Red Light Violations in the CITY OF SOLANA BEACH

SOLANA BEACH RED LIGHT LOCATIONS

The City of Solana Beach has two intersections with red light enforcement equipment installed and managed by Redflex Traffic Systems. The equipment is installed at the following intersections:

- Lomas Santa Fe and Solana Hills
- Lomas Santa Fe and Highway 101

The red light camera at the intersection of Highway 101 and Via de la Valle is not within the jurisdiction of the City of Solana Beach, but rather the City of Del Mar.

ADMINISTRATION

This program is administered through red light cameras provided by contract, RedFlex Traffic Systems. The City continues to control the traffic signals. The San Diego Sheriff's department, through a City contract, determines if evidence is adequate to issue violations, and tickets are mailed within 15 days of the offense. The San Diego Sheriff's department officer appears at court to defend the violation when necessary.

TESTING

Red light cameras are always being tested for maintenance and accuracy, and they take pictures at times when there is no violation. Therefore, flashes may be seen at times that look similar to when they are triggered by a vehicle violating a red light. A ticket will not be issued if the system is in test mode.

QUESTIONS

If you have questions about a red light violation you have received in the mail or that you may receive, you may contact the office that manages red light citations, on behalf of the City of Solana Beach, at **760-966-3500 (San Diego Sheriff's department).**
