPITAL OUTLAY

6610 LAND

Expenditures for the purchase of land.

6620 BUILDINGS

Expenditures for the purchase of buildings.

6630 IMPROVEMENTS OTHER THAN BUILDINGS

Alterations to structures which increase structure life.

6640 EQUIPMENT

Furniture, machinery, office equipment. Fixed Assets over \$5,000.

6650 VEHICLES

All motorized vehicles.

6661 CONSTRUCTION

Used to accumulate all costs associated with construction projects. Used in Projects Ledger.

DEBT SERVICE

6710 RETIREMENT OF PRINCIPAL

Expenditures for the retirement of principal portion of debt.

6720 INTEREST EXPENDITURE

Expenditures for the interest portion of debt.

6810 TRANSFERS OUT

Used to transfer funds from one fund to another.

DEPARTMENTAL CHARGES

6910 CLAIMS LIABILITY CHARGES

Charges to departments for providing insurance coverage and risk management services.

6920 WORKERS' COMPENSATION CHARGES

Charges to departments for providing workers' compensation coverage and services.

6930 ASSET REPLACEMENT CHARGES

Charges to departments for use of assets based on a depreciation schedule.

6935 FACILITIES REPLACEMENT CHARGES

Charges to departments for use of facilities based on a depreciation schedule.

6940 PERS SIDE FUND CHARGES

Charges to departments for annual debt service to the Sanitation Fund for the payoff of the PERS Side Fund in FY2011. Allocation based on regular salaries (Account 6101) for the fiscal year

REFERENCE

ORGANIZATION OF THE CITY'S FUNDS

In accordance with generally accepted accounting principles, the City's financial reporting system is organized on a fund basis consisting of three major fund types (governmental, proprietary and fiduciary). The City's various funds have been established in order to segregate and identify those financial transactions and resources associated with providing specific activities or programs in conformance with special regulations, restrictions, or limitations.

Budgets are prepared for each fund in accordance with its respective basis of accounting. All governmental funds have legally adopted budgets except the capital project funds. While budgets are prepared for the City's capital project funds, the capital projects generally span more than one year and are effectively controlled at the project level.

The following funds are included in the Budget. Descriptions of each of the fund types are provided.

Governmental Funds

Most of the City's programs and functions are provided and financed through the following governmental funds, which are distinguished by their measurement focus on determining financial position and changes in financial position, rather than upon determining net income:

General Fund

General Fund

Risk Management/Insurance

Workers' Compensation Insurance

Asset Replacement

Facilities Replacement

PERS Side Fund

OPEB Obligation

Pension Stabilization

Special Revenue Funds

Gas Tax

Municipal Improvement Districts (MID)

Coastal Rail Trail Maintenance District

Street Lighting Assessment District

Developer Pass-Thru Fund

Fire Mitigation

Department of Boating & Waterways

TRANSNET – motorized

Community Orientated Policing Services (COPS)

Transnet Extension

Housing and Community Development (CDBG) Fund

CALTRANS/CMAQ

TEA

Miscellaneous Grants

Coastal Area Business/Visitor Assistance and Enhancement Fund (TOT)

Camp Program Fund

Housing

Affordable Housing Grant Fund

Public Safety Special Revenue Fund

Debt Service Funds

Public Facilities

Capital Lease Fund

REFERENCE

ORGANIZATION OF THE CITY'S FUNDS (continued)

Capital Projects Fund

Public Improvement Grant Fund Sand Replenishment/Retention and Coastal CIP (TOT) City CIP Fund Assessment Districts

Enterprise Fund

Enterprise funds are distinguished from governmental funds by their similarity to private sector enterprises, as it is intended that the cost of providing services will be financed or recovered primarily through user charges. The City uses the following enterprise fund:

- Sanitation
- OPEB Obligation Trust

DESCRIPTION OF OPERATING FUNDS

001 GENERAL FUND

The General Fund is the general operating fund of the City and is used to account for all financial resources and transactions except those required to be accounted for in other funds or account groups.

120 RISK MANAGEMENT

This fund accounts for the settlement of claims and losses, as well as insurance premiums and any related professional services.

125 WORKERS' COMPENSATION INSURANCE

This fund accounts for the settlement of claims and losses resulting from injuries sustained during work hours.

135 ASSET REPLACEMENT FUND

This fund accumulates resources for the replacement of vehicles and equipment costing over \$5,000.

140 FACILITIES REPLACEMENT FUND

This fund accumulates resources for meeting the needs of maintaining the City's buildings and improvements.

150 PERS SIDE FUND

This fund accumulates resources for the annual debt payment to the Sanitation Fund for the loan used for the payoff of the PERS Side Fund in FY2011.

160 OPEB OBLIGATION

This fund accounts resources for the invested amounts of Other Post-Employment Benefits.

165 PENSION STABILIZATION

This fund accounts resources for the invested amounts in PARS trust (Post-Employment Benefits Trust Program).

202 GAS TAX FUND

The State Gas Tax is used to account for revenues received as the City's share of state gasoline taxes and expenditures made for street maintenance and improvements. Revenues are sub-vented to the City under Sections 2103, 2105, 2106, 2107 and 2107.5 of the Streets and Highways Code. Expenditures are for street maintenance and engineering to the extent legally permitted, with the remainder allocated to street construction projects.

203 MUNICIPAL IMPROVEMENT DISTRICT HIGHWAY 101 LANDSCAPING (MID #33)

204 MUNICIPAL IMPROVEMENT DISTRICT SANTA FE HILLS (MID #9C)

205 MUNICIPAL IMPROVEMENT DISTRICT ISLA VERDE (MID #9E)

207 MUNICIPAL IMPROVEMENT DISTRICT SAN ELIJO HILLS #2 (MID #9H)

The MID Funds are used to account for receipts and expenditures related to landscape maintenance within the improvement district. Budgets for the maintenance costs are determined by the property owners who are then assessed on a per parcel basis. The assessments are collected via the County tax roll.

DESCRIPTION OF OPERATING FUNDS (Continued)

208 COASTAL RAIL TRAIL MAINTENANCE DISTRICT

The Coastal Rail Trail Maintenance Fund is used to account for project receipts and expenditures for the rejuvenating and updating of the Coastal Rail Trail.

211 STREET LIGHTING DISTRICT FUND

The Lighting District Fund accounts for revenues received and expenditures made related to streetlights on City streets. The City determines the annual budget and property owners are charged their proportionate share based on a per unit basis. The assessment is collected via the County tax roll.

213 DEVELOPER PASS THRU

This fund accounts for resources related to Pass-Thru developer deposits

214 FIRE MITIGATION FUND

In accordance with section 3.20 of the SBMC, this fund is used to account for Fire Mitigation fees that can only be used to build, purchase, finance or improve fire facilities and equipment.

215 DEPARTMENT OF BOATING AND WATERWAYS

To record receipts and expenditures related to grants received from the Department of Boating and Waterways. These funds are being used to fund the Army Corp. of Engineers beach replenishment study.

218 TRANSNET FUND/228 TRANSNET EXTENSION

The TRANSNET Fund is used to account for the San Diego County Proposition A one-half (1/2) cent transportation sales tax which went into effect on July 1, 1988. All expenditures must be for transportation related purposes. Funds are allocated to the City through SANDAG.

219 COPS PROGRAM FUND

The COPS Fund is used to account for federal and local grants received for police services.

240 HOUSING AND COMMUNITY DEVELOPMENT FUND (CDBG) FUND

The Housing and Community Development fund is used to account for revenues from the United States Department of Housing and Urban Development Community Development Block Grant Programs.

241 CALTRANS/CMAQ FUND

The Caltrans fund accounts for several different sources of transportation related funds. Caltrans is responsible for distributing funds for Congestion Mitigation and Air Quality (CMAQ) funds.

244/5 TEA

The TEA (Transportation Enhancement Act) fund records transport related receipts and expenditures.

246 MISCELLANEOUS GRANT FUND

The Miscellaneous Grant fund accounts for grants received to fund various ongoing capital projects.

255 CAMP FUND

To record service fee revenue and expenditures related to the summer recreation programs (JG and camp).

DESCRIPTION OF OPERATING FUNDS (Continued)

250 COASTAL BUSINESS/VISITORS (TOT)

This fund is for expenditures, funded by TOT revenues, that include local visitor and business promotion such as assistance to the Chamber of Commerce, special events such as Fiesta Del Sol, public art, and visitor enhancements to the Highway 101 business corridor or the Cedros Design District.

263 HOUSING FUND

This fund accounts for receipts and expenditures related to providing low and moderate income housing within the City.

265 AFFORDABLE HOUSING GRANT

This fund accounts for resources related to affordable housing grants.

270 PUBLIC SAFETY SPECIAL REVENUE

This fund accounts for resources related to public safety grants.

317 PUBLIC FACILITY DEBT SERVICE FUND

The Public Facilities Debt Service Fund is used to account for the accumulation of resources for the payment of interest and principal on City debt

320 CAPITAL LEASE DEBT SERVICE

This fund accounts for receipts and expenditures related to capital leases.

420 PUBLIC IMPROVEMENT GRANT

The Public Improvement Grant is supported by the former RDA's remaining bond funds and pays for capital projects within the Project area.

450 SAND REPLENISHMENT TOT

This fund is limited to sand replenishment, sand retention, and coastal improvement projects funded by TOT revenues.

47X ASSESSMENT DISTRICTS CIP

This fund accounts for capital projects in the assessment districts

459 CITY CIP FUND

The City CIP fund is used to account for financial resources to be used for the acquisition or construction of miscellaneous major capital facilities (other than those financed by proprietary funds and special assessment funds).

509 SANITATION FUND

The Sanitation Fund is an Enterprise Fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the City Council is that the costs of providing these services to the general public on a continuing basis be financed or recovered primarily through user charges. The sanitation operation is responsible for the collection, transportation, and treatment of effluent generated in Solana Beach. The City is an equal partner with the City of Encinitas in the ownership of the San Elijo Treatment Plant.

DESCRIPTION OF OPERATING FUNDS (Continued)

660 OPEB Obligation Trust
This fund is used for the OPEB retirement Obligation Trust to invest monies set aside for City employee retirement cost associated with retirements and OPEB cost.

DESCRIPTION OF DESIGNATION OF RESERVES

DESIGNATED FOR CONTINGENCIES

This designation is in accordance with the City Council's Financial Policies which specify that a minimum of 17%, or two months of operating expenditures, be set aside. This designation is to ensure uninterrupted service in the event of an unforeseen disaster and/or economic uncertainties.

DESIGNATED FOR HOUSING

This designation is to provide funds for the City's low income housing obligations. Without a confirmed cost, estimates range from \$0 to around \$220,000 a unit for 10 units. Staff will set aside funds when available.

FINANCIAL POLICIES

Statement of Purpose

The financial integrity of our City government is of utmost importance. To discuss, write, and adopt a set of financial policies is a key element to maintaining this integrity.

Written, adopted financial policies have many benefits, such as assisting the Council and City Manager in the financial management of the City, saving time and energy when discussing financial matters, promoting public confidence, and providing continuity over time as Council and staff members change. While these policies will be amended periodically, they will provide the basic foundation and framework for many of the issues and decisions facing the City. They will promote sound financial management and assist in the City's stability, efficiency and effectiveness.

The following policies are divided into seven general categories for ease of reference. These categories include 1) Accounting, Auditing, and Financial Reporting Policies; 2) Reserve Policies; 3) Debt Policies: 4) Revenue Policies; 5) Capital Improvement Policies; 6) Cash Management/Investment Policies; 7) Operating Budget Policies. It is recommended that all policies included in this document be adhered to.

ACCOUNTING, AUDITING, AND FINANCIAL REPORTING POLICIES

FINANCIAL INFORMATION

It will be the policy of the City of Solana Beach to provide all financial information in a thorough, timely fashion, and in a format that is easy for Council, Citizens, Committees and City employees to understand and utilize.

ACCOUNTING STANDARDS

The City's accounting financial systems shall be maintained in accordance with Generally Accepted Accounting Principles (GAAP), as promulgated by the Government Accounting Standards Board (GASB), and the Government Finance Officers Association (GFOA).

ANNUAL AUDIT

An independent public accounting firm will perform an annual audit and its opinion will be included in the Comprehensive Annual Financial Report.

The goal is to select the independent audit firm through a competitive process at least once every five years. The contract will be for an initial period of three years with two additional one-year options at the City staff's discretion. The City Manager and Finance Director will review the qualifications of prospective firms and make a recommendation to the City Council. The audit contract will be awarded by the City Council.

FINANCIAL POLICIES (Continued)

A Comprehensive Annual Financial Report shall be prepared within five months of the close of the previous fiscal year. It will be presented to the City Council and community within six months at a regularly scheduled City Council meeting.

The City shall attempt to maintain accounting records in such a manner as to receive an unqualified audit opinion and to qualify for a Certificate of Achievement for Excellence in Financial Reporting from the GFOA.

RESERVE POLICIES

The City utilizes a variety of funds for recording revenues and expenditures of the City. At each fiscal year-end, budgeted/appropriated expenditure authority lapses with very few exceptions, such as operating expenses that have been incurred but not paid (encumbered). The remaining dollars left in each fund that are undesignated and unencumbered constitute available reserves of the City. It is appropriate that reserve policies for the City be established for each of the various funds (See below), that the purpose of these reserves be designated, and that dollars available in excess of the reserve amounts be appropriately and effectively utilized.

GENERAL FUND

The goal of the General Fund reserve will be to maintain an amount at least equal to 17 percent of the annual General Fund operating budget, including operating transfers, which approximates two months worth of operating expenditures. This Reserve, to be designated, will only be used in the case of significant financial or other emergency. Reserves in excess of the 17 percent will be available for spending on capital equipment, capital projects or other one-time non-recurring expenditures ie. Be available to transfer to Capital Improvement Projects fund or Asset Replacement Reserve fund.

DESIGNATIONS

The Council and/or City Manager may designate parts of the available fund balance which would represent tentative management plans, rather than actual restrictions on the use of resources.

Designation – Unforeseen Emergencies

A designation of funds set at 17% of operating expenditures including debt service is considered the minimum level necessary to maintain the City's credit worthiness and to adequately provide for:

- 1. Economic uncertainties, local disasters, and other financial hardships or downturns in the local or national economy.
- 2. Contingencies for unforeseen operating or capital needs.
- 3. Cash flow requirements.

FINANCIAL POLICIES (Continued)

Designation – Revenue Shortfall

A designation of funds should be budgeted annually to avoid the need for service level reductions in the event an economic downturn causes revenues to come in lower than budget. This should approximate 5% of General Fund revenues before transfers based upon an average of prior year's revenue shortfalls.

ENTERPRISE FUND/SANITATION

The City's Enterprise Fund will maintain reserves at a minimum equal to nine months of operating expenses and one year of estimated capital spending.

ASSET REPLACEMENT RESERVE FUND

Through the use of the Asset Replacement Reserve Fund, the City will annually budget sufficient funds to provide for the orderly replacement of the City's existing equipment, vehicles, computers and furnishings as they reach the end of their useful lives. This fund is funded based on a depreciation schedule and required replacement of the asset. The goal will be to maintain a sufficient fund balance to provide for the scheduled replacement of said items at the end of their useful lives.

RISK MANAGEMENT RESERVE FUND

The City maintains a Risk Management Reserve Fund for the purpose of segregating property and liability insurance expenses. This fund pays insurance premiums, benefit and settlement payments, and administrative and operating expenses. These annual charges for services shall reflect historical experience and shall be established to approximately equal the annual expenses of the fund. A fund balance, determined annually, shall be maintained at a level that will adequately fund the City's potential loss exposure in each area as determined by the Risk Manager based on past experience currently at \$500,000.

WORKERS' COMPENSATION INSURANCE FUND

The City maintains a Workers' Compensation Insurance Fund for the purpose of having sufficient resources to pay premiums, administration services and losses incurred for Workers Compensation injuries. The City is self-insured for this purpose and has a \$125,000 Self Insured Retention (SIR) per claim incident. The sufficiency of funding is to be determined periodically by an independent actuarial study utilizing the 95% confidence interval. This is the minimum funding level to establish. The City's Risk Manager to determine the funding level, currently three times SIR plus administration and contingencies or \$500,000. This fund balance should be determined annually and should be sufficient to fully fund the City's potential loss exposures.

FINANCIAL POLICIES (Continued)

DEBT POLICIES

ISSUANCE OF DEBT

The City will not use long-term debt to pay for current operations.

The use of bonds or certificates of participation will only be considered for significant capital and infrastructure improvements.

The term of the debt shall never extend beyond the useful life of the improvements to be financed.

Debt management will provide for the protection of bond rating, the maintenance of adequate debt service reserves, compliance with debt instrument provisions and appropriate disclosure to investors, underwriters, and rating agencies.

LEASE PURCHASE

The City will lease purchase high-cost items of equipment only if necessary because of funding availability. In no case shall the City lease purchase equipment whose useful life is less than the term of the lease.

REVENUE POLICIES

GENERAL FUND REVENUE

The City will strive to develop and maintain a diversified and stable revenue stream so as to avoid becoming overly dependent on any single type of revenue in order to minimize the effects of economic fluctuations on revenues. Efforts will be directed to optimize existing revenue sources while periodically reviewing potential new revenue sources.

Budgeted revenues will be estimated conservatively using accepted standards and estimates provided by the state and other governmental agencies when available.

Revenues from "one-time" or limited duration sources will not be used to balance the City's annual operating budget.

Fees and charges for service shall be evaluated and, if necessary, adjusted periodically to assure that they cover all direct and indirect costs, unless it is determined that full cost recovery would not be in the best interest of the public. These fees and charges will be evaluated periodically by an independent outside consultant.

FINANCIAL POLICIES (Continued)

SPECIAL REVENUE FUNDS eg. /GAS TAX & TRANSNET

These funds are used for revenues that the City receives that are of a restrictive nature. The City's first priority with the Gas Tax revenues and Transnet revenues shall be used to fund eligible capital projects and not subsidize operating expenditures.

GRANTS AND GIFTS

The City shall actively pursue federal, state and other grant opportunities when deemed appropriate. Before accepting any grant the City shall thoroughly consider the implications in terms of ongoing obligations and indirect costs that will be required in connection with acceptance of said grant. The benefits to be derived from the grant must exceed both direct and administrative costs of the grant.

ENTERPRISE FUND – SANITATION CHARGES

The City will set user fees for the Enterprise Fund at a rate that fully covers direct and indirect costs of providing the service; including capital expenditures.

COMMUNITY SERVICE FEES

Recreation activity fees shall be established to recover the direct cost of the program. As appropriate within the marketing of the recreation programs, higher non-resident fees may be charged, as well as priority registration procedures for Solana Beach residents.

CAPITAL IMPROVEMENT POLICIES

CIP FUND

Most of the City's infrastructure has a designated revenue source to pay for its upgrade or replacement as appropriate. For example, sewage rates fund sewage infrastructure needs and gas tax revenues fund street needs. However, our public buildings, beaches and parks are the primary beneficiaries of the City's Capital Improvement Fund. Capital Improvement Projects involve the construction, acquisition, expansion, and rehabilitation or replacement of a facility or improvement costing \$5,000 or more. A CIP also includes any study costing \$25,000 or more, that is non-recurring in nature, and could potentially lead to a project.

City general capital projects are to be funded annually with transfers from the City's General Fund. Transfers are to be made based upon a maximum of 75 % of actual funds available out of the last completed previous years general fund surplus, or for specific projects. Funding is at the discretion City Council based on overall budget considerations.

FINANCIAL POLICIES (Continued)

FIVE YEAR CAPITAL IMPROVEMENT PROGRAM (CIP)

The City shall annually prepare a Capital Improvement spending program projecting capital needs for a five year period. Capital Projects shall be prioritized according to goals set annually by the Council.

The first year of the five year CIP will be consistent with, and adopted as a component of, the annual operating budget.

ENTERPRISE FUND CAPITAL IMPROVEMENTS

Capital Improvements funded from the Enterprise Funds shall be paid for with the combination of "payas-you-go" financing and the use of long-term debt. The City shall periodically review its enterprise capital needs and establish capital spending plans that are appropriate and reflect a combination of debt and "pay-as-you-go," while attempting to keep our rates competitive with those in the surrounding area.

CASH MANAGEMENT/INVESTMENT POLICIES

Investments and cash management will be the responsibility of the City Treasurer.

The City Council shall annually review and update, or modify as appropriate, the City's investment policy in accordance with Section 53646 of the Government Code. This review shall take place at a regularly scheduled City Council meeting and the policy shall be adopted by resolution of the City Council.

Investments of the City will be made in accordance with the City's adopted Investment Policy.

In order to maximize yields from the overall portfolio, the City will consolidate cash balances from all funds for investment purposes, and will allocate investment earnings to each fund with a positive cash balance in accordance with generally accepted accounting principles.

Reports on the City's investment portfolio and cash position shall be developed and presented to the City Council monthly by the City Treasurer. The report shall be in conformance with all State laws and City investment policy requirements.

City funds will be managed in a prudent and diligent manner with emphasis on safety, liquidity, and yield, in that order.

FINANCIAL POLICIES (Continued)

OPERATING BUDGET POLICIES

BALANCED OPERATING BUDGET

The operating budget will be based on the principle that current operating expenditures shall be funded with current revenues. The City shall annually adopt a balanced General Fund budget where operating revenues are equal to, or exceed, operating expenditures ie. Estimated revenue and transfers in equal or exceed estimated expenditures and transfers out excluding transfers for capital projects. Any increase in expenses, decrease in revenues, or combination of the two that would result in a budget imbalance will require budget revision, rather than spending unappropriated surpluses or designated reserves to support ongoing operations. Any year end operating surpluses will revert to unappropriated balances for use in maintaining reserve levels set by policy and the balance will be available for capital projects and/or "one-time only" Capital Outlay expenditures.

GENERAL FUND CONTINGENCY ACCOUNT

A contingency account equal to a maximum of half a percent (1/2 percent) of the City's General Fund budgeted appropriations (before transfers) will be maintained annually in the City Managers budget. This account will be available for unanticipated, unbudgeted expenditures and will require City Manager approval to spend. The purpose of this account is to provide for unanticipated expenditures of a nonrecurring nature and/or to meet unexpected increase in costs.

RETIREMENT FUNDING (CALPERS)

The City offers its employees an agent multiple-employer public employee defined benefit pension plan. The City's annual contribution toward the plan is determined by a CALPERS actuary through an annual valuation report. The City will on an annual basis meet its obligation to funding its share of the pension plan contribution out of its operating budget.

BUDGET DOCUMENT

The operating budget shall serve as the annual financial plan for the City. It will serve as the policy document of the City Council for implementing Council goals and objectives. The budget shall provide the staff the resources necessary to accomplish City Council determined service levels.

The City Manager shall annually prepare and present a proposed operating budget to the City Council & Budget & Finance committee no later than May 20 of each year; and Council will adopt said budget no later than June 30 of each year. Funds may not be expended or encumbered for the following fiscal year until the budget has been adopted by the City Council.

The City's annual budget will be presented by department, with a logical breakdown of line-item detail. The budget document will be presented for discussion and review by the City Council and the public.

FINANCIAL POLICIES (Continued)

BUDGET CONTROL AND ACCOUNTABILITY

Budget control is maintained at the departmental level. The City Manager has the authority to approve appropriation transfers between line items within a department. In no case may total expenditures of a particular fund exceed that which is appropriated by the City Council without a budget amendment.

A mid-year budget will be presented to the City Council which discusses revenue projections and expenditures to date and the fiscal condition of the City six months after the beginning of the fiscal year. Budget accountability rests primarily with the operating departments of the City.

ENTERPRISE FUND

The Enterprise Fund shall be supported by its own rates/current revenues excluding interest income, and shall not be subsidized by the General Fund.

The rates charged should be competitive with the rates charged by other entities, and sufficient to cover both operations and infrastructure maintenance.

The rates charged should be reviewed periodically.

The Enterprise Fund will pay its share of overhead services provided by the General Fund. These overhead costs include rental of office space, utilities and personnel administrative costs.

INVESTMENT POLICY

The purpose of this document is to outline the City's policy for the investment of public funds.

It is the policy of the City of Solana Beach, and the Solana Beach Public Facilities Corporation (hereafter referred collectively as the "City") to predicate their investment policies, procedures and practices upon the limitations placed upon them by the governing legislative bodies. These policies shall have four primary goals:

- To assure compliance with federal, state, and local laws governing the investment of public monies under the control of the City Treasurer.
- To provide sufficient liquidity to meet normal operating and unexpected expenditures.
- To protect the principal monies entrusted to the City.
- To generate the maximum amount of investment income within the parameters of prudent risk management as defined in this Investment Policy.

1.0 SCOPE

This investment policy applies to all funds of the City of Solana Beach that are under the control of the City Treasurer. These funds include, but are not limited to the:

- A. General Fund
- B. Special Revenue Funds
- C. Capital Project Funds
- D. Enterprise Funds
- E. Debt Service Funds
- F. Agency Funds

These funds are accounted for in the City's Comprehensive Annual Financial Report.

Funds not included in the policy include the City's deferred compensation plans (Plans). These plans will be excluded from the policy under the following circumstances:

- i. A third party administrator administers the plan,
- ii. Individual plan participants have control over the selection of investments
- iii. The City has no fiduciary responsibility to act as a "trustee" for the Plan.

2.0 PRUDENCE

Investments shall be made in accordance with the "prudent investor standard". This standard shall be applied in the context of managing an overall portfolio. The City Treasurer shall invest "...with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the

2.0 PRUDENCE (Continued)

principal and maintain the liquidity needs of the agency." Investment officers, i.e. (City Treasurer) acting in accordance with written procedures and the investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

3.0 OBJECTIVES

As specified in CGC §53600.5, when investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, the primary objectives, in priority order, of the investment activities shall be:

- A. <u>Safety:</u> Safety of principal is the foremost objective of the investment program. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.
- B. <u>Liquidity:</u> The investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements which might be reasonably anticipated.
- C. <u>Yield:</u> Yield shall be considered only after the basic requirements of safety and liquidity have been met. Whenever possible and in a manner consistent with the objectives of safety and liquidity, a yield higher than the market rate of return shall be sought.

4.0 DELEGATION OF AUTHORITY

California Government Code Sections 53607 and 53608 authorize the legislative body of a local agency to invest, deposit, and provide for the safekeeping of the local agency's funds or to delegate those responsibilities to the City Treasurer of the local agency.

No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the City Treasurer. The City Treasurer shall be responsible for all investment transactions undertaken on behalf of the City, and shall establish a system of controls to regulate the activities of subordinate officials. The City Treasurer shall have the exclusive authority to buy and sell securities on behalf of the City. Under the provisions of California Government Code 53600.3, the City Treasurer is a trustee and a fiduciary subject to the prudent investor standard.

If the City Treasurer is unavailable, then the Finance Manager, Deputy City Manager or the City Manager shall authorize the investment transactions, in writing, prior to execution.

5.0 INTERNAL CONTROLS

The City Treasurer shall be responsible for ensuring that all investment transactions comply with the City's Investment Policy and for establishing internal controls that are designed to prevent losses due to fraud, negligence, and third-party misrepresentation. Accordingly, the City Treasurer shall establish written procedures for the operation of the City's investment program that are consistent with the provisions of this Investment Policy.

Procedures should include references to: safekeeping, PSA repurchase agreements, wire transfer agreements, collateral/depository agreements, and banking services contracts, as appropriate. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions.

Internal controls deemed most important shall include: avoidance of collusion; separation of duties and administrative controls; separating transaction authority from accounting and record keeping; custodial safekeeping; clear delegation of authority; management approval and review of investment transactions; specific limitations regarding securities losses and remedial action; written confirmation of telephone transactions; documentation of investment transactions and strategies; and monitoring of results.

6.0 ETHICS AND CONFLICTS OF INTEREST

Investment Officers involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

They shall disclose to the City Council any material financial interest in financial institutions that conduct business within the City's jurisdiction. They shall also disclose any personal investment positions that could be related to the performance of the City's investment portfolios. Investment Officers shall subordinate their personal investment transactions to those of the City, particularly with regard to the timing of securities purchases and sales, and shall avoid transactions that might impair public confidence.

7.0 AUTHORIZED FINANCIAL INSTITUTIONS AND BROKER-DEALERS

The City Treasurer shall maintain an Approved list (Attached) of financial institutions/broker-dealers that the City Council have authorized to engage in securities trading with the City. This list shall be provided to all members of the City Council.

Only primary government securities dealers ("primary dealers") that regularly report to the Federal Reserve Bank of New York shall be eligible to apply for inclusion on the Approved List.

The only exception to the foregoing requirement shall be that the City Council may, at their discretion, accept, review, and approve applications from regional brokers that: (1) have been in existence for more than five years; (2) have a net capital position in excess of \$10

7.0 AUTHORIZED FINANCIAL INSTITUTIONS AND BROKER-DEALERS (Continued)

million; (3) are licensed as broker-dealers by the State of California; and (4) are headquartered or have a branch office in California. The number of primary dealers and regional brokers on the Approved List shall not exceed a combined total of eight at any single time. The City shall accept and review new broker-dealer applications only when there is an immediate need to fill a vacancy on the Approved List. In all cases, the City shall only accept applications from and transact business with the institutional securities sales departments of primary dealers and regional brokers.

Broker-dealers that wish to apply for inclusion on the Approved List must, at a minimum, provide the City Treasurer with a copy of the following documents unless otherwise noted:

- a) Completed Broker-Dealer Questionnaire and Certification (signed original only).
- b) Most recent Annual Report and most recent Securities and Exchange Commission ("SEC") Form 10-K.
- c) National Association of Securities Dealers ("NASD") Form BD Uniform Application for Broker-Dealer Registration or, in the case of an investment department within a commercial bank, SEC Form MSD.
- d) Current NASD Form BD Status Report.
- e) NASD Form U-4 -- Uniform Application for Securities Industry Registration or Transfer for each employee with whom the City would be trading.
- f) Current NASD Form U-4 Status Report on each employee with whom the City would be trading
- g) Most recent SEC Form X-17 A-5 or, in the case of an investment department within a commercial bank, most recent SEC Consolidated Reports of Condition and Income for A Bank With Domestic and Foreign Offices FFIEC 031.
- h) A resume from each employee with whom the City would be trading.
- i) Most recent MSRB Form G-37/G-38.
- i) A trading resolution.

Investment Officers shall investigate all broker-dealer applicants in order to determine if they: (1) are adequately capitalized; (2) are subject to pending legal action (either the firm or the trader); (3) make markets in securities that are appropriate for the City's needs; (4) are licensed as a broker-dealer by the State of California Department of Corporations; and (5) are a member of the NASD. Broker-dealer applicants may be requested to provide local government or other client references from within California.

The City Council shall review the submitted documents, along with the City Treasurer's recommendations, and shall decide if any broker-dealer applicants should be added to the Approved List. If a broker-dealer applicant fails to complete and submit the required documents on time, then its application shall be deemed to have been automatically rejected.

7.0 AUTHORIZED FINANCIAL INSTITUTIONS AND BROKER-DEALERS (Continued)

The City Treasurer shall conduct an annual review, of the financial condition and the registrations of all approved broker-dealers in order to determine whether they should remain on the Approved List. In addition to other requirements, the City shall give all approved broker-dealers a copy of the City's current Investment Policy and a certification form.

The completion and submission of the certification form by an approved broker-dealer shall constitute proof that it has received the City's Investment Policy, read it, and intends to comply with it. The City Treasurer shall keep current audited annual financial statements on file for each approved broker-dealer with which the City does business.

8.0 AUTHORIZED PUBLIC DEPOSITORIES

The City Treasurer shall maintain an Approved List (Attached) of all commercial banks and all savings and loan associations that the City Council has authorized as public depositories of City monies. This List shall be provided to all members of the City Council.

The City shall only deposit public monies in financial institutions that have: (1) at least \$5 billion in total assets; (2) a core capital-to-total assets ratio of at least five percent; (3) favorable statistical ratings from a nationally recognized rating service, as determined by the City Treasurer; (4) a federal or a state charter; and (5) a branch office within San Diego County.

Under no circumstances shall the City's deposits in a financial institution exceed the total shareholder's equity of that institution.

9.0 SAFEKEEPING AND CUSTODY

All security transactions entered into by the City of Solana Beach shall be conducted on delivery-versus-payment (DVP) basis or on a receipt-versus-payment ("RVP") basis.

A third-party bank trust department ("Custodian") that acts as an agent for the City under the terms of a custody agreement executed between both parties shall hold the securities. The City's Custodian shall be represented on the Approved List (Attached).

The only exception to the foregoing shall be securities purchases made with: (1) local government investment pools; (2) money market mutual funds; and (3) Federal Reserve Banks ("Treasury Direct Program") since the purchased securities are not deliverable. No securities broker-dealer or investment advisor shall have access to City monies, accounts, or investments. Any transfer of monies to or through a securities broker-dealer must have the City Treasurer's prior written approval. If the City Treasurer is unavailable, then the management authorization chain-of-command specified in section 4.0, paragraph 3 of this Investment Policy shall be followed. The City shall require Broker Trade Confirmations for all trades.

INVESTMENT POLICY (Continued)

9.0 SAFEKEEPING AND CUSTODY (Continued)

Securities held by a third party custodial shall be held in an account in the City's name. All investments held by a third party custodian for the City of Solana Beach will be evidenced by safekeeping receipts.

10.0 COLLATERALIZATION

Investment Officers shall ensure that all demand deposits and all non-negotiable certificates of deposit that exceed \$100,000 shall be fully collateralized with securities authorized under state law and under this Investment Policy. Collateral may be waived for the first \$100,000 since this will be insured by the Federal Deposit Insurance Corporation. Any amount on deposit over \$100,000 plus accrued interest, however, shall be collateralized with United States Treasury or federal agency securities at a constant margin ratio of 110 percent or with mortgage-backed collateral at a constant margin ratio of 150 percent.

Collateralized investments and demand deposits may require substitution of collateral. The City Treasurer must approve all requests from financial institutions for substitution of collateral that involve interchanging classes of security.

An independent third party with whom the City has a current custodial agreement shall always hold the collateral. The independent third party shall provide the City Treasurer with a safekeeping receipt that he shall retain.

11.0 RISK

11.1 CREDIT RISK

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill it obligation. Concentration of credit risk is the risk of loss attributed to the magnitude of a City's investment in a single issuer. All participants in the investment process shall consider aversion to concentration of credit risk by:

- A. Limiting investment purchases to those types and amounts permissible by California Government Code §53601 and §12.0 of this Policy,
- B. Investing no more than 25% of the portfolio with one issuer, with the exception of LAIF, and the US treasury, and
- C. If pursuing a rated investment, investing only in investments with an AA+/A1 or better rating from Standard and Poor's Corporation and AA1/P1 or better from Moody's Investors Service Inc. at the time of purchase.

Custodial credit risk is the risk that the City will not be able to recover deposits or the value of an investment or collateral securities that are in the possession of an outside party.

11.1 CREDIT RISK (Continued)

All participants in the investment process shall consider aversion to custodial credit risk by:

- A. Investing no more than 25% of the portfolio with one financial institution, with the exceptions of LAIF, the US Treasury, and funds advanced or in trustee accounts for project construction, and
- B. If pursuing a deposit, insuring that all deposits are fully collateralized as required by California Government Code §53652 or insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, and the "Contract for Deposit of Monies" will indicate the type and amount of collateral.

11.2 INTEREST RATE RISK

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. All participants in the investment process shall consider aversion to interest rate risk by limiting the term remaining to maturity on purchased investment to five years, unless a longer term is permissible within the California Government Code and specifically approved by the City Council to purchase.

11.3 FOREIGN CURRENCY RISK

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. All participants in the investment process shall be prohibited from investing in foreign currency-denominated securities, unless permissible within the California Government Code and specifically approved by the City Council prior to purchase.

12.0 AUTHORIZED AND SUITABLE INVESTMENTS

The City of Solana Beach may invest in the following instruments (which include but are not as extensive as those authorized by California Government Code 53600 et seq.) under the quidelines as provided herein:

- A. Bonds issued by the City of Solana Beach, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled or operated by the City of Solana Beach or by a department, board, agency, or authority of the City of Solana Beach.
- B. United States Treasury Bills, Notes, Bonds, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

12.0 AUTHORIZED AND SUITABLE INVESTMENTS (Continued)

- C. Registered state warrants or treasury notes or bonds issued by the State of California.
- D. Bonds, notes, warrants, or other evidence of debt issued by a local agency within the State of California, including pooled investment accounts sponsored by the State of California, County Treasurers, other local agencies, or Joint Powers Agencies.
- E. Obligations issued by the United States Government or its agencies.
- F. Time Certificates of Deposit will be made only in FDIC or FSLIC insured accounts. For deposits in excess of the insured maximum of \$100,000, approved collateral shall be required in accordance with California Government Code (CGC) Section 53652 and/or 53651(m).
- G. Non-Negotiable Certificates of Deposit issued by a nationally or state-chartered bank or a state or federal savings and loan association or by a state-licensed branch of a foreign bank. Purchases of a non-negotiable Certificates of Deposit may not exceed 15% of the City's surplus money which may be invested.
- H. Local Agency Investment Fund ("LAIF")
 Investment shall be permitted in this pool which is organized and managed by the State Treasurer's Office for the benefit of local agencies, pursuant to California Government Code Section 16429.1. The City Council approved City participation in LAIF on 18 August 1986 in Resolution Number 20. Investment shall be limited to the maximum amount per legal entity that is permitted under state law.
- I. Investment Trust of California ("CalTRUST"). Investment shall be permitted in CalTRUST, which is a joint powers authority (JPA), organized and managed by the Investment Trust of California JPA for the benefit of local agencies, pursuant to California Government Code Section 6509.7. The CalTRUST funds are an authorized Investment for local agencies pursuant to California Government Code Section 53601(p).

13.0 PROHIBITED INVESTMENTS AND PRACTICES

Investment Officers shall not invest public monies in financial instruments that are not authorized under this Statement of Investment Policy.

Prohibited investments shall include, but shall not be limited to, equity securities, bond mutual funds, repurchase agreements, reverse repurchase agreements, and derivative contracts (forwards, futures, and options). The purchase of derivative securities shall be prohibited except for callable and for zero coupon Treasury ("STRIPS") securities. Investment Officers shall not engage in securities lending, short selling, or other hedging strategies.

INVESTMENT POLICY (Continued)

13.0 PROHIBITED INVESTMENTS AND PRACTICES (Continued)

LAIF and CalTRUST shall be exempt from the prohibitions on derivative contracts, derivative securities, repurchase agreements, reverse repurchase agreements, securities lending, short selling, and other hedging strategies; provided, however, that no such instruments or strategies may be utilized by CalTRUST for the purpose of leveraging any of the CalTRUST portfolios.

14.0 DIVERSIFICATION

The City of Solana Beach will diversity its investments by security type and institution. Assets shall be diversified to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. Diversification strategies shall be determined and revised periodically. In establishing specific diversification strategies, the following general policies and constraints shall apply:

- A. Portfolio maturities shall be matched versus liabilities to avoid undue concentration in a specific maturity sector.
- B. Maturities selected shall provide for stability of income and liquidity.
- C. Disbursement and payroll dates shall be covered through maturing investments, marketable U.S. Treasury bills, or other cash equivalent instruments.

15.0 MAXIMUM MATURITY

Investment Officers shall not invest in securities with maturities exceeding five years. The City Council, however, may approve longer maturities for the investment of bond reserve, bond escrow, and other funds if the maturities of such investments are expected to coincide with the expected use of the funds.

At least 50 percent of the City portfolio shall mature in three years or less; 30 percent in two years or less; and 20 percent in one year or less. The only exception to these maturity limits shall be the investment of the gross proceeds of tax-exempt bonds.

16.0 BOND PROCEEDS

The City Treasurer shall segregate the gross proceeds of tax-exempt bonds from the City general pool and shall keep them in a separate pool. They shall be invested pursuant to the instructions in the respective bond indentures of trust. If the bond indenture authorizes investments that conflict with this Investment Policy, then such investments shall be made only with the City Council's prior approval. The City Treasurer shall be allowed to invest bond proceeds from an assessment district in the City general pool (LAIF) where the City serves as Trustee for the bond issue.

INVESTMENT POLICY (Continued)

16.0 BOND PROCEEDS (Continued)

All securities shall be held in third-party safekeeping with the bond trustee ("Trustee") and all DVP and RVP rules shall apply. The Trustee shall be represented on the Approved List (Attached).

Investment Officers shall use competitive offerings, whenever practical, for all investment transactions that involve the gross proceeds of tax-exempt bonds. The City shall obtain a minimum of three competitive offers. Any exceptions to this policy shall be documented and shall be reported to the City Council.

The City is required under the U.S. Tax Reform Act of 1986 to perform annual arbitrage calculations and to rebate excess earnings to the United States Treasury from the investment of the gross proceeds of tax-exempt bonds that were sold after the effective date of that law. The City Treasurer may contract with qualified outside financial consultants to provide the necessary technical expertise that is required to comply with this law.

17.0 PORTFOLIO BENCHMARK

The City's investment portfolios, for the most part, shall be passively managed with portfolio securities being held to maturity. On selected occasions, the City's portfolios may be actively managed for purposes of improving portfolio risk structure, liquidity, or yield in response to market conditions or to meet City requirements. Profit-taking may only be done if capital gains would: (1) exceed the return that would be realized by holding the security to maturity; and (2) more than offset any income reduction due to reinvestment rate risk.

The City shall use a one-year United States Treasury bill that is traded on the secondary market as a benchmark to measure whether or not the City's portfolio yields are matching or surpassing the market yield.

18.0 REPORTING

In accordance with CGC §53646(b)(1), the City Treasurer shall submit to each member of the City Council a quarterly investment report. The Treasurer may also submit monthly reports to the City Council for information purposes. The report shall include the type of investments, the issuers, maturity dates, par values, and the current market values of each component of the portfolio, including funds managed for City of Solana Beach by third party contracted managers. The report will also include the source of the portfolio valuation. As specified in CGC §53646(e), if all funds are placed in LAIF, FDIC-insured accounts and/or in a county investment pool, the foregoing report elements may be replaced by copies of the latest statements from such institutions. The report must also include a certification that (1) all investment actions executed since the last report have been made in full compliance with the Investment Policy and (2) the City of Solana Beach will meet its expenditure obligations for the next six months is required by CGC §53646(b)(2) and (3) respectively. The City Treasurer shall maintain a complete and timely record of all investment transactions.

2.

Union Bank of California

INVESTMENT POLICY (Continued)

19.0 INVESTMENT POLICY REVIEW AND ADOPTION

The City Treasurer shall submit an Investment Policy to the City Council annually for their review and adoption by resolution.

THE CITY OF SOLANA BEACH APPROVED LIST

The City of Solana Beach has authorized the following security broker-dealers, public depositories, and other financial institutions to provide financial services to the City.

UNITED STATES GOVERNMENT 1. Federal Reserve Bank
PRIMARY DEALERS 1. 2. 3. 4. 5.
REGIONAL BROKERS 1. 2. 3.

CUSTODIAN 1.
TRUSTEE 1 Wells Fargo Bank

INVESTMENT GLOSSARY

ACCRUED INTEREST

Interest accumulated on a security since the issue date or the last coupon payment. The buyer of the security pays the market price plus accrued interest.

AGENCIES

Agencies of the federal government. Federal agency and instrumentality securities.

ASKED

The price at which securities are offered.

BANKERS'S ACCEPTANCE ("BA")

A draft, bill, or exchange accepted by a bank or a trust company. Both the issuer and the accepting institution guarantee payment of the bill.

BASIS POINT

One basis point is one hundredth of one percent.

BID

The price offered by a buyer of securities (when you are selling securities, you ask for a bid). See "Offer".

BOOK VALUE

The value at which a debt security is shown on the holders' balance sheet. Book value is acquisition cost less amortization of premium or accretion of discount.

BROKER

A broker brings buyers and sellers together so that he can earn a commission.

CERTIFICATE OF DEPOSIT ("CD")

A time deposit with a specific maturity, as evidenced by a certificate. Large-denomination CDs are typically negotiable.

COLLATERAL

Securities, evidence of deposit, or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

COMMERCIAL PAPER

An unsecured short-term promissory note issued by corporations, with maturities ranging from 2 to 270 days.

COMPREHENSIVE ANNUAL FINANCIAL REPORT ("CAFR")

The official annual report for the City of Solana Beach. It includes five combined statements for each individual fund and account group, that are prepared in conformity with GAAP. It also includes supporting schedules that are necessary to demonstrate compliance with finance-related legal and contractual provisions, extensive introductory material, and a detailed statistical section.

COUPON. (a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value. (b) A certificate attached to a bond, that evidences interest due on a payment date.

INVESTMENT GLOSSARY (Continued)

CURRENT MATURITY

Amount of time left to maturity of an obligation. (For example, a one-year bill issued nine months ago has a current maturity of three months.

DEALER

A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

DEBENTURE

A bond secured only by the general credit of the issuer.

DELIVERY VERSUS PAYMENT

There are two methods of delivery of securities: (1) delivery versus payment (DVP); and (2) delivery versus receipt (DVR). DVP is delivery of securities with an exchange of money for the securities. DVR is delivery of securities with an exchange of a signed receipt for the securities.

DERIVATIVES

(1) Financial instruments that are linked to, or derived from, the movement of one or more underlying indexes or securities, and may include a leveraging factor; or (2) financial contracts based upon a notional amount whose value is derived from an underlying index or security (e.g., interest rates, foreign exchange rates, equities, or commodities).

DISCOUNT

The difference between the acquisition cost of a security and its value at maturity, when quoted at lower than face value. A security that sells below original offering price shortly after sale, is also is considered to be at a discount.

DISCOUNT SECURITIES

Non-interest bearing money market instruments that are issued a discount and that are redeemed at maturity for full face value (e.g., U.S. Treasury Bills).

DIVERSIFICATION

Dividing investment funds among a variety of securities that offer independent returns.

FACE VALUE

The principal amount owed on a debt instrument. It is the amount on which interest is computed and represents the amount that the issuer promises to pay at maturity.

FEDERAL CREDIT AGENCIES

Agencies of the Federal Government that were established to supply credit to various classes of institutions and individuals (e.g., S&Ls, small business firms, students, farmers, farm cooperatives, and exporters)

FEDERAL DEPOSIT INSURANCE CORPORATION ("FDIC")

A federal agency that insures bank deposits, currently up to \$100,000 per deposit.

INVESTMENT GLOSSARY (Continued)

FEDERAL FUNDS RATE

The rate of interest at which Fed funds are traded. This rate is currently pegged by the Federal Reserve through open-market operations.

FEDERAL HOME LOAN BANKS ("FHLB")

Government-sponsored wholesale banks (currently 12 regional banks) that lend funds and provide correspondent banking services to member commercial banks, thrift institutions, credit unions, and insurance companies. The mission of the FHLBs is to liquefy the housing-related assets of its members, who must purchase stock in their District Bank.

FEDERAL NATIONAL MORTGAGE ASSOCIATION ("FNMA")

FNMA, like GNMA, was chartered under the Federal National Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development (HUD). It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans, in addition to fixed-rate mortgages. FNMA's securities are also highly liquid and are widely accepted. FNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

FEDERAL OPEN MARKET COMMITTEE ("FOMC")

The FOMC consists of seven members of the Federal Reserve Board and five of the 12 Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member, while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of government securities in the open market, as a means of influencing the volume of bank credit and money.

FEDERAL RESERVE SYSTEM

The central bank of the United States created by Congress and consisting of a seven-member Board of Governors in Washington, D.C., 12 regional banks, and about 5,700 commercial banks that are members of the system.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION ("GNMA" or "Ginnie Mae")

Securities that influence the volume of bank credit which is guaranteed by GNMA and issued by mortgage bankers, commercial banks, savings and loan associations, and other institutions. A security holder is protected by the full faith and credit of the U.S. Government. Ginnie Mae securities are backed by the FHA, VA, or FMHM mortgages. The term "passthroughs" is often used to describe Ginnie Maes.

LIQUIDITY

A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow, and reasonable size can be done at those quotes.

LOCAL AGENCY INVESTMENT FUND ("LAIF")

Monies from local governmental units may be remitted to the California State Treasurer for deposit in this special fund for the purpose of investment.

INVESTMENT GLOSSARY (Continued)

MARKET VALUE

The price at which a security is trading and could presumably be purchased or sold.

MASTER REPURCHASE AGREEMENT

A written contract covering all future transactions between the parties to repurchase-reverse repurchase agreements, that establishes each party's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer (lender) to liquidate the underlying securities in the event of default by the seller (borrower).

MATURITY

The date upon which the principal or stated value of an investment becomes due and payable.

MONEY MARKET

The market in which short-term debt instruments (e.g., bills, commercial paper, banker's acceptances) are issued and traded.

OFFER

The price asked by a seller of securities (when you are buying securities, you ask for an offer). See "Asked" and "Bid".

OPEN MARKET OPERATIONS

Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank, as directed by the FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

PAR VALUE

The amount of principal that must be paid at maturity. Also referred to as the face amount of a bond.

PORTFOLIO

A collection of securities held by an investor.

PRIMARY DEALER

A group of government securities dealers that submit daily reports of market activity and positions, and monthly financial statements to the Federal Reserve Bank of New York, and are subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC) -- registered securities broker-dealers, banks, and a few unregulated firms.

PRINCIPAL

The face value or par value of a debt instrument, or the amount of capital invested in a given security.

PRUDENT INVESTOR RULE An investment standard. A fiduciary, such as a trustee, may invest in a security if it is one that would be bought by a prudent investor acting in like capacity, who is seeking reasonable income and preservation of capital.

INVESTMENT GLOSSARY (Continued)

QUALIFIED PUBLIC DEPOSITORIES

A financial institution that: (1) does not claim exemption from the payment of any sales, compensating use, or ad valorem taxes under the laws of this state; (2) has segregated for the benefit of the commission eligible collateral having a value of not less than its maximum liability; and (3) has been approved by the Public Deposit Protection Commission to hold public deposits.

RATE OF RETURN

The yield obtainable on a security based on its purchase price or its current market price.

RATING

The designation used by investor services to rate the quality of a security's creditworthiness.

REPURCHASE AGREEMENT ("RP" OR "REPO")

A holder of securities sells them to an investor with an agreement to repurchase the securities at a fixed price on a fixed date. The security "buyer", in effect, lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate him for this. Dealers use RP extensively to finance their positions. Exception: when the Fed is said to be doing RP, it is lending money (increasing bank reserves).

SAFEKEEPING

A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

SECONDARY MARKET

A market made for the purchase and sale of outstanding issues following the initial distribution.

SECURITIES AND EXCHANGE COMMISSION (SEC)

An agency created by Congress to administer securities legislation for the purpose of protecting investors in securities transactions.

SEC RULE 15c3-1

See "Uniform Net Capital Rule".

STRUCTURED NOTES

Notes issued by instrumentalities (e.g., FHLB, FNMA, SLMA) and by corporations, that have imbedded options (e.g., call features, step-up coupons, floating rate coupons, derivative-based returns) in their debt structure. The market performance of structured notes is affected by fluctuating interest rates; the volatility of imbedded options; and shifts in the yield curve.

TREASURY BILLS

A non-interest bearing discount security that is issued by the U.S. Treasury to finance the national debt. Most T-bills are issued to mature in three months, six months, or one year.

TREASURY BONDS

Long-term, coupon-bearing U.S. Treasury securities that are issued as direct obligations of the U.S. Government, and having initial maturities of more than 10 years.

INVESTMENT GLOSSARY (Continued)

TREASURY NOTES

Medium-term, coupon-bearing U.S. Treasury securities that are issued as direct obligations of the U.S. Government, and having initial maturities of two to 10 years.

UNDERWRITER

A dealer who purchases a new issue of municipal securities for resale.

UNIFORM NET CAPITAL RULE

SEC requirement that member firms, as well as nonmember broker-dealers in securities, maintain a maximum ratio of indebtedness-to-liquid capital of 15 to 1. Also called *net capital rule* and *net capita ratio*. Indebtedness covers all money that is owed to a firm, including margin loans and commitments to purchase securities (one reason that new public issues are spread among members of underwriting syndicates). Liquid capital includes cash and assets easily converted into cash.

YIELD

The rate of annual income return on an investment, expressed as a percentage. (a) **INCOME YIELD** is obtained by dividing the current dollar income by the current market price for the security. (b) **NET YIELD** or **YIELD TO MATURITY** is the current income yield minus any premium above par or plus any discount from par in purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

YIELD CURVE

A graphic representation that shows the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity.
