

# LOMAS SANTA FE

## Corridor Improvements Project

---

Phase I of the Lomas Santa Fe Active Transportation Improvement Project was initiated in 2017 and focused on identifying key issues along the corridor from Highway 101 to Highland Drive. In 2018, the City completed Phase II of the project, which included an evaluation of the feasibility of potential improvement scenarios.

The next step in the project will be an Open House where the community will again be asked to provide input on the plans for the corridor. The design team will be available to gather your input and answer questions you may have about the project. We look forward to seeing you there!

Details for the Open House are provided below.

### Project Open House

Wednesday, May 29, 2019 - 6:00 – 7:30 PM

City of Solana Beach, Council Chambers

#### Meeting Agenda:

6:00 pm	Sign In
