

CITY OF SOLANA BEACH

Checklist for Determination of Construction Project Priority

Based on Federal, State, and local regulations, project applicants must submit stormwater documentation for all construction projects. Responses to this checklist represent an assessment of the proposed project construction impacts. Results of the checklist will classify a project as one of the following: High Priority Construction Project or Standard Construction Project. If additional information is needed while completing this checklist, please contact the City of Solana Beach at stormwater@cosb.org or 858-720-4424.

Project Information

Project Name:

Project Address:

Project APN:

Prepared by:

Prepared on behalf of:

	YES	NO
1) Is the site located within, directly adjacent to or discharging directly to a receiving water within an Environmentally Sensitive Area (ESA) (see map for reference)	<input type="checkbox"/>	<input type="checkbox"/>
2) Is the project in an area that is tributary to San Elijo Lagoon? (see map for reference)	<input type="checkbox"/>	<input type="checkbox"/>
3) Presence of Significant slopes Does the development area contain any slopes that meet the following criteria? A slope between 5% to 20% and higher than four (4) feet, or A slope greater than 20% and higher than two (2) feet	<input type="checkbox"/>	<input type="checkbox"/>
4) Is the total soil disturbance of the site, including offsite staging areas, greater than one acre? <i>Note: if greater than one acre, this project will require cover under the Statewide General Construction Permit, see:</i> waterboards.ca.gov/water_issues/programs/stormwater/construction.html	<input type="checkbox"/>	<input type="checkbox"/>

If any responses to questions 1-4 above are 'Yes', the project is a High Priority Construction Project. If all responses are 'No' the project is a Standard Construction Project.

This project is a:

- High Priority Construction Project**
- Standard Construction Project**
