B. PUBLIC HEARINGS: (B.1.)

This portion of the agenda provides citizens an opportunity to express their views on a specific issue as required by law after proper noticing by submitting a speaker slip (located on the back table) to the City Clerk. After considering all of the evidence, including written materials and oral testimony, the City Council must make a decision supported by findings and the findings must be supported by substantial evidence in the record. An applicant or designee(s) for a private development/business project, for which the public hearing is being held, is allotted a total of fifteen minutes to speak, as per SBMC 2.04.210. A portion of the fifteen minutes may be saved to respond to those who speak in opposition. All other speakers have three minutes each. Please be aware of the timer light on the Council Dais.

B.1. Public Hearing: 1036 Solana Drive, Applicant: Unitarian Universalist Fellowship of San Dieguito, Case: 17-16-18 (File 0600-40)

The proposed project meets the minimum objective requirements under the SBMC, could be found to be consistent with the General Plan and could be found, as conditioned, to meet the discretionary findings required as discussed in this report to approve a CUP Modification, DRP, VAR and SDP. Therefore, Staff recommends that the City Council:

1. Conduct the Public Hearing: Open the Public Hearing, Report Council Disclosures, Receive Public Testimony, and Close the Public Hearing.
2. Adopt the IS/MND in accordance with CEQA.
3. If the City Council makes the requisite findings and approves the project, adopt **Resolution 2020-029** conditionally approving a CUP Mod, DRP, VAR, and SDP to construct improvements to an existing religious facility/campus located at 1036 Solana Drive, Solana Beach.

Council disclosures.

Chris Faller, Applicant, introduced Jessica Schwartz, Domus Studio Architects, who presented a PowerPoint (on file).

Lisa Shaffer, congregant, requested approval of the variance for needed site improvements including drainage.

Alan Smerican (time donated by Marcia Smerican) spoke about the conditional use being an exception to the General Plan, there being no rights to unlimited expansion, the tall tower that could be seen from a distance that was not supposed to be visible, the church was involved in political activities so it would not qualify as church per the IRS, the objectionable banners posted around the public viewing area, the lack of required ADA improvements, and opposition to the size of the project.

Jon Dominy, Domus Studio, said that the project site was not being expanded and that a variance would not be necessary if the previous determination that the slopes were not steep hillsides was followed.

Motion: Moved by Councilmember Harless and seconded by Councilmember Zito to close the public hearing. Motion **Approved 5/0**: Ayes: Edson, Hegenauer, Becker, Harless and Zito. Noes: None. Motion carried unanimously.

Council discussed the modesty of the project, fire access and drainage, maintenance, and that findings for a variance could be met due to unique circumstances and when application of the usual standards would be unreasonable.

Motion: Moved by Mayor Edson and seconded by Councilmember Zito to approve staff recommendation. Motion **Approved 5/0**: Ayes: Edson, Hegenauer, Becker, Harless and Zito. Noes: None. Motion carried unanimously.
