Brian Hannegan, RRM Design Group, continued the PowerPoint (on file) regarding landscaping, site furnishings, seating areas, rest stops, walls, bus shelters, and pavement treatment ideas.

Greg Wade, City Manager, said that there have been many comments received from the public over the last few years, that four lanes of traffic would be preserved within the existing right-of-way, there was no acquisition of private property encroachments, that the north side would have a combination of multi-use paths extending all the way up to Cedros as well as two on-street bike paths, that there would be no need for bike sharrows in this corridor, and that designs were presented for discussion and would not need to be decided at this time.

Douglas Alden said that he lived in the area and that this was a great plan created for this corridor for drivers, cyclists, and pedestrians by way of much community involvement and Staff work overtime.

Council, Staff, and Consultants discussion including DG (decomposed granite), walkway’s materials and colors, coordination with the NCTD regarding bus benches, landscaping for climate resilience and adaptation, the full width of the trail is 10 ft. with a 5 ft. path shoulder and a 3 ft. buffer which all totals 18 ft., bus shelter options at relative costs of $10,000 to $30,000, streetlights, actively pursuing grant funding as the project is close to shovel-ready, boulder or wall seating areas, paving treatments, the area under the bridge in Caltrans area is not part of this project but an opportunity to look at some benefits to enhance the area, signalization along the corridor, continuity of existing bike racks and streetlights and bus stops along the corridor, bench and tile walls, and what amount of greenery that may absorb noise.

Mayor Heebner recessed the meeting at 7:49 p.m. for a break and reconvened at 7:53 p.m.

STAFF REPORT
CITY OF SOLANA BEACH

TO: Honorable Mayor and City Councilmembers
FROM: Gregory Wade, City Manager
MEETING DATE: July 14, 2021
ORIGINATING DEPT: Engineering Department
SUBJECT: Council Consideration of Resolution 2021-093 Approving the First Amended Restatement of Agreement Between Cardiff Sanitation District and Solana Beach Sanitation District Establishing the San Elijo Joint Powers Authority

BACKGROUND:

The Solana Beach and Cardiff Sanitation Districts entered into a Joint Powers Agreement in 1963 when both districts were governed by the County of San Diego Board of Supervisors. This agreement, also known as the Basic Agreement, provided for conveyance, treatment and disposal of sewer flows generated from both districts. The Basic Agreement was superseded by the “Agreement Between Cardiff Sanitation District and Solana Beach Sanitation District Establishing a Joint Powers Authority for the Operation, Maintenance, Construction, Upgrade, and Expansion of a Joint Sewage System” in June 1987 shortly after incorporation of the cities of Solana Beach and Encinitas. Under that agreement, the San Elijo Joint Powers Authority (SEJPA) is a separate public entity empowered to provide for transmission, collection, treatment, and disposal of wastewater and to develop water reclamation facilities for recycled water. The SEJPA governing board was changed from the County Board of Supervisors to two elected councilmembers of the two cities, through appointment by each of the respective City Councils.

The 1987 agreement was amended several times. In 2008, the SEJPA adopted a “Restatement of Agreement Between Cardiff Sanitation District and Solana Beach Sanitation District Establishing the San Elijo Joint Powers Authority” (Reinstatement) in order to incorporate the prior amendments into a single document, update the original Agreement, and clarify the duties and responsibilities of the SEJPA and the member agencies.

COUNCIL ACTION:

AGENDA ITEM # A.3.
Further amendments appeared necessary. Therefore, on September 15, 2020, the SEJPA Board of Directors unanimously approved the “First Amended Restatement of Agreement Between Cardiff Sanitation District and Solana Beach Sanitation District Establishing the San Elijo Joint Powers Authority” (First Restatement) (Attachment 2) and directed staff to take to the First Restatement to respective City Councils for final approval. Financial, Legal, and Risk Management review has been completed.

This item is before City Council to consider adoption of Resolution 2021-093 (Attachment 1) approving the First Amended Restatement of Agreement Between Cardiff Sanitation District and Solana Beach Sanitation District establishing the San Elijo Joint Powers Authority.

**DISCUSSION:**

The Restatement was last updated in 2008. SEJPA staff and legal counsel reviewed the Restatement and provided a list of proposed changes to reflect current operating conditions of the SEJPA, improve purchasing and budgeting, and to recognize new legislation that impacts the agency. The following is a summary of the significant changes proposed:

**Section 3.4 – General Manager:**
- Revise title to Chief Executive Officer/General Manager.
- Raise General Manager authority to execute contracts up to $50,000 from $35,000.
- Delete current aggregate expenditures limit of $75,000 for urgent maintenance or repair work necessary to protect public health and the environment and replace with requirement to comply with section 22050 of the Public Contract Code.

**Section 4.7 – Allocation of costs between member agencies for casualty losses/liabilities:**
- Change liabilities in excess of insurance payouts based on three-year average flow instead of one-year average.
- Add a section for uninsured claims and how to handle.

**Section 4.9 – AB 1912 compliance:**
- Add a section for how to address unfunded pension liabilities in the event of SEJPA dissolution or member agency withdrawal.

**Section 6.1 – Budget Schedule:**
- Insert language authorizing the SEJPA Board to adopt a one- or two-year budget.

**Section 6.4 – Allocation of operations and maintenance costs between member agencies:**
- Revise billing structure to use three-year average flow instead of one-year average.
Section 6.5 – SEJPA funds:
- Current language regarding Wastewater Operations and Maintenance, Water Reclamation, and Capital Improvement funds updated to allow the Board of Directors to establish other funds by resolution for future consideration of additional funds as needed.

Section 6.6 – Capital Reserve Fund:
- Add language to include other public entities on the basis of leased capacity.

Section 7.1 – Capacity Rights and Section 9.2 – Previous Agreements:
- Updated these sections to add language incorporating Del Mar leased capacity comparable to current language acknowledging that SEJPA provides the Rancho Santa Fe Community Services District leased capacity that is supplied equally from capacity of each member agency.

Section 9.5 – Del Mar Agreement:
- Added language to include the Del Mar wastewater agreement administered by SEJPA.

Section 9.6 – Recycled Water Agreements:
- Language added to include recycled water sales agreements administered by SEJPA.

Solana Beach City Staff, including the City Manager, City Attorney, City Engineer, and Finance Director evaluated the proposed changes and all relevant recommended changes and revisions have been incorporated in Attachment 2. The City Council of the City of Encinitas unanimously approved the First Restatement at its meeting on May 26, 2021.

Beach shall be referred to as the “parties” or “Member Agencies”), pursuant to the laws of the
State of California.

RECITALS

A. The Cardiff Sanitation District and the Solana Beach Sanitation District jointly
constructed and operated a water pollution control facility known as the San Elijo Water
Pollution Control Facility, pursuant to a joint powers agreement, commonly referred to as the
“Basic Agreement.”

B. The Basic Agreement was superseded by the “Agreement Between Cardiff
Sanitation District and Solana Beach Sanitation District Establishing A Joint Powers Authority
For The Operation, Maintenance, Construction, Upgrade and Expansion Of A Joint Sewage

authority of the sanitation districts to provide for the transmission, collection, treatment, disposal
of sewage and wastewater, and to develop water reclamation facilities, and was vested with all of
their rights, obligations, liabilities and duties.

C. Upon the dissolution and merger of the Solana Beach Sanitation District with the
City of Solana Beach on July 1, 1990, and the dissolution and merger of the Cardiff Sanitation
District with the City of Encinitas on October 18, 2001, these cities became entitled to continue
to exercise the rights of the county sanitation districts in accordance with Government Code
Sections 56886, 57461 and 57462, with respect to the provision of sewer service pursuant to the contracts under which the San Elijo Joint Powers Authority was created and operated.

D. The agreement establishing the SEJPA Joint Powers Agreement was amended a number of times between 1989 and 2008. It is the intent of the parties to supersede the June 1987 agreement, as so amended, 2008 amendment to the Joint Powers Agreement by the adoption of this “First Amended Restatement of Agreement Between Cardiff Sanitation District and Solana Beach Sanitation District Establishing the San Elijo Joint Powers Authority;” (hereinafter the “Agreement.”). The purpose of this amended Agreement is to incorporate prior amendments into a single document, update the Agreement, and to clarify and supplement reflect changes in the duties and responsibilities of SEJPA and the parties’ law and circumstances.

In consideration of these recitals and the mutual covenants contained herein, the Member Agencies agree as follows:

Section 6.7. Each Member Agency agrees to pay the SEJPA its allocated share of the total estimated annual costs and expenses of the SEJPA in periodic payments within 30 days of receipt of invoice. The SEJPA shall submit to each Member Agency a final detailed statement of the final costs and expenses for the fiscal year, allocated in the same manner as estimated expenses were allocated, within 30 days after completion of the fiscal year end audit, whereupon final adjustments of debits and credits shall be made by the SEJPA. If the amount of any allocated share of any estimated item of expense due from a Member Agency was less than the final allocation of such item to the Member Agency, the Member Agency shall forthwith pay the difference to SEJPA. If the amount of any allocated share of any estimated items of expense due from Member Agency was in excess of the final allocation of such item to that Member Agency, SEJPA shall credit such excess to the appropriate account of such agency.

CAPACITY RIGHTS

Section 7.1.

(a) Based upon completion of expansion as described in the 1989 agreement between the parties, each Member Agency has a right to 50 percent of the available wastewater treatment capacity of the Plant Joint System (equal to 2.625 MGD each, as of the date of this Agreement). However, to the extent a portion of this capacity is leased to the Rancho Santa Fe Community Services District and the City of Del Mar, the parties agree that such demands shall be supplied equally from the capacity of each Member Agency. Nothing in this section shall be construed to grant any rights to the Rancho Santa Fe Community Services District or the City of Del Mar.

(b) Neither Member Agency shall issue sewer treatment commitments, availability letters, or permits totaling more than 100 percent of its allocated capacity rights. The SEJPA shall meter the amount of sewage wastewater from each Member Agency being treated at, transported, recycled or disposed of by the Plant Joint Facilities. When the SEJPA finds that a
Member Agency is utilizing 75 percent or more of its maximum capacity rights, SEJPA shall immediately notify the Member Agency in writing. The Member Agency shall immediately take steps to reduce its use of the Plant so as to be within its maximum capacity rights. If a Member Agency is unable to reduce its use of the Plant Joint Facilities, it shall either;

1. Purchase or lease capacity from the other Member Agency, at a price negotiated between the Member Agencies, if the other Member Agency has surplus or unused capacity rights; or

2. At its own expense, provide for modifications to pumping and conveyance or treatment facilities so as to accommodate its excess use of the Plant Joint Facilities.

Should any party fail to comply with the provisions of this Section, SEJPA may take any necessary action under Section 7.3 or Section 7.5.

Either Member Agency may sell any portion of its maximum capacity to the other Member Agency. Upon such sale, the SEJPA Board will adjust the maximum capacity of the Member Agencies to reflect the sale.

Section 7.3. At no time shall the flow to or into the Plant Joint System from a Member Agency exceed the party’s capacity rights. The SEJPA shall have the power to limit the sewage treatment commitments, availability letters or permits, or the sewage flowing to or into the Plant Joint System from a party to the capacity rights of that party. The SEJPA shall have the power to prohibit the discharge to the Plant Joint System of any substance in a concentration which exceeds the maximum limit that may have been established by resolution or ordinance of the SEJPA, or of either party, as necessary to safeguard the sewage treatment processes of the Plant. The and to meet disposal or recycling regulatory requirements. SEJPA shall cause the combined effluent treatment of the Plant Joint System to be monitored, as well as the combined discharge, to determine whether federal and/or state discharge requirements or permit limits are being met. In addition, the SEJPA shall cause the effluent of each Member Agency to be monitored. If the combined effluent of the Plant Joint System, at the
point of ultimate discharge into the receiving water, fails at any time to meet all discharge requirements or permit limits, the Member Agency responsible for each violation shall be solely responsible for any fines or penalties levied or criminal sanctions imposed. In this regard, the Member Agency responsible for any such violation shall hold harmless the SEJPA and the non-violating Member Agency from all liability and damages, fines or penalties, incurred by them or any of them as a direct and proximate result of such violation, including, but not limited to, legal, engineering and administrative expenses, and direct or indirect damages incurred by the SEJPA or any non-violating Member Agency as a result of a cease and desist order, or court injunction from any state or federal agency restricting construction within the jurisdictional limits of the SEJPA or the Member Agency. Upon notification of any such violation, the Member Agency in violation shall take prompt, corrective action as necessary to meet said discharge requirements or permit limits.

Section 7.4. The Member Agencies agree that the SEJPA shall be empowered, in any case in which the SEJPA is a party, to a grant contract with the State of California or the United States of America, to impose to the extent permitted by law on each of the Member Agencies, the duty of compliance with all conditions in such grant contract, and each Member Agency agrees to comply with such conditions by enactment of appropriate ordinances, regulations or otherwise.

Section 7.5. Each Member Agency, as required by law, shall adopt and maintain a uniform industrial waste ordinance that will establish criteria for, and restrictions on, the nature and quality of industrial waste discharged either directly or indirectly into the Plant. The Joint Facilities. The SEJPA, acting through the general manager with the approval of the SEJPA Board, shall be responsible for the design, implementation and operation of a program for inspection and monitoring all industrial waste produced in each Member Agency and discharge into the Joint Facilities, including field inspection employees of the SEJPA. The industrial waste ordinance of each Member Agency will authorize field inspection employees of the SEJPA to act as enforcement agents of the Member Agency with power to inspect and issue notices for violations of such ordinance; provided that all actual prosecutions for violations of such ordinances (including, without limitation, levying of fines, disconnection of discharge lines, and civil and criminal court actions) shall be the exclusive responsibility of the respective parties.

All costs and expenses of the SEJPA under this section shall be allocated by the SEJPA to the
parties on the basis of the actual costs incurred for each party and as a part of maintenance and operation costs provided for in Section 6.3.

Section 7.6. Each Member Agency, and any other agency using the plantJoint Facilities, shall adopt and enforce ordinances, resolutions, rules and regulations, regulating the type and condition of sewage and wastewater or other discharge permitted to be discharged into the transmission facilities under the control of the Member Agency or other agency, and shall prohibit users of every kind and nature from discharging any sewage, wastewater or storm water which, stormwater or other materials that would be detrimental to the Joint Facilities or any part thereof. City Attorney
TO: Honorable Mayor and City Councilmembers
FROM: Gregory Wade, City Manager
MEETING DATE: July 14, 2021
ORIGINATING DEPT: City Manager/Human Resources
SUBJECT: Council Consideration of Resolution 2021-096 Adopting Fiscal Year 2021/2022 Salary, Classification and Compensation Plans for the Non-Represented (Executive Management, Mid-Management, Management and Confidential) Employees, the Solana Beach Miscellaneous Unit (SBEA-MISC.), the Marine Safety Unit (SBEA-MSU), the Solana Beach Firefighters Association (SBFA), City Manager, Part-Time/Seasonal/Temporary Employees, and Elected Officials, and Resolution 2021-097 Adopting the Memorandum of Understandings for SBEA-MISC. and SBEA-MSU, and Updating the Public Works Operations Manager and Supervisor Job Descriptions.

BACKGROUND:

In accordance with the City’s Personnel Rules and Regulations, Section 8.10, the City Council authorizes and approves all salary and benefit plans for employees and establishes salary ranges pursuant to the recommendation of the City Manager. Salary and benefits for non-represented employees (confidential, management and seasonal/part-time employees) are included in the Salary and Compensation Plan approved by the City Council each fiscal year. The City Council must approve a Salary and Compensation Plan for all employees to coincide with fiscal appropriations of a new fiscal year and new budget. Subsequent revisions to the adopted Salary and Compensation Plan will be recommended by the City Manager pursuant to City Personnel Rules and approved by the City Council.

The Memoranda of Understanding (MOU) covering three-year terms beginning on July 1, 2017, with both the Solana Beach Employee Association Miscellaneous Unit (SBEA-MISC.) and the Solana Beach Employee Association Marine Safety Unit (SBEA-MSU) expired on June 30, 2020. However, due to the unforeseen COVID-19 pandemic and the state of emergency, both the members of SBEA-MISC. Unit and the SBEA-MSU voluntarily proposed and offered to extend the terms of their respective MOUs (with no salary or health benefit increases) for an additional year, until June 30, 2021. The City greatly appreciated this gesture by both employee groups and accepted both proposals.

CITY COUNCIL ACTION:
______________________________________________________________

AGENDA ITEM # A.4.
Additionally, the Solana Beach Firefighters’ Association (SBFA) is currently in a four (4) year MOU with the City from July 1, 2018, to June 30, 2022. For FY 2020/2021, SBFA was scheduled to receive a 2% salary increase as well as a 5% increase to their health benefit (flex) credit. Due to the COVID-19 pandemic, SBFA membership also agreed to postpone these increases until January 1, 2021, without any retroactive pay for the initial six-month period. Again, the City greatly appreciated SBFAs agreement to the postponement to assist the City with navigating the unknown fiscal impacts of the pandemic.

Negotiations with SBEA-MISC. and SBEA-MSU representatives for successor MOUs began in March 2021. The City met and conferred in good faith with both groups and reached an agreement with both groups for a two-year MOU that covers FY 2021/2022, and FY 2022/2023. The proposed FY 2021/2022 Salary and Compensation Plans include the negotiated and approved 4.5% salary increase for the SBEA-MSU employees. The proposed FY 2021/2022 Salary and Compensation Plans also include the negotiated and approved 3% salary increase for the SBEA-MISC. employees, as well as a one-time non-PERSable stipend of $1,650 per employee.

The Non-Represented Executive, Mid-Management, Management and Confidential employees will also receive a 3% salary increase in FY 2021/2022. One non-represented Confidential employee will also receive the one-time non-PERSable stipend in the amount of $1,650. Additional increases to the Executive, Mid-Management, and Management employees may be provided at the discretion of the City Manager, based upon performance and the City Council approved budget.

The SBEA-MSU, SBEA-MISC. employees and all Non-Represented employees will also receive a 5% increase to their health benefit (flex) credit ($1,426.00 per month) for FY 2021/2022.

The Solana Beach Fire Association – (SBFA) is currently in the middle of a four-year MOU, which covers FY 2018/2019, FY 2019/2020, FY 2020/2021, and FY 2021/2022. The proposed FY 2021/2022 Salary and Compensation Plans include the negotiated and approved 2% salary increase for the SBFA employees.

Based on the negotiated terms of the current SBFA MOU (July 1, 2018, to June 30, 2022), the SBFA employees will not receive any increase to their health benefit flex credit for FY 2021/2022.

The Part-Time/Seasonal Temporary employees’ salary schedules will also be adjusted by 3% for FY 2021/2022.

Classification Updates

In August 2005, the City’s Public Works Supervisor at the time retired from the City. In June 2006, due to a need for greater administrative assistance and project management, the City reclassified the Public Works Supervisor position to a Public Works Operations Manager.

Due to departmental and operational needs of the Public Works Department, and to allow for promotional opportunities, the City has updated and is renewing the City’s previous Public Works Supervisor position (Attachment 14). The position will allow for more hands-on planning, organizing and first level supervision of the Public Works Staff. This position will be a Fair Labor Standards Act (FLSA) exempt position and part of the Management Salary Schedule 1 at pay grade M-1.

Additionally, in July 2020, the City’s Public Works Operations Manager retired, and the position has been vacant for a year. During this time, the City has reviewed the duties and responsibilities of the Public Works Operations Manager and determined that the demands and responsibilities of the position have greatly increased. Accordingly, in order to keep up with the activities and the complex administrative requirements of the job, the City is updating the educational requirements of the position from a two-year associate degree to a four-year bachelor’s degree (Attachment 15). This change will also allow for the position to be more aligned with other Public Works Operations Manager positions within San Diego County.

The City plans to recruit for both positions during Fiscal Year 2021/2022.

CEQA COMPLIANCE STATEMENT: Not a project as defined by CEQA.

FISCAL IMPACT:

The FY 2021/22 and FY 2022/23 Operating Budget, as adopted by the City Council on June 23, 2021, included appropriations for the ongoing labor group negotiations at the time of the budget report. The since finalized negotiations include increased costs and additional appropriations are needed to align the salaries, wages, and benefit expense budget with the SBEA-MSU MOU and the SBEA-MISC MOUs.

A total additional appropriation is needed in FY 2021/22 of $3,675, of which $950 is allocated to the General Fund. The remaining amount of $2,725 will be allocated to other non-General Fund funds such as Sanitation, Street Lighting, and Junior Guard/Camp Programs fund.

A total additional appropriation is needed in FY 2022/23 of $16,550, of which $11,570 is allocated to the General Fund. The remaining amount of $4,980 will be allocated to the Junior Guard/Camp Programs Fund.

The Solana Beach Firefighters’ Association (SBFA) is currently in the final year of a four (4) year MOU with the City from July 1, 2018, to June 30, 2022. For FY 2021/2022,
SBFA is scheduled to receive a 2% salary increase and no increase to their flex credit and these increases totaling $57,920 are included in the FY 2021/2022 Adopted Budget.

This Memorandum of Understanding (MOU) is made and entered into pursuant to Solana Beach Resolution No. 92-52 (Employer-Employee Relations Resolution), and applicable State law between the designated management representatives of the City of Solana Beach (CITY), and the Solana Beach Firefighters’ Association (SBFA), the Recognized Employee Organization (under Solana Beach Resolution No. 92-52) for certain full-time fire department safety employees represented herein.

This MOU is the result of good faith negotiations regarding wages, hours and other terms and conditions of employment under the provisions of the California Meyers-Milias-Brown Act. The parties to this MOU hereto have met and conferred in good faith exchanging various proposals in an attempt to reach agreement. The parties affirm their mutual commitment to the goals of effective and efficient public service, high employee morale, sound and responsible management of CITY business, and amicable employer-employee relations. The parties encourage the highest possible degree of friendly cooperative relationships between their respective representatives at all levels and with and between all employees.

All provisions in this MOU constitute the entire understanding between the parties regarding the subject provisions. Provisions wherein this MOU is silent, the City’s Personnel Rules and Regulations prevail. There are no Special Departmental Policies that supersede the issues addressed by this MOU, unless signed by the City Manager at the time of MOU Adoption. Any subsequent Departmental Policies affecting aspects of provisions contained in this MOU directly or indirectly related to compensation must be authorized and signed by the City Manager and made part of the MOU as a side letter.

SECTION 2 - RECOGNITION

Pursuant to Solana Beach Resolution No. 92-52 (Employer-Employee Relations Resolution), and applicable State law, the CITY acknowledges SBFA as the Recognized Employee Organization for fire department safety employees in the classifications of Firefighter/Paramedic, Fire Engineer, Fire Captain, and Shift Fire Captain, and all provisions of the MOU shall apply to said classifications.

Nothing in this Article is intended to amend, alter, modify or supersede the provisions of Resolution No. 92-52, the rights of employees there under, or the rights of individual employees under the provisions of the Meyers-Milias-Brown Act.
SECTION 3 - APPROVAL BY THE CITY COUNCIL

This MOU constitutes a mutual recommendation to be jointly submitted to the City Council for its consideration and approval. If this MOU is approved by the City Council, the CITY will act in a timely manner to implement the changes to ordinances, resolutions, rules, policies, practices and procedures, if any, contemplated by this MOU.

Upon approval by the City Council, this MOU, along with the Solana Beach Personnel Rules and Regulations (as existing on the date of this MOU or as modified by or pursuant to this MOU), Fire Department Policies and Directives (as existing on the date of this MOU or as modified by or pursuant to this MOU), and other Policies or Directives established by the CITY (as existing on the date of this MOU or as modified by or pursuant to this MOU) will govern the wages, hours and terms and conditions of employment of the employees represented by the SBFA, subject to the provisions and limitations of Chapter 2.44 (Personnel System) of the Solana Beach Municipal Code.

SECTION 4 - AUTHORIZED AGENTS/REPRESENTATIVES

The CITY’S principal authorized agent shall be the City Manager or the City Manager’s authorized representative, unless a particular officer or employee is specifically designated in connection with the performance of a specific function or obligation set forth in the MOU. The SBFA’s principal authorized agent shall be its president or a duly authorized designee of the president.

SECTION 5 - BENEFIT PLAN

All permanent employees in this Unit shall be entitled to receive health, dental and vision insurance in accordance with the group insurance policies acquired by the CITY.

- Effective July 1, 2018 through June 30, 2019, the CITY will contribute a monthly health insurance allowance up to a maximum of $1,500 per month, per full-time employee, toward the medical, dental, and vision insurance options offered through the CITY’s Flexible Benefit Plan.

- Effective July 1, 2019 through June 30, 2020, there will be no increase to the monthly health insurance allowance and the amount will remain up to a maximum of $1,500 per month. All previous terms apply.

- Effective July 1, 2020 through June 30, 2021, the City will increase the maximum monthly health insurance allowance by 5% from $1,500 to a maximum of up to $1,575 per month, per full-time employee, toward the medical, dental, and vision insurance options offered through the CITY’s Flexible Benefit Plan. All previous terms apply.

- Effective July 1, 2021 through June 30, 2022, there will be no increase to the monthly health insurance allowance and the amount will remain up to a maximum of $1,575 per month. All previous terms apply.
All wages, benefits, hours, terms, and conditions of employment listed in this MOU will continue until June 30, 2022 and thereafter until a new agreement is reached.

**Opt-Out/Cash Back Provisions:**

**Employees hired prior to July 1, 2018:**

1) Employees who do not enroll in the medical, dental or vision insurance plans provided by the City (“opt-out”) will receive $1,293 cash back per month. Employees who opt-out of plans provided by the City must provide proof of other “minimum essential group medical insurance coverage” to the Human Resources Manager, as set forth below.

2) Employees who either:
   a) Do not enroll in the medical insurance plan provided by the City and enroll in either the dental or vision plans provided by the City; or
   b) Enroll in medical and dental or vision plans provided by the City where the total monthly health insurance premiums cost less than $1,293 will receive the difference between $1,293 and their total monthly insurance premiums for medical, dental, and vision plans provided by the City.

3) No cash back will be provided to employees whose total monthly insurance premiums for medical, dental, and vision plans provided by the City exceed $1,293.

**Employees hired on or after July 1, 2018:**

1) Employees who do not enroll in the medical, dental or vision insurance plans provided by the City (“opt-out”) will receive $475 cash back per month. Employees who opt-out of plans provided by the City must provide proof of other “minimum essential group medical insurance coverage” to the Human Resources Manager, as set forth below.

2) Employees who either:
   a) Do not enroll in the medical insurance plan provided by the City and enroll in either the dental or vision plans provided by the City; or
   b) Enroll in medical and dental or vision plans provided by the City where the total monthly health insurance premiums cost less than $475 will receive the difference between $475 and their total monthly insurance premiums for medical, dental, and vision plans provided by the City.
3) No cash back will be provided to employees whose total monthly insurance premiums for medical, dental, and vision plans provided by the City exceed $475.

The CITY will make available medical, dental, and vision insurance plans for SBFA employees. The City also provides for employee participation in Health Care and Dependent Care Flexible Spending Accounts. The Flexible Spending Accounts are established under Section 125 of the Internal Revenue Code and will be administered by a third party administrator (TPA).

All employees must either elect medical insurance for employee only or provide satisfactory proof of other minimum essential group medical insurance coverage through a non-CITY plan. The CITY’s Human Resources Department will be responsible for approving an employee’s proof of health coverage. After the CITY’s initial verification of employee coverage under another non-CITY medical plan, the Human Resources Department will request proof of coverage as often as deemed necessary to ensure an employee’s continued medical insurance coverage. All costs of insurance coverage for the employee or dependents in excess of the CITY contribution shall be borne by the employee.

All Cafeteria Plan elections must be made on forms approved by the Human Resources Department. Elections must be made prior to the beginning of the Plan year and must remain in effect unless there is a qualifying event as defined under IRS regulations and the City of Solana Beach Flexible Benefit Plan, and approved by the Human Resources Department.

**SECTION 6 - CALL BACK**

Employees shall be entitled to call back pay as provided in the City Personnel Rules and Regulations.

Call back work is defined as work required by management of an employee who, following completion of the employee’s work day or work week and departure from employee’s work site, is unexpectedly ordered to report back to duty to perform necessary work.

Employees who are called back shall receive a minimum of three (3) hours compensation at time and one half.

Whenever an employee is called back, the employee shall receive the minimum provided or pay for hours actually worked, whichever is greater.

Hours worked shall be calculated beginning at the time the call back is received by the employee and ending when the employee is relieved of duty.

If an employee, who is called back to work and has completed his/her assignment and left work, is called back to work, he/she shall not receive another minimum if the time return is within the previous call back minimum.
Stand-by time as provided under Section 9.03 D of the Personnel Rules shall not apply to employees covered by this MOU.

SECTION 7 - CAREER PATH

The career path for the fire department shall be: Firefighter/Paramedic, Engineer, Fire Captain, Shift Fire Captain, Battalion Chief, Deputy Fire Chief, and Fire Chief. The Fire Chief shall determine the job qualifications and duties for the positions within the career path, with the exception of the Fire Chief position, according to the management rights provisions of this MOU. To the extent that a change in the job qualifications and duties implicates negotiable matters, the City will negotiate said changes with the Association, as required by law. Nothing in the career path shall be construed as requiring the CITY to promote or hire any employee, or as precluding any lawful method for the selection of employees.

The City’s salary schedule shall maintain a 5% separation between the Firefighter/Paramedic classification and the Engineer classification.

SBFA acknowledges that the CITY intends to retain a compensation differential of 2% between the Fire Captain and Shift Fire Captain ranges, and to base salary comparisons on the Fire Captain position.

SECTION 8 - CITY MANAGEMENT RIGHTS

The CITY retains and has the exclusive decision-making authority to manage municipal services and the work force performing those services so long as the CITY exercises that exclusive authority in conformity with the express provisions of this MOU.

Subject only to the provisions of this MOU, the CITY has the exclusive decision-making authority to:

(a). Determine and modify the organization of CITY government and its constituent work units;

(b). Determine the nature, standards, levels and mode of delivery of services to be offered to the public, provided, however, should the City determine to change the mode of delivery of services to be offered to the public, it shall first notify SBFA and if an effect on represented employees is identified, shall meet and confer with SBFA regarding the effect of such decision on represented employees;

(c). Determine the budget for the CITY and its respective departments, to allocate funds and resources and determine revenue sources;

(d). Determine methods, means, and the numbers and kinds of personnel by which services are to be provided;

(e). Determine whether goods or services shall be made, purchased or contracted for, provided, however, should the CITY determine to contract out bargaining unit work, it shall first meet and confer with SBFA
regarding the effect of such decision on represented employees;

(f). Determine employee work assignments, including scheduling and assignment of work and overtime;

(g). Establish employee performance standards and require compliance therewith;

(h). Promote or hire employees and establish job qualifications, descriptions and requirements;

(i). Discharge, suspend, demote, reduce in pay, reprimand, withhold salary increases and benefits, or otherwise discipline employees subject to the provisions of the City’s Personnel Rules and Regulations;

(j). Relieve employees from duty because of lack of work or lack of funds or for other legitimate reasons;

(k). Implement rules, regulations and directives consistent with law and the provisions of this MOU;

(l). Take all necessary actions to protect the public health, safety and welfare in emergencies.

The manner in which the CITY exercises any of the rights under this paragraph shall not be subject to any grievance procedures.

SECTION 9 - EMPLOYEE RIGHTS

As a result of this MOU, no person shall be favored or discriminated against by either the CITY or SBFA, to the extent provided by law because of political or religious opinions or affiliations, race, national origin, age, sex, sexual orientation or disability.

Neither the CITY nor SBFA shall interfere with, intimidate, restrain, coerce, or discriminate against employees covered by this MOU because of the exercise of rights to engage or not engage in SBFA activity or because of the exercise of any right provided to employees by this MOU or the Meyers-Milias-Brown Act.

Nothing in this MOU shall be construed as a waiver of any of the following rights of individual employees which may be exercised in compliance with applicable laws, ordinances and rules and regulations:

(a). The right to form, join and participate in the activities of employee organizations of the employee’s own choosing for the purpose of representation on matters of employer/employee relations or not to join or participate in the activities of any organization as provided in Solana Beach Resolution No. 92-52. All employees have a right to be free from interference, intimidation, restraint, coercion, discrimination, or reprisal on the part of the management representatives, the supervisor, other employees, or employee organizations, with respect to his or her
membership or non-membership in any employee organization.

(b). Pursuant to the Meyers-Milias-Brown Act, the right to represent himself or herself individually in employer/employee relations with the CITY or to be represented through a representative designated by the employee.

(c). The right to review his or her individual personnel file during regular business hours, and at times convenient to the employee and Human Resources. The employee must give written notification of the request at least twenty-four (24) hours in advance to the Human Resources Department.

As the recognized employee organization, SBFA has the following rights which the CITY hereby recognizes:

(a). To govern its internal affairs;

(b). To use bulletin boards at CITY offices in locations convenient to SBFA and approved by the City Manager. SBFA shall have exclusive control over the material placed on the bulletin boards designated for its use; provided, however, that SBFA agrees to not post, and to immediately remove any unauthorized material, which is defamatory, violates CITY policies designed to assure a workplace free from harassment or discrimination, violates rules relating to political advocacy in the workplace, or violates any state or federal law;

(c). To use, with prior approval of the City Manager, CITY facilities for off-duty meetings of SBFA members; provided, however that use of CITY equipment or supplies other than incidental use during such meetings of items normally used at business meetings such as desks, chairs, blackboards, dry boards, and similar items is prohibited;

(d). To have reasonable access during working hours to members of SBFA for the purposes of providing representation and consultation; provided, however, that such access shall be subject to the approval of the Fire Chief in order to ensure no interference with the convenient operation of the Department and further provided that personal visits by business agents or representatives shall be subject to reasonable prior notice to the Chief;

(e). To have up to two of its members designated as representatives for the purposes of meeting and conferring with the CITY and to have those members provided with reasonable time off without loss of pay, during scheduled work hours, when those representatives are meeting and conferring with representatives of the CITY on matters within the scope of representation.
A SBFA representative shall be allowed to be present, at the request of any represented employee, during any hearing or meeting regarding discipline or a grievance:

(a) SBFA may designate one employee representative to assist an employee in preparing and presenting materials for disciplinary or grievance procedures. The designated employee representative shall be allowed reasonable release time from regularly scheduled duties for the purpose of investigating and preparing material for such procedures. Supervisors shall be given at least one-day prior written notice in the event release time is requested, unless the supervisor agrees otherwise. Employee representatives, who investigate, prepare, or present materials during off-duty time shall do so on their own time and shall not be considered to be working. Employee representatives and employees who attend personnel hearings during their off-duty time shall do so on their own time and shall not be considered to be working. If an employee who would otherwise be off-duty during the time of a personnel hearing is subpoenaed or ordered to attend the hearing, then the employee shall be considered to be working during the time the employee is in at the hearing in response to the order or subpoena.

(b) A designated employee representative requesting time off under this Section shall direct the request to the Chief in writing within a reasonable time before the date requested. The Chief shall respond to the request as soon as feasible, but not later than 5:00 p.m. on the next business day following the request. The request may be denied only if the Chief determines that it would unreasonably interfere with departmental staffing or sufficient coverage of departmental assignments. If the Chief does not respond to the request within the time provided by this Section, the City Manager may grant the release time. If the Chief or Manager does not grant the release time because of workload or other scheduling reasons, the Chief or Manager shall give notice to the employee of a date or dates when the release time will be provided.

SECTION 10 - FULL UNDERSTANDING, MODIFICATION, WAIVER

It is the intent of the parties that this MOU set forth the full and entire understanding of matters agreed to upon conclusion of the meet and confer sessions that resulted in this MOU. Any other matters not contained herein that were or could have been addressed during the meet and confer sessions are superseded and terminated in their entirety. This MOU may not be amended except by a writing executed by the parties after appropriate negotiations.

During the term of this MOU neither party shall be required to negotiate with the other regarding changes or modifications of the MOU, except as defined and agreed to with respect to re-opener clauses. If during the term of this MOU it becomes necessary for either party to propose changes in matters within the scope of representation and not covered by this MOU, then the party proposing the change shall give written notice to
the other party of the proposed change and request consultation or meeting and conferring as appropriate. The party to whom the request is made shall indicate within ten days of receipt of the written notice, in writing, whether they approve of the change as proposed or whether the party desires to consult or meet and confer. If the party desires consultation or meeting and conferring, the parties shall meet promptly in an earnest effort to reach a mutually satisfactory resolution of the matter as quickly as possible. Failure by SBFA to request consultation or meeting and conferring shall not be deemed approval of any action taken by the CITY, but only as a waiver of the right to consult or meet and confer.

Nothing in this MOU shall be construed to limit the authority of the CITY to make changes required to respond to an emergency. However, the CITY shall notify SBFA of such changes as soon as reasonably feasible. Emergency changes shall not extend beyond the period of emergency. “Emergency” means an unforeseen circumstance requiring immediate implementation of the change.

The consent to, or waiver of, any breach, provision or condition of this MOU shall not constitute a precedent in the future enforcement of any or all of the provisions of this MOU, nor a consent to, or waiver of, any future breach, provision or condition, unless otherwise expressly stated to the contrary in writing.

SECTION 11 - LEAVE PROVISIONS

SBFA agrees to abide by City’s Administrative Policy #31, Vacation, Sick Leave, and Other Leaves Use and Accrual.

Section 11.1 Vacation

Paid vacation shall be accrued on an hourly basis as follows:

<table>
<thead>
<tr>
<th>Months of Employment</th>
<th>Accrued Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 – 36 completion months</td>
<td>112 hours/year or 4.308 hours/pay period</td>
</tr>
<tr>
<td>37 – 120 completion months</td>
<td>168 hours/year or 6.461 hours/pay period</td>
</tr>
<tr>
<td>121+ completion months</td>
<td>224 hours/year or 8.616 hours/pay period</td>
</tr>
</tbody>
</table>

Full-time employees shall be entitled to earn and use vacation time according to the provisions of the City Personnel Rules and Regulations and the Fire Department Vacation Policy as amended as of the date of this MOU.

Section 11.2 Sick Leave

Fire employees who regularly work a schedule that averages 56 hours per week shall accrue sick leave at the rate of 7.385 hours per biweekly pay period. There shall be no limit to the amount of sick leave that an employee may accumulate.
Full-time employees shall be entitled to earn and use sick leave according to the provisions of the City Personnel Rules.

**Sick Leave Conversion:** Personnel Rules and Regulations Section 10.02(E) will be revised to reflect that 40 hours of sick leave may be converted to vacation leave when an employee has not used up more than 40 hours of sick leave during the previous year. All other provisions and requirements regarding Sick Leave will remain unchanged.

**Section 11.3 Holiday**

Holidays and holiday pay are generally governed by the City Personnel Rules and Regulations. However, because employees subject to this MOU are required to work shifts to provide full time fire protection services, each fire department safety employee working shift work shall receive an annual total of 122 hours of Holiday-in-Lieu payable in equal installments each two-week pay period. Holiday-in-Lieu is considered “Special Compensation” by CalPERS and California Code of Regulations (CCR) 571(5) defines “Holiday Pay” as additional compensation for employees who are normally required to work on an approved holiday because they work in positions that require staffing without regards to holidays. Therefore, CalPERS considers Holiday Pay as pensionable compensation.

**Section 11.4 Bereavement Leave**

Bereavement Leave is generally granted so an employee does not have the shock of a death in the immediate family compounded by the loss of pay. All hours of Bereavement Leave will count as hours worked for the purposes of FLSA calculations.

**Section 11.4.1 Immediate and Extended Family Definitions**

Members of the immediate family are defined as an employee’s spouse, registered domestic partner, children, father, mother, brothers, sisters, father-in-law, mother-in-law, brothers-in-law, sisters-in-law, fiancés and grandparents.

Members of the extended family are defined as an employee’s aunts, uncles, and first cousins.

**Section 11.4.2 Bereavement Policy**

SBFA Members will be granted reasonable bereavement time off without the loss of pay, as follows:

When a death occurs in an employees’ immediate family (as defined in Section 11.4.1), a shift employee will be allowed up to two (2) shifts with pay for the emergency. A day shift employee will be allowed up to five (5) work days with pay for the emergency. The Fire Chief shall have discretion to grant or deny the written request of a shift employee for up to two (2) additional shifts of paid bereavement leave for the death of an immediate family member.
When a death occurs in an employee's extended family, (as defined in Section 11.4.1), day shift employees will be allowed four (4) days of paid bereavement leave and shift employees will be allowed two (2) shifts of paid bereavement leave.

Section 11.5 Witness Duty

Notwithstanding the Witness Duty Section of the City of Solana Beach Personnel Rules and Regulations Manual, if an employee is required by subpoena to appear in court on a matter arising out of the course and scope of their employment, at a time other than a regular work shift of the employee, the employee shall be entitled to one additional hour of compensation in lieu of travel time.

Section 11.6 Union Leave

During the month of January (February will be allowed for 2017 due to the execution date of this MOU), employees may voluntarily donate up to four (4) hours of Vacation per calendar year to a Union Time Bank to be used by Employees to attend activities such as conferences, educational opportunities, and related union business as verified and authorized by the President of the Association (or his/her designee) and approved by the City Manager (or his/her designee). Such time shall not be considered City work time, but rather, off-duty time engaged in voluntary union business activities. The use of such leave time shall be considered hours worked for the purposes of calculating overtime under the FLSA. The maximum amount of Union Leave hours permitted to count as time worked for the purposes of calculating overtime is limited to no more than eight (8) hours per employee per day.

Donated leave time shall be converted at the employee's current hourly rate. Unused hours placed in the bank will carry over to the next calendar year.

In the event there are insufficient hours in the bank to cover the employee's time attending union business activities, the employee is required to obtain advance approval from the Fire Chief and City Manager for paid or unpaid leave to cover any absence from work.

The Association indemnifies and holds the City of Solana Beach harmless from any claims of any kind arising from the use of these hours. An employee paid with these hours is not considered working or performing duties within the scope of his/her position for the City of Solana Beach.

Section 11.7 Special Leaves of Absence Without Pay

An employee who has been employed by the CITY for at least 12 months and who has been employed for at least 1250 hours of service during the 12-month period immediately preceding the commencement of leave shall be entitled to a leave or leaves of absence, without pay, with right to return to the position, as
specified by the Family Leave and Medical Act of 1993 (California Government Code 12945.2) and California Family Rights Act or other such provisions by Federal and State Statute.

SECTION 12 - LIFE INSURANCE

The CITY shall provide life insurance coverage through group policy acquired by the CITY for all CITY employees with basic coverage at an amount equal to the employee’s annual base salary.

SECTION 13 - NEGOTIATIONS FOR A SUCCESSOR AGREEMENT

Negotiations for a successor MOU shall begin by the submission by either party of a proposal or a written request to meet and confer not later than March 1, 2022.

If a proposal or request is submitted, meet and confer sessions shall begin by March 15, 2022, and shall continue until an agreement is reached or until an inability to reach agreement (impasse) is declared. The parties agree to use good faith efforts to conclude meet and confer sessions before June 30, 2022.

If neither party submits a proposal or request to meet and confer, the wages, hours and terms and conditions of employment of this MOU shall automatically continue in full force and effect for an additional one-year term. In the event of such automatic extension, the time for exchanging proposals and opening negotiations as set forth in this Article shall be adjusted accordingly. This process of automatic extensions in the event of a failure by either party to submit a proposal or written request to meet and confer may continue from year to year.

SECTION 14 - OVERTIME

Employees shall be entitled to overtime pay or compensatory time off in lieu of overtime pay as provided in Section 9.02 of the City’s Personnel Rules and Regulations and as specified below, provided that, pursuant to Personnel Rule Section 1.06, the provisions of the MOU shall prevail over the Personnel Rules in the event of a conflict. Nothing in this MOU or the Personnel Rules and Regulations shall be construed as guaranteeing that overtime work will be available.

Definitions:

Work Period
The FLSA “Work Period” for members of the Solana Beach Firefighter’s Association shall be defined as a 24-day work-period cycle coinciding with the 24-day Firefighter’s Shift Schedule. The parties understand that the City’s adoption of the aforementioned 24-day, 182-hour work period pursuant to Section 7(k) of the Fair Labor Standards Act remains in full force and effect through the term of the MOU. However, overtime entitlements will be based on the criteria set forth in the next section entitled “Calculation of Overtime”.

Calculation of Overtime
Overtime shall be calculated based on a 24-day, 182-hour work period and overtime shall be paid for all hours worked over 182 hours per work period. Employees shall
receive payment for 112 hours worked at the employee’s base rate of pay (as reflected in the City’s salary schedule) every two weeks on the City’s regularly scheduled payday. Employees shall be compensated for any overtime at the employee’s base rate plus one-half times the employee’s FLSA regular rate of pay. Any overtime shall be paid to employees in the employees’ regular bi-weekly check following the prior 24-day work period. The starting and ending dates for each 24-day work-period and the corresponding pay dates for any overtime owed to employees is attached to this MOU as Appendix C.

Paid Leave Considered Time Worked
All paid leave hours will be considered hours worked (with the exception of worker’s compensation and leave without pay).

Additionally, all FLSA mandated specialty pays will be annualized for purposes of calculating the FLSA regular rate of pay effective with the 24-day work cycle that begins on July 9, 2018.

Mandated Work (Force Hire)
Mandated Work (Force Hire) time will be paid at the employee’s base rate plus one half times the FLSA regular rate of pay and will count as time worked for the purposes of calculating overtime. Mandated Work can only be authorized by the Fire Chief or his/her designee and will be monitored by the City in the following six-month time periods starting from the execution of this MOU: December 2018 and June 2019. If, during any of the designated six month increments, the amount of Mandated Work hours exceeds 5% of the total hours worked, the City reserves the right to reopen the MOU to discuss modifications to this specific provision of the MOU.

Modified Work Schedules
The 24-day work cycle does not apply to employees on a modified work schedule of 40 hours per workweek. During the time an employee is working a modified work schedule, they are not authorized to work overtime (over 40 hours in a work week) without the written permission of the Fire Chief. This applies only while the employee is on a modified work schedule. Once the employee returns to 24-day work-period cycle, the employee may continue to earn overtime based upon the 24-day, 182-hour work period (as set forth above). The hours worked on the modified work schedule count as hours worked for the purposes of calculating overtime.

Fire Chief Authority and Emergency Provision
In the event of an emergency, the Fire Chief or his designee has the authority to waive any and all requirements for overtime compensation eligibility as specified within this Overtime section of the MOU, in order to require a sufficient amount of employee resources for purposes of staffing during an emergency. The Fire Chief, or his designee, has full authority to grant or deny all overtime and leave requests, in accordance with applicable Department of Labor rules and regulations.
SECTION 15 - PARAMEDIC INCENTIVE PAY and CONTINUING LICENSURE INCENTIVE (CLI) PAY

CLI Pay
The City will continue to provide $500 per year as Continuing Licensure Incentive (CLI) pay for all SBFA members who maintain an active County Paramedic License. SBFA eligible members must provide the City (Human Resources Department) with evidence of their renewed license each year on the anniversary date of their employment with the City. SBFA eligible members, who provide the appropriate documentation, will receive CLI paid in equal installments each two-week pay period in conjunction with their Holiday-in-Lieu pay.

Paramedic Incentive Pay
Any employee in the rank of Engineer who holds a current Paramedic license will be placed on the Engineer w/Paramedic Cert salary range at the appropriate step resulting in a differential pay of 3% for as long as the Paramedic license is valid or until such time as the employee is promoted to the rank of Captain. This Paramedic Differential Pay will be in addition to their base salary and in addition to their eligibility for Continuing Licensure Incentive (CLI) of $500 per year and in addition to temporary out-of-class compensation.

Promotion to Captain: If a Firefighter/Paramedic or Engineer/Paramedic is promoted to the rank of Captain, the employee will not be entitled to the 3% Paramedic Differential Pay during the term of this contract.

SECTION 16 - PEACEFUL PERFORMANCE OF CITY SERVICES

No Strike. During the term of this MOU, and any authorized extensions, or subsequent negotiations, neither SBFA nor any represented employee, agents or representatives will instigate, promote, sponsor, engage in, or condone any strike (including any sympathy strike), slowdown, concerted stoppage of work, sick-out, or any other intentional disruption of the operations of the CITY, regardless of the reason for doing so. SBFA recognizes and agrees that the concerted activity described in this paragraph would have a significant adverse impact on the public health, safety and welfare.

Penalty. Any employee engaging in the activity prohibited by “No Strike” under this Article, or who instigates or gives leadership to such activity, shall be subject to discipline, up to and including termination of employment.

No Lockout. During the term of this MOU, the CITY will not instigate a lockout over a dispute with employees so long as there is no breach as stated in this Article. The CITY recognizes and agrees that a lockout would have a significant adverse impact on the public health, safety and welfare.

Association Official Responsibility. Each employee or other person who holds the position of an officer of SBFA occupies a position of special trust and responsibility in maintaining and bringing about compliance with the provisions of this Article; therefore, such employees or other persons agree to inform its members of their obligations under this Article, and to inform them of the penalty for failure to comply.
Enforcement. In the event the CITY is required to enforce the provisions of the Article "Peaceful Performance of City Services," by court action, or in the event that SBFA is required to enforce the provisions of said Article, by court action, a temporary restraining order, preliminary injunction and permanent injunction may be issued.

SECTION 17 - PRIOR AGREEMENTS

The provisions of this MOU shall supersede and replace the provisions of the Memorandum of Understanding last executed between SBFA and the CITY. The benefits and other terms and conditions of employment provided pursuant to the City’s Personnel Rules and Regulations shall continue to apply except to the extent modified by this MOU.

SECTION 18 – RE-OPENER

During the term of this MOU, the parties agree to meet to discuss regarding the following terms:

- Fire Management Blended Policies
- Retiree Health Benefit HRA setup

SECTION 19 - RETIREE HEALTH BENEFITS

During the term of this MOU, the City agrees to remain in CalPERS in order to provide healthcare coverage to active employees and retiree healthcare benefits to retired employees. The City agrees to pay Retiree Health Benefits (RHB) as follows:

SBFA members currently employed who retire from the City at a future date, shall receive the following RHB in recognition of their vested rights and service to the City:

SBFA members hired prior to January 1, 2007 shall receive a maximum of $290.00 per month as a RHB for medical insurance premiums and other eligible health care expenses that will be paid to a Health Reimbursement Arrangement (HRA) account established for the retired employee. The HRA will be administered by a third party administrator (TPA) and the retired employee will be responsible for any monthly account maintenance fee(s).

If the retired employee elects to enroll in the CalPERS Retiree Health Plan, the City will subtract the required minimum PEMCHA contribution amount from the retiree’s RBH and pay that amount to CalPERS directly. Any remaining RHB balance will be paid to the retiree as a reimbursement of the required premium for coverage under the CalPERS Retiree Health Plan. The reimbursement will be processed through the HRA.

If the retired employee does not elect to enroll in the CalPERS Retiree Health Plan, the contribution of the retiree’s RHB amount will be made to the retiree’s HRA account.

SBFA members with a date of hire on or after January 1, 2007, who subsequently retire from the City AND enroll in the CalPERS Retiree Health Plan, will only receive the “minimum” retirement benefit contribution amount required under PEMCHA to offset their CalPERS Retiree Health Plan costs. This amount will be paid to CalPERS directly.
If the retired employee does not enroll in the CalPERS Retiree Health Plan, no Retiree Health Benefit payments will be made to the retiree by the City.

ICMA – RC Retiree Health Savings Account (RHSA)
The City will contribute 2% of each employee’s base salary to the current mandatory 1% base salary contribution that SBFA’s members contribute to the ICMA – RC Retirement Health Savings Account.

SECTION 20 - RETIREMENT SYSTEM CONTRIBUTIONS

Retirement benefits are subject to the Public Employees’ Pension Reform Act (PEPRA) and related Public Employees’ Retirement Law (PERL). If there is a conflict between this MOU and requirements pursuant to PEPRA and/or PERL, PEPRA and PERL shall prevail.

A. Employees hired prior to January 1, 2011:

The CITY will continue to provide a three percent at 50 (3%@50) retirement benefit from the California Public Employee Retirement System (CalPERS), with the use of the employee’s single highest year salary, for SBFA employees hired on or before December 31, 2010. The employee will pay the entire employee share (9%) of the cost for this benefit.

1. Cost Sharing of Employer Contribution:

   i. Effective the first full pay period in July, 2017, and as soon as the City’s contract with CalPERS can be amended, employees will contribute 3% towards the employer’s share in addition to the employee paying the entire employee share of 9%, for a total of 12%.

B. For classic employees (as defined by CalPERS) hired on or after January 1, 2011:

Classic employees (as defined by CalPERS) hired on or after January 1, 2011 will be eligible for a two percent at 50 (2% @50) retirement benefit in the California Public Employees Retirement System (CalPERS), with the use of the average of the employee’s highest-three-year-salary. These employees will pay the entire employee share (9%) of the cost for this benefit.

1. Cost Sharing of Employer Contribution:

   i. Effective the first full pay period in July, 2017, and as soon as the City’s contract with CalPERS can be amended, employees will contribute 3% towards the employer’s share of the retirement contribution in addition to the employee paying the entire employee share, for a total of 12%.
C. Employees hired on or after January 1, 2013, and defined by CalPERS as new members:

Employees hired on or after January 1, 2013, considered new members (as defined by CalPERS) will receive the 2.7% at 57 retirement formula, with the use of the average of the employee’s highest-three-year-salary. Employees shall pay 50% of the normal cost contribution.

SECTION 21 - SALARY ADJUSTMENT

The parties jointly agree that the following salary increases shall be applicable for the term of this MOU for the SBFA classifications as specified on the salary schedules in Appendix B:

- **Year One (FY 2018/19):** effective first full pay period in July 2018
  - 2.75% salary increase for FF/PM
  - 2.75% salary increase for Fire Engineer
  - 3.25% salary increase for Fire Captain

- **Year Two (FY 2019/20):**
  - 2.5% salary increase for all positions, effective the first full pay period in July 2019

- **Year Three (FY 2020/21):**
  - 2.0% salary increase for all positions, effective the first full pay period in July 2020

- **Year Four (FY 2021/22):**
  - 2.0% salary increase for all positions, effective the first full pay period in July 2021

Pay increases in salary resulting from employee-employer negotiations will be effective on the first full pay period of each July during the term of this MOU, as indicated above.

Pay increases in salary resulting from merit increases will become effective on the employee’s anniversary date, as approved by the City Manager and in accordance with the City of Solana Beach Personnel Rules and Regulations.

The proposed salary schedule implementing this Article is attached as Appendix B to this MOU.

- Shift Fire Captain will maintain a 2% salary differential above the Fire Captain classification.
- Fire Engineer with Paramedic Certification will maintain a 3% differential above the Fire Engineer classification.
- Fire Engineer will maintain a 5% differential above the
Firefighter/Paramedic classification.

SECTION 22 - SAVINGS CLAUSE

If any provisions of this MOU should be found invalid, unlawful or unenforceable by reason of any existing or subsequently enacted legislation or by judicial authority, all other provisions of this MOU shall remain in full force and effect for the duration of this MOU.

In the event of invalidation of any of the provisions of this MOU, the SBFA and CITY agree to meet and confer within thirty days of notice by either to the other for the purpose of renegotiating said provision.

SECTION 23 - SEVERABILITY

It is understood and agreed that this MOU is subject to applicable law. In the event any part or provision of this MOU is in conflict or inconsistent with such law, or is otherwise held to be invalid or unenforceable by a court of competent jurisdiction, such part or provision shall be deemed severable and the remainder of this MOU shall not be affected.

SECTION 24 - TEMPORARY ASSIGNMENT

Whenever a temporary vacancy occurs in a higher classification and the Fire Chief determines that the vacant position should be temporarily filled by a current employee, the Fire Chief may assign a qualified, lower-classified employee to temporarily fill the position. Whenever practical, the Fire Chief shall assign employees who have demonstrated ability to perform the duties of the position to which the assignment is made.

Less than 6-hour assignment: It is understood and agreed that temporary assignments for less than 6 hours may be made as part of the normal operation of the department and therefore, no extra compensation shall be paid for temporary assignments of less than 6 hours.

Assignment of 6 hours or more: If an employee is temporarily assigned to a position with a higher pay classification for 6 hours or more, the employee shall be paid at the lowest pay step of the higher classification, but not less than 5%, which shall constitute “Acting Pay.” However, Acting Pay for temporary assignment of Fire Captain to Shift Fire Captain, the employee shall be paid at the lowest pay step of the higher classification, but not less than 2%, which should constitute “Acting Pay.”

The CITY shall continue the current practice of filling vacancies on a rank for rank basis. If a long-term temporary position becomes available, the City Manager or Fire Chief at his or her discretion may choose a qualified person from the current active list to fill that position during the time of the vacancy.

If an employee on a current promotional list is temporarily assigned to a higher classification and subsequently promoted while serving in that temporary assignment,
the time worked in the temporary assignment shall be counted towards the probationary time of the employee’s new position.

SECTION 25 - PLACEMENT AND HIRE OF NEW AND TEMPORARY SOLANA BEACH EMPLOYEES

If a temporary vacancy occurs due to a specific incident (*), the Fire Chief has the discretion to use a temporary Firefighter to fill the vacant position.

The temporary and/or full time firefighter/paramedic will take part in a new hire orientation program prior to being placed on shift. The content and the duration of the new hire orientation training shall be a minimum of three weeks (56 hours per week) and shall cover OSHA mandated training on injury and accident prevention, Infection Control, Harassment policies, and mandatory Personal Protective Equipment ensemble and SCBA fit testing. Additional training topics may be added and topics deleted as deemed necessary. Any additional orientation training time will be at the recommendation of the Fire Chief and approval of the City Manager on a case-by-case basis.

An example of the basic outline of the orientation to fulfill the adopted philosophy and to cover additional non-mandated information would include new employee operational readiness, such as employee benefits and basic procedural operations, prior to placement on shift as a firefighter/paramedic.

The order, content, and schedule of the training may be modified as deemed necessary by the Fire Chief in order to meet training objectives.

Following the new orientation program, if the temporary employee is deemed qualified to perform the duties of the position, the Public Safety Director/Fire Chief has the discretion to extend the use of the temporary employee as appropriate and necessary to provide emergency services. If at any time the temporary employee is deemed unqualified and the temporary appointment terminated, the new vacancy created by the termination will be deemed a new incident for purposes of providing in-house shift availability.

Definitions:

*Incident*: An incident is defined as a vacancy resulting in the absence of an employee. If the incident is due to a personal or family injury or illness, once the employee is returned to full duty or returns to work for 45 days, the specific incident is considered closed. Any new absences for the same employee would be considered a new incident and follow the use of Temporary “Part-time” Employees as defined in Personnel Rules and Regulations Section 2.50.

*Qualified Employee*: A qualified employee must meet the minimum qualifications as specified in the appropriate Classification Specification.
SECTION 26 - TERM

The term of this MOU shall commence on July 1, 2018, subject to formal approval by the City Council, and shall expire at 12:00 a.m. (midnight), on June 30, 2022.

SECTION 27 - TOBACCO USE

Use of tobacco or tobacco products by any employee of the Fire Department whether on or off duty is prohibited.

SECTION 28 - TUITION REIMBURSEMENT

Each full-time permanent SBFA member who has completed the probationary period shall be eligible for tuition reimbursement up to $2,000 per fiscal year in tuition reimbursement for college level courses or additional training, or when such courses or training are required to obtain or maintain a job related certificate, or any other course previously approved by the department head. All classes would require prior approval from the Fire Chief and as authorized by the City Manager for the employee to receive any reimbursement. The employee shall be reimbursed for fees and/or tuition only upon conclusion of each individual course with a grade of “C” or better or successful completion of courses that do not assign grades. Proof of satisfactory course completion and payment must be provided.
APPENDIX A

SBFA represents that this Memorandum of Understanding has been duly ratified by its membership. Following approval of this Memorandum of Understanding by the City Council, its terms and conditions shall be implemented by appropriate ordinance, resolution, or other appropriate lawful action.

STAFF REPORT
CITY OF SOLANA BEACH

TO: Honorable Mayor and City Councilmembers
FROM: Gregory Wade, City Manager
MEETING DATE: July 14, 2021
ORIGINATING DEPT: Engineering Department
SUBJECT: Council Consideration of Resolution 2021-095 Awarding Sewer & Storm Drain Rehabilitation Project

BACKGROUND:

The Capital Improvement Program (CIP) budget makes annual appropriations to maintain, repair and replace sewer and storm drain facilities as needed throughout the City. The Engineering and Public Works Staff have been performing regular condition assessments of the sewer system by visual inspection with closed circuit televising (CCTV). Under the direction of the City Manager, Staff recently performed a similar CCTV evaluation of the City’s corrugated metal storm drains. These assessments were prioritized for rehabilitation by localized spot repairs, segmental replacement, and in-situ lining process.

Staff prepared plans, specifications and an estimate for rehabilitation and reconstruction of several sewer and storm drain pipes throughout the City and advertised the project through the competitive bidding process. The City received three construction bids for the Sewer & Storm Drain Rehabilitation Project, Bid No. 2021-03. Due to the COVID-19 pandemic, the City modified the bid process to allow electronic submission of bids. The three bids were opened by the City Clerk on June 28, 2021 and posted on eBidboard.com, a publicly accessible website linked from the City’s website. The bid results are summarized in Table 1 on the next page.

This item is before the City Council to consider adoption of Resolution 2021-095 (Attachment 1) awarding a construction contract to Nuline Technologies, the lowest responsive and responsible bidder, to rehabilitate several sewer and storm drain facilities.

AGENDA ITEM # A.5.
DISCUSSION:

Every year, the City Council allocates funds into the City’s CIP for sewer and storm drain repairs and replacements. Considering the similarity of methods and means by which the pipelines will be rehabilitated, Staff combined the sewer and storm drain projects to take advantage of economies of scale and other savings such as mobilization and contract processing. The project proposes to line over 5,000 linear feet of sewer pipes and over 800 linear feet of storm drain pipes. In addition to lining, several segmental repairs and open trench construction are included to improve the existing City-wide sewer and storm drain infrastructure. A summary of the project is listed below:

Sewer Rehabilitation and Construction

- Rehabilitate approximately 5,129 linear feet of 8” sewer pipe, including 101 sewer lateral connections per City Standard
- Rehabilitate three sewer manholes
- Construct 15 sewer clean-outs at dead-end sewer mains and reconstruct one dead-end sewer stub

Storm Drain Rehabilitation and Construction

- Rehabilitate approximately 850 linear feet of corrugated metal storm drains, 18” and 24” diameter
- Remove and replace three catch basin grate and frames in concrete structures
- Repair damaged under sidewalk curb outlet
- Remove and replace 135 linear feet of storm drain
- Construct four storm drain inlet structures
- Slip line one deteriorated 18” corrugated metal pipe

This project was advertised for construction bids on May 27, 2021. The City received three bid proposals for the project, Bid 2021-03. On June 28, 2021 at 2:00 p.m., the City Clerk opened the bids. The bids are summarized below in Table 1:

The lowest bid submitted by Nuline Technologies was found to be complete and responsive to the bid specifications. Nuline Technologies has successfully completed a pipeline rehabilitation project for the City as a subcontractor to Burtech Pipeline. For this project, Burtech (dba DB Pipeline) is the subcontractor performing the open trench
staff is recommending that Nuline Technologies be awarded the construction contract. The estimated contract duration is 90 working days (18 weeks) and it is anticipated that the project will begin in September 2021 and be completed in January 2022.

**CEQA COMPLIANCE STATEMENT:**

The project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15301(b) of the State CEQA Guidelines.

**FISCAL IMPACT:**

In addition to the $675,000 construction contract, Staff is recommending a contingency of $125,000 (which is approximately 18% of the construction contract amount) for unanticipated extra work, for a total construction budget of $800,000. The cost is divided as follows:

The project will be funded with the Fiscal Year (FY) 2021/22 Capital Improvement Program budget, which includes $500,000 for Sanitary Sewer Pipeline Replacements (9856.22) and $300,000 for Storm Drain Improvements (9458.22).

**WORK PLAN:**

Major Storm Drain Improvement Projects are included in Capital Projects under Environmental Sustainability. Sewer system maintenance is not mentioned in the FY 2021/22 Work Plan; however, it is consistent with the Environmental Sustainability section of the Work Plan.

**OPTIONS:**

- Adopt Staff recommendations and award construction contract.
- Postpone contract award and provide direction to Staff.
- Reject construction bids and provide alternative direction to Staff.
DEPARTMENT RECOMMENDATION:

Staff recommends that the City Council adopt Resolution 2021-095:

1. Awarding the construction contract to Nuline Technologies, in the amount of $675,000, for the Sewer & Storm Drain Rehabilitation Project, Bid 2021-03.

MEETING DATE: July 14, 2021
ORIGINATING DEPT: Engineering Department
SUBJECT: Council Consideration of Resolution 2021-094 to Authorize the City Manager to Execute a Professional Services Agreement with MW Peltz + Associates for the Santa Helena Neighborhood Trail Project

BACKGROUND:

The Santa Helena Neighborhood Trail Project (the “Project”) has been in the City’s Work Plan for several years. The paved section of Santa Helena Road, north of Sun Valley Road to the San Elijo Lagoon, is approximately 64 feet wide with only one lane of vehicular traffic in each direction. At least 20 feet of the paved area could be converted into a roadside walking trail. Preliminary discussions with the surrounding community have shown an interest in a neighborhood trail at this location.

In December 2018, a Request for Proposals (RFP) was issued for the conceptual design of the Project that would reduce the pavement width on Santa Helena, from Sun Valley Road to the trailhead at the San Elijo Lagoon, and would provide the additional space for traffic calming improvements and a neighborhood trail. Three proposals were received in response to the RFP. After reviewing the three proposals and completing the selection process, Staff moved forward with a Professional Services Agreement (PSA) with MW Peltz + Associates, Inc. (MWPA). This contract was within the City Manager’s approval authority since the agreement amount was $10,000.

The PSA with MWPA was for the consultant to provide technical landscaping and irrigation support in preparation of schematic/conceptual design and included a general layout of the project, survey data, a summary of the opportunities and constraints of the area and cost estimates for final design and construction. The work associated with the first part of the agreement has been completed. The final engineering plans, specifications, and cost estimate will be performed by in-house engineers.

CITY COUNCIL ACTION:

AGENDA ITEM # A.6.
This item is before the City Council to execute a Professional Services Agreement with MW Peltz + Associates, Inc. for the consultant’s technical landscaping and irrigation support in preparation of construction documents, public outreach, and bid support for the Santa Helena Neighborhood Trail for an amount not to exceed $62,000.

**DISCUSSION:**

As part of the schematic/conceptual design component of the project, MWPA prepared a conceptual plan. The conceptual plan was presented to a community focus group in October 2019. At the focus group meeting, the following areas of concerns/requests were expressed regarding the Project:

- Construct the trail on east side of the street south of Santa Victoria (north of Santa Victoria, the trail will transition to the west side of Santa Helena)
- Be aware of proximity of the trail to houses north of Santa Victoria
- Make the trail aesthetically pleasing
- Include seating for rest areas
- Do not include exercise equipment
- Include trash cans and dog bag dispensers
- Use drought tolerant landscaping
- Include traffic calming measures with the Project
- Include pedestrian crossing at the Santa Helena/Santa Victoria intersection

After revisions were made based on the comments from the focus group, the revised conceptual design (Attachment 2) was presented at the March 10, 2020 City Council meeting. As shown on the attached conceptual design plan, the trail is proposed for the east side (northbound direction of travel) of Santa Helena south of Santa Victoria and on the west side (southbound direction of travel) of Santa Helena north of Santa Victoria. There are proposed curb extensions (pop-outs) at all four corners of the Santa Helena/Santa Victoria intersection along with enhanced crosswalks.

At the March 2020 Council meeting, the following comments were expressed regarding the Project:

- Since the end of Santa Helena at the San Elijo Lagoon is a trailhead for Lagoon access, there is a desire to maintain as much parking in the area as possible.
- Clearly explain to the community that the reason that the trail switches from the east side of Santa Helena to the west side is to avoid having the trail directly in front of the residences on the north end of Santa Helena near the Lagoon.
- If possible, implement 11-foot travel lanes for vehicles instead of 12 feet to help reduce vehicle speeds.
• Construction staging was discussed. It was expressed that if the project was split into more than one construction phase, the impact from construction would increase the inconvenience to the surrounding community.

The preparation of the construction level engineering plans, specifications, and estimate would be performed by in-house Engineers. These plans would be used as base maps for preparation of landscaping and irrigation plans. As part of the action recommended by the accompanying resolution, Staff is requesting the City Council consider a PSA with MWPA for their support in preparation of landscaping and irrigation plans as they relate to construction documents, support in public outreach efforts and presentation to the City Council, and support during the bidding process for the Santa Helena Neighborhood Trail Project. The PSA with MWPA would also allow for submittal of required documents to obtain a permit from the County of San Diego Department of Environmental Health for changes to the existing recycled water line in the area and support during the bidding process.

As mentioned in the Fiscal Impact section below, there is sufficient funding to begin the design process. A significant part of the design process will include engagement with the community. This will include public outreach meetings, public comment opportunities and one City Council meeting. Noticing of the public input opportunities could include Mayor’s announcements, targeted e-mails, Homeowner’s Association (HOA) and Solana East Community Group (SECG) meetings and/or the electronic changeable message sign.

CEQA COMPLIANCE STATEMENT:

Once the design components are finalized, the project will be evaluated for the appropriate level of environmental review.

FISCAL IMPACT:

The Fiscal Year (FY) 2021/22 & 2022/23 CIP budget includes $70,000 in TransNet funding for the Project in FY 2021/22. This funding could be used to start design on the project in the upcoming fiscal year. Included with the project design would be further community outreach to make sure the community is supportive of the proposed improvements. Since the proposal for the work associated with this Staff Report is $62,000, there is adequate funding already appropriated for the next phase of the Project.

WORK PLAN:

The Project is consistent with Item B.10 of the Community Character Priorities/Capital Projects section of the FY 2021/22 Work Plan.

OPTIONS:

• Approve Staff recommendation.
• Approve Staff recommendation with modifications.
• Provide direction.

DEPARTMENT RECOMMENDATION:

Staff recommends that the City Council adopt Resolution 2021-094 authorizing the City Manager to execute a Professional Services Agreement, in an amount not to exceed $62,000, with MW Peltz + Associates, Inc. for final design, public outreach, preparation of construction documents and bid support for the Santa Helena Neighborhood Trail Project.

Cal Cities 2021 Annual Conference & Expo is scheduled for September 22-24, 2021 in Sacramento. An important part of the Annual Conference is the Annual Business Meeting (during General Assembly) on Friday, September 24. At this meeting, Cal Cities membership considers and acts on resolutions that establish Cal Cities policy.

In order to vote at the Annual Business Meeting, your city council must designate a voting delegate. Your city may also appoint up to two alternate voting delegates, one of whom may vote if the designated voting delegate is unable to serve in that capacity.

Please complete the attached Voting Delegate form and return it to Cal Cities office no later than Wednesday, September 15. This will allow us time to establish voting delegate/alternate records prior to the conference.

Please note: Our number one priority will continue to be the health and safety of participants. We are working closely with the Sacramento Convention Center to ensure that important protocols and cleaning procedures continue, and if necessary, are strengthened. Attendees can anticipate updates as the conference approaches.

- **Action by Council Required.** Consistent with Cal Cities bylaws, a city’s voting delegate and up to two alternates must be designated by the city council. When completing the attached Voting Delegate form, please attach either a copy of the council resolution that reflects the council action taken, or have your city clerk or mayor sign the form affirming that the names provided are those selected by the city council. Please note that designating the voting delegate and alternates must be done by city council action and cannot be accomplished by individual action of the mayor or city manager alone.

They need not register for the entire conference; they may register for Friday only. Conference registration will open mid-June at www.cacities.org. In order to cast a vote, at least one voter must be present at the Business Meeting and in possession of the voting delegate card. Voting delegates and alternates need to pick up their conference badges before signing in and picking up the voting delegate card at the Voting Delegate Desk. This will enable them to receive the special sticker on their name badges that will admit them into the voting area during the Business Meeting.

- **Transferring Voting Card to Non-Designated Individuals Not Allowed.** The voting delegate card may be transferred freely between the voting delegate and alternates, but
only between the voting delegate and alternates. If the voting delegate and alternates find themselves unable to attend the Business Meeting, they may *not* transfer the voting card to another city official.

- **Seating Protocol during General Assembly.** At the Business Meeting, individuals with the voting card will sit in a separate area. Admission to this area will be limited to those individuals with a special sticker on their name badge identifying them as a voting delegate or alternate. If the voting delegate and alternates wish to sit together, they must sign in at the Voting Delegate Desk and obtain the special sticker on their badges.

The Voting Delegate Desk, located in the conference registration area of the Sacramento Convention Center, will be open at the following times: Wednesday, September 22, 8:00 a.m. – 6:00 p.m.; Thursday, September 23, 7:00 a.m. – 4:00 p.m.; and Friday, September 24, 7:30 a.m.–11:30 a.m. The Voting Delegate Desk will also be open at the Business Meeting on Friday, but will be closed during roll calls and voting.

The voting procedures that will be used at the conference are attached to this memo. Please share these procedures and this memo with your council and especially with the individuals that your council designates as your city’s voting delegate and alternates.

SUBJECT: Council Consideration of Resolution 2021-098 Authorizing the City Manager to Enter into A Professional Service Agreement with Bob Hoffman Video and Photography

BACKGROUND:

Bob Hoffman Video and Photography began consulting with the City of Solana Beach (City) in May 2006. Bob Hoffman primarily provides video production services to televise City Council (Council) and other important meetings. Each meeting has a qualified video producer on-hand to film the meetings and a second operator acting as a sound and lighting engineer.

During the past 15 years as a consultant, Bob Hoffman Video and Photography has performed its duties in an exemplary fashion. Each meeting has had a qualified video producer and a second operator on-hand to film the meetings resulting in Council meeting videos being produced with great quality. The previous Professional Services Agreement (PSA) for Video Production Services has expired, and a new PSA is needed.

This item is before Council to consider adopting Resolution 2021-098 (Attachment 1) authorizing the City Manager to enter into a one year PSA with Bob Hoffman Video and Photography for video production services with an option to extend for an additional four (4) years based on satisfactory past performance.

DISCUSSION:

The City desires to televise Council and other important meetings in order to increase transparency and involvement in local government decisions. The City uses a consultant to aide in televising these meetings. The consultant’s duties include

operating the cameras, creating graphics, managing lighting and sound, as well as producing DVD recordings of all meetings.

Staff has relied heavily in the past on Bob Hoffman Video and Photography to produce quality videos and to ensure an accurate record of the meetings. Bob Hoffman Video and Photography has an in-depth understanding of the programming, configuration, and integration of the City’s various audio-visual systems making them unique in this manner. Staff wishes to continue to utilize the consultant as its video producer.

Under SBMC Section 3.08.140(F), the City Manager may waive the requirement under SBMC Section 3.08.080(F) that professional services contracts must go out to bid after five years of utilizing the same vendor where economically feasible. Bob Hoffman Video and Photography has an in-depth understanding of the programming, configuration, and integration of the City’s various Audio/Visual systems making them unique among other video producers.

Staff is recommending the approval of a Professional Service Agreement with Bob Hoffman Video and Photography.

CEQA COMPLIANCE STATEMENT:

Not a project as defined by CEQA.

FISCAL IMPACT:

The Adopted Fiscal Year 2021/22 Budget contains $25,000 in the Information Technology Communication Broadcast budget account for video production services. The amount of the agreement will be set for an amount not to exceed $25,000 per fiscal year. The amount of the entire agreement will be an amount not to exceed $125,000, should the four (4) additional one-year extension options be exercised.

SUBJECT: Quarterly Investment Report

BACKGROUND:

California Government Code Section 53600 requires timely reporting of local agency investment transactions and portfolio to the agency’s legislative body.

This item is before Council to receive a presentation and to accept and file the Cash and Investment Report for the quarter ended June 30, 2021.

DISCUSSION:

The investment objectives for the City of Solana Beach are 1) to provide safety to ensure the preservation of capital in the overall portfolio, 2) to provide sufficient liquidity for cash needs and 3) to generate a market rate of return consistent with the Investment Policy. The performance objective for the portfolio is to earn a total rate of return through a market cycle that is equal to or above the return on the benchmark yield. In order to achieve this objective, the portfolio invests in high-quality fixed income securities that comply with the Investment Policy and all applicable regulations governing the funds.

The attached Quarterly Cash and Investment Report ensures that the City complies with Section 53600. The City’s investment portfolio complies with the City’s Investment Policy that is approved annually by the City Council. The majority of City funds are invested in Chandler Asset Management (Chandler), Public Agency Retirement Services (PARS), and Local Agency Investment Fund (LAIF). A representative from Chandler will be at the July 14th Council meeting to provide an update of the City’s investment portfolio under its management and overview of the market. Highmark Capital, who manages the City’s PARS Trust Funds is unavailable on July 14th but will be scheduled for a future Council meeting to provide an update to Council.

Period Ending June 30, 2021
The US economy continues to recover and while some pockets of the economy remain dislocated, real gross domestic product (GDP) is approaching pre-pandemic levels. The recovery has been fueled by robust fiscal spending, accommodative monetary policy, and a swift vaccine rollout. These factors are beginning to moderate but should continue to provide tailwinds for the economy in the coming quarters. Vaccinations have slowed down, and infection rates in the US have recently ticked up but remain well below their peak. Some pandemic-related fiscal relief is starting to phase out, but President Biden and a group of bipartisan senators have agreed to an overall framework for a roughly $1 trillion infrastructure plan (including about $579 billion in new federal spending above previously approved levels). Though the details still need to be hashed out and a deal would need full congressional approval, the negotiations signal that more fiscal stimulus is likely on the horizon. Meanwhile, the Federal Reserve continues to signal that it will look past any near-term uptick in inflation to facilitate continued improvement in the labor market. Estimates for US GDP growth remain strong. The current Bloomberg consensus estimate for 2021 and 2022 US GDP growth are 6.6% and 4.1%, respectively.

The Federal Open Market Committee (FOMC) kept monetary policy unchanged at its June meeting. The fed funds target rate remains in the range of 0.0% to 0.25%, and the Fed continues to purchase $80 billion of Treasuries per month, and $40 billion of agency mortgage-backed securities per month. The Fed has started to discuss the idea of reducing its asset purchases at some point, but that decision remains uncertain. FOMC members’ updated economic projections also suggest that the Fed may start to raise interest rates in 2023, versus the previous estimate of 2024, as the economy may be on track to reach their employment and inflation goals at a faster than expected pace. Overall, monetary policy remains highly accommodative for now, but the Fed seems to be inching toward a path of policy normalization. We anticipate the Fed will remain on the sidelines over the near-term, but we believe the probability that the Fed will begin tapering its asset purchases during the first half of next year has increased.

The yield curve flattened in June. We believe multiple factors influenced Treasury rates in the month, including market technicals, dollar strengthening, uneven global vaccination rates, and a more modest forecast for U.S. infrastructure spending than initially expected. Nevertheless, we believe longer-term rates have room to move higher this year and we believe the Treasury yield curve is poised to steepen in the second half of the year.
Job growth was stronger than expected in June. U.S. nonfarm payrolls increased by 850,000, versus the consensus forecast of 720,000. May payrolls were also revised up by 24,000 to 583,000. On a trailing 3-month and 6-month basis, payrolls increased by an average of 567,000 and 543,000 per month, respectively, which is indicative of a steady recovery in the labor market. The leisure and hospitality sectors continue to drive the job gains in June and increased by 343,000. Government payrolls also posted a solid increase of 188,000 in June. The labor participation rate was unchanged at 61.6% in June and is 1.7% lower than the pre-pandemic level. The employment-population ratio was also unchanged in the month at 58.0% and is 3.1% below the pre-pandemic level. The unemployment rate ticked higher to 5.9% in June from 5.8% in May and remains well above the pre-pandemic low of 3.5% in February 2020. The U-6 underemployment rate, which includes those who are marginally attached to the labor force and employed part time for economic reasons, declined to 9.8% in June from 10.2% in May (versus 7.0% in February 2020). The index of aggregate private weekly payrolls was up 2.8% in June from February 2020, suggesting a solid increase in aggregate wages.
In the most recent week, the number of initial jobless claims declined to 364,000 versus 415,000 in the prior week. The level of continuing unemployment claims (where the data is lagged by one week) was little changed at 3.469 million versus 3.413 million in the prior week. Although continuing jobless claims have declined significantly from the peak of nearly 25 million last May, they remained above the 2019 (pre-pandemic) average of 1.7 million.
The Consumer Price Index (CPI) was up 5.0% year-over-year in May versus up 4.2% in April. Core CPI (CPI less food and energy) was up 3.8% year-over-year in May, versus up 3.0% in April. The Personal Consumption Expenditures (PCE) index was up 3.9% year-over-year in May, versus up 3.6% year-over-year in April. Core PCE was up 3.4% year-over-year in May, versus up 3.1% year-over-year in April. Current inflation readings are running well above the Fed’s longer-run target of around 2.0%. However, the Fed believes that much (if not all) of the recent pricing pressure have been caused by pandemic-related factors (e.g., base effects and supply chain disruptions). Fed policymakers have reiterated that they believe most of those factors will be temporary.
On a year-over-year basis, retail sales were up 28.1% in May versus up 53.4% in April. The year-over-year gains are distorted by the drop-off in spending and activity at the early stage of the pandemic last year. On a month-over-month basis, retail sales declined 1.3% in May, following a 0.9% increase in April. Retail sales have been somewhat uneven on a monthly basis due to the timing of fiscal stimulus and economic reopening. Overall, we believe consumer spending remains healthy and consistent with an ongoing recovery in economic activity. The Consumer Confidence index jumped to 127.3 in June from 120.0 in May, reflecting a strong view of current conditions and a more upbeat outlook.
The Conference Board’s Leading Economic Index (LEI) increased 1.3% month-over-month in May (in line with expectations), following a 1.3% increase in April. On a year-over-year basis, the LEI was up 14.7% in May against a severe decline in the index during the early stage of the pandemic last year. According to the Conference Board, the index suggests that economic growth will remain strong in the near term. Meanwhile, the Chicago Fed National Activity Index (CFNAI) increased to 0.29 in May from -0.09 in April. On a 3-month moving average basis, the CFNAI increased to 0.81 in May from 0.17 in April, and it continues to signal above-trend economic growth.
Total housing starts rose 3.6% in May to an annual pace of 1,572,000. Single-family starts rose 4.2% in May while multi-family starts were up 2.4%. On a year-over-year basis, housing starts were up 50.3% in May, due in part to the steep decline in activity during the early stage of the pandemic last year. According to the Case-Shiller 20-City home price index, home prices were up 14.9% year-over-year in April versus up 13.4% year-over-year in March. Low inventory and strong demand continue to put upward pressure on home prices.
The Institute for Supply Management (ISM) manufacturing index eased slightly to 60.6 in June from 61.2 in May. The index continues to point to strength in manufacturing, as readings above 50.0 are indicative of expansion in the manufacturing sector. We believe a weaker US dollar has been supportive of the US manufacturing sector during the pandemic, though the dollar index has been creeping higher since the end of May. The Industrial Production index was up 16.3% year-over-year in May, versus up 17.6% in April. The year-over-year rates are distorted by the effects of the pandemic last year. On a month-over-month basis, the Industrial Production index increased 0.8% in May, following a 0.1% increase in April. Capacity Utilization increased to 75.2% in May from 74.6% in April but remains well below the long-run average of 79.8%. Chip shortages continue to weigh on activity in the manufacturing sector.
US economic growth accelerated in the first quarter. According to the third estimate, real US gross domestic product (GDP) grew at an annualized rate of 6.4% in the first quarter, following 4.3% growth in the fourth quarter of 2020. Economic growth is believed to have accelerated even further in the second quarter to an annualized rate of 10.0%. The consensus forecast for full year 2021 US gross domestic product growth is 6.6%, following a 3.5% decline in 2020.
Last year, the Fed took a wide range of aggressive actions to help stabilize and provide liquidity to the financial markets. The Fed lowered the fed funds target rate to a range of 0.0%-0.25% and continues to purchase Treasury and agency mortgage-backed securities to support smooth market functioning. Last year, policymakers reinstated the Commercial Paper Funding Facility and Money Market Mutual Fund Liquidity Facility. The Fed also established the Primary Market Corporate Credit Facility, Secondary Market Corporate Credit Facility, Term Asset-Backed Securities Loan Facility, Paycheck Protection Program Liquidity Facility, Main Street Lending Facility, and Municipal Liquidity Facility. The Fed has also provided short-term funding through large-scale repo operations and lowered the reserve requirement for depository institutions. Notably, many of the Fed's lending facilities expired at the end of 2020, including the Fed’s corporate credit, asset-backed securities, municipal lending, and Main Street Lending programs. In June 2021, the Fed announced plans to gradually unwind its corporate credit facility and expects to sell the full portfolio by year-end.
The treasury yield curve is steeper on a year-over-year basis. The 3-month T-bill yield was about nine basis points lower, while the 2-year Treasury yield was about ten basis points higher, and the 10-Year Treasury yield was about 81 basis points higher, year-over-year, as of June month-end. The Fed has signaled plans to keep the front end of the Treasury yield curve anchored near zero until 2023. We believe longer-term rates still have room to move higher this year.

In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.
ICE BAML 1-3 Yr US Treasury/Agency Index

The ICE BAML 1-3 Year US Treasury & Agency Index tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody’s, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule and a minimum amount outstanding of $1 billion for sovereigns and $250 million for agencies. STAFF REPORT
CITY OF SOLANA BEACH

TO: Honorable Mayor and City Councilmembers
FROM: Gregory Wade, City Manager
MEETING DATE: July 14, 2021
ORIGINATING DEPT: City Manager’s Department
SUBJECT: Introduce (1st Reading) Ordinance No. 517 – Amending Chapter 6.20 of the Solana Beach Municipal Code to Comply with State Mandated Organic Waste Disposal Requirements

BACKGROUND:

Senate Bill No. 1383 (SB 1383) was signed into law on September 19, 2016, to reduce organic waste disposal by 75% and increase edible food recovery by 20%, by 2025. SB 1383 is the most significant waste reduction mandate to be adopted in the State of California in the last 30 years and requires all jurisdictions to implement a mandatory organic recycling ordinance by January 1, 2022. This legislation requires all businesses, residents, and multi-family apartments to have access to recycling programs that capture food scraps, landscaping waste, and other organic waste materials.

As a result of SB 1383, the California Department of Resources Recycling and Recovery (CalRecycle), which is the state department tasked with administering California’s waste and recycling programs, developed prescriptive regulations to achieve the State’s outlined organic waste disposal goals by 2025. In November 2020, CalRecycle released the final regulations for SB 1383.

This item is before the City Council to consider introducing Ordinance 517 (Attachment 1) amending Chapter 6.20 of the Solana Beach Municipal Code to comply with the state mandated organic waste disposal requirements.

DISCUSSION:

Requirements of Senate Bill 1383

As a result of SB 1383 and the regulations established by CalRecycle, the City will have to implement the following practices to be considered compliant:

CITY COUNCIL ACTION:

AGENDA ITEM # C.2.
• Provide organic waste recycling services to all residents and businesses;
• Inspect and enforce compliance with SB 1383 by adopting an enforcement ordinance (Attachment 1);
• Implement an edible food recovery program that recovers edible food from the waste stream;
• Conduct outreach and education to all affected parties including generators, haulers, facilities, and edible food recovery organizations;
• Procure recycled organic waste products like compost, mulch, and renewable natural gas; and
• Maintain accurate and timely records of SB 1383 compliance for annual reporting requirements.

On January 1, 2022, CalRecycle’s regulations will become enforceable, and will require each jurisdiction to adopt a mandatory recycling ordinance. SB 1383 allows cities to take an educational and non-punitive approach to enforcement for the first two years of the ordinance being in effect (2022 and 2023). Taking an educational approach will allow the City and EDCO, its franchise waste hauler, to work with City residents and businesses to inform, and assist, them of the requirements.

Because the City and EDCO have been very proactive in this arena, residents already have an organic waste recycling program in place and many businesses in the City will have programs in place by the end of this year.

Non-Compliance

While the City fully expects to gain compliance from residents and businesses, SB 1383 regulations provide CalRecycle with the ability to engage in enforcement actions of its own against the City if the designated level of compliance is not met. These actions may include:

• Conducting more frequent inspections;
• Taking over direct enforcement on non-compliant businesses within the City;
• Establishing a schedule for City compliance and a probationary period, requiring a work plan and that the jurisdiction demonstrates it has sufficient staffing to implement the requirements of the law; and/or
• Seeking administrative penalties against the City of up to $10,000 per day.

The City is in a strong position to meet the requirements set forth in SB 1383. With the adoption of Ordinance 517, the City will be one step closer to becoming SB 1383 compliant.

Ordinance Adoption

As has been mentioned throughout this report, SB 1383 requires the City to adopt an enforceable ordinance to compel businesses and residents to recycle their organic
waste and to comply with other requirements of the regulation. To meet this requirement, the municipal code must be updated. The attached ordinance (Attachment 1) includes the required provisions. A redline version of the current ordinance is included as Attachment 2 so that Council can review what has been added or changed to the current municipal code during the revision process.

The required provisions were taken from a model ordinance draft provided by CALRecycle. SB 1383 allows cities to decide whether exemptions for organic service will be granted for waste generators. Staff recommends that the City adopt the waiver process as outlined in Section H of the draft ordinance, but Council may also choose to delete this section and still be compliant with SB 1383 requirements.

CEQA COMPLIANCE STATEMENT:

The proposed Ordinance is exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Sections 15061 (b)(3) and 15308 on the grounds that it can be seen with certainty that the enhanced solid waste regulations, as provided for in Ordinance No. 517, will not have a significant effect on the environment and that the new requirements, which strengthen requirements for the handling of solid waste, represent actions by a regulatory agency (the City) for the protection of the environment.

FISCAL IMPACT:

There is no direct fiscal impact as a result of this item. However, implementation and enforcement of Ordinance 517, if adopted, would be the responsibility of City Staff. It should be noted that City Staff is working with other local jurisdictions and the Regional Solid Waste Authority (RSWA) to take advantage of economies of scale to develop and implement portions of the requirements. Staff will continue to look into regional partnerships and collaborations to reduce the fiscal impact of these regulations and to create regional programs for increased efficiencies and effectiveness, where appropriate.

WORK PLAN:

This item is included in the Environmental Sustainability section of the FY 2022/2023 Work Plan.

OPTIONS:

- Introduce Ordinance 517 amending Chapter 6.20 to the Solana Beach Municipal Code to address State organics recycling mandates.
- Do not introduce Ordinance 517 and provide direction.
DEPARTMENT RECOMMENDATION:

Staff recommends the City Council introduce Ordinance 517 amending Chapter 6.20 of the Solana Beach Municipal Code to address state organics recycling mandates.

CITY MANAGER’S RECOMMENDATION:

Approve Department Recommendation

The city council hereby finds and declares:

(a) The storage, accumulation, collection and disposal of garbage, trash, litter, rubbish, debris and other discarded matter, goods and materials is a matter of great public concern, in that improper control of such matters creates a public nuisance, can lead to air pollution, fire hazards, illegal dumping, insect breeding and rat infestation and other conditions affecting the health, welfare and safety of the residents of this and surrounding cities. The city council further finds that the periodic collection of garbage, rubbish and other refuse and recyclable material from all residences and places of business in the city benefits all occupants of residences within the city and, therefore, the occupants as hereinafter defined are made liable for the payment of fees for the mandatory service as may be from time to time approved by city council resolution. The city council further declares that the regulations provided in this chapter are designated to eliminate such problems. The city council is authorized to adopt this chapter pursuant to California Constitution Article XI, § 7 and Division 30 of California Public Resources Code (Waste Management) including, without limitation, Sections 40057, 40058, 40059, 49300 and 49500 et seq. (Ord. 333 § 2, 2005; Ord. 177 § 1, 1993)

(b) State recycling law, Assembly Bill 939 of 1989, the California Integrated Waste Management Act of 1989 (California Public Resources Code Section 40000, et seq., as amended, supplemented, superseded, and replaced from time to time), requires cities and counties to reduce, reuse, and recycle (including composting) Solid Waste generated in their Jurisdictions to the maximum extent feasible before any incineration or landfill disposal of waste, to conserve water, energy, and other natural resources, and to protect the environment.

(c) State recycling law, Assembly Bill 341 of 2011 (approved by the Governor of the State of California on October 5, 2011, which amended Sections 41730, 41731, 41734, 41735, 41736, 41800, 42926, 44004, and 50001 of, and added Sections 40004, 41734.5, and 41780.01 and Chapter 12.8 (commencing with Section 42649) to Part 3 of Division 30 of, and added and repealed Section 41780.02 of, the Public Resources Code, as amended, supplemented, superseded and
replaced from time to time), places requirements on businesses and Multi-Family property owners that generate a specified threshold amount of Solid Waste to arrange for recycling services and requires Jurisdictions to implement a Mandatory Commercial Recycling program.

(d) State organics recycling law, Assembly Bill 1826 of 2014 (approved by the Governor of the State of California on September 28, 2014, which added Chapter 12.9 (commencing with Section 42649.8) to Part 3 of Division 30 of the Public Resources Code, relating to Solid Waste, as amended, supplemented, superseded, and replaced from time to time), requires businesses and Multi-Family property owners that generate a specified threshold amount of Solid Waste, Recycling, and Organic Waste per week to arrange for recycling services for that waste, requires Jurisdictions to implement a recycling program to divert Organic Waste from businesses subject to the law, and requires Jurisdictions to implement a Mandatory Commercial Organics Recycling program.

(e) SB 1383, the Short-lived Climate Pollutant Reduction Act of 2016, requires CalRecycle to develop regulations to reduce organics in landfills as a source of methane. The regulations place requirements on multiple entities including Jurisdictions, residential households, Commercial Businesses and business owners, Commercial Edible Food Generators, haulers, Self-Haulers, Food Recovery Organizations, and Food Recovery Services to support achievement of Statewide Organic Waste disposal reduction targets.

(f) SB 1383, the Short-lived Climate Pollutant Reduction Act of 2016, requires Jurisdictions to adopt and enforce an ordinance or enforceable mechanism to implement relevant provisions of SB 1383 Regulations. This ordinance will also help reduce food insecurity by requiring Commercial Edible Food Generators to arrange to have the maximum amount of their Edible Food, that would otherwise be disposed, be recovered for human consumption.

(g) Requirements in this ordinance are consistent with other adopted goals and policies of the City.

The city council hereby finds and declares:
(a) ...that the storage, accumulation, collection and disposal of garbage, trash, litter, rubbish, debris and other discarded matter, goods and materials is a matter of great public concern, in that improper control of such matters creates a public nuisance, can lead to air pollution, fire hazards, illegal dumping, insect breeding and rat infestation and other conditions affecting the health, welfare and safety of the residents of this and surrounding cities. The city council further finds that the periodic collection of garbage, rubbish and other...
refuse and recyclable material from all residences and places of business in the city benefits all occupants of residences within the city and, therefore, the occupants as hereinafter defined are made liable for the payment of fees for the mandatory service as may be from time to time approved by city council resolution. The city council further declares that the regulations provided in this chapter are designated to eliminate such problems. The city council is authorized to adopt this chapter pursuant to California Constitution Article XI, § 7 and Division 30 of California Public Resources Code (Waste Management) including, without limitation, Sections 40057, 40058, 40059, 49300 and 49500 et seq. (Ord. 333 § 2, 2005; Ord. 177 § 1, 1993)

(b) State recycling law, Assembly Bill 939 of 1989, the California Integrated Waste Management Act of 1989 (California Public Resources Code Section 40000, et seq., as amended, supplemented, superseded, and replaced from time to time), requires cities and counties to reduce, reuse, and recycle (including composting) Solid Waste generated in their Jurisdictions to the maximum extent feasible before any incineration or landfill disposal of waste, to conserve water, energy, and other natural resources, and to protect the environment.

(c) State recycling law, Assembly Bill 341 of 2011 (approved by the Governor of the State of California on October 5, 2011, which amended Sections 41730, 41731, 41734, 41735, 41736, 41800, 42926, 44004, and 50001 of, and added Sections 40004, 41734.5, and 41780.01 and Chapter 12.8 (commencing with Section 42649) to Part 3 of Division 30 of, and added and repealed Section 41780.02 of, the Public Resources Code, as amended, supplemented, superseded and replaced from time to time), places requirements on businesses and Multi-Family property owners that generate a specified threshold amount of Solid Waste to arrange for recycling services and requires Jurisdictions to implement a Mandatory Commercial Recycling program.

(d) State organics recycling law, Assembly Bill 1826 of 2014 (approved by the Governor of the State of California on September 28, 2014, which added Chapter 12.9 (commencing with Section 42649.8) to Part 3 of Division 30 of the Public Resources Code, relating to Solid Waste, as amended, supplemented, superseded, and replaced from time to time), requires businesses and Multi-Family property owners that generate a specified threshold amount of Solid Waste, Recycling, and Organic Waste per week to arrange for recycling services for that waste, requires Jurisdictions to implement a recycling program to divert Organic Waste from businesses subject to the law, and requires Jurisdictions to to implement a Mandatory Commercial Organics Recycling program.

(e) SB 1383, the Short-lived Climate Pollutant Reduction Act of 2016, requires CalRecycle to develop regulations to reduce organics in landfills as a source of methane. The regulations place requirements on multiple entities including Jurisdictions, residential households, Commercial Businesses and business owners, Commercial Edible Food Generators, haulers, Self-Haulers, Food Recovery Organizations, and Food Recovery Services to support achievement of Statewide Organic Waste disposal reduction targets.

(f) SB 1383, the Short-lived Climate Pollutant Reduction Act of 2016, requires Jurisdictions to adopt and enforce an ordinance or enforceable mechanism to implement relevant provisions of SB 1383 Regulations. This ordinance will also help reduce food insecurity by requiring Commercial Edible Food Generators to arrange to have the maximum amount of their Edible Food, that would otherwise be disposed, be recovered for human consumption.

(g) Requirements in this ordinance are consistent with other adopted goals and policies of the City. (City to insert description). Guidance: At City’s option, Jurisdictions may want to include this subsection (f) to add Jurisdiction-specific diversion goals or policies here such as a 75% diversion or zero waste goal, C&D recovery ordinance, greenhouse gas reduction goals, local climate action plan, etc.

1. Be completely enclosed with a rigid, nonabsorbent cover while transporting garbage, refuse or rubbish in or through the city. “Completely enclosed with a rigid, nonabsorbent cover” means that refuse, rubbish or garbage shall not be visible from the street nor shall any of the substance be permitted to leak, spill or become deposited along the public streets.

2. All trucks or vehicles used in the course of garbage or refuse collection shall be painted the same colors as approved by the city manager, and identified by truck numerals and company logo. The equipment used shall be kept clean and in good repair at all times.

B. Notwithstanding subsection A, the specifications of vehicles used by recycling operators may be separately established by the city council and specified in the franchise. (Ord. 177 § 1, 1993)

6.20.240 Franchisee’s employees.
A. The franchisee must guarantee a top quality of service by industry standards; competent, qualified, sober, identifiable and uniformed personnel who serve the public in a courteous, helpful and impartial manner.
B. The city may, at its option, require fingerprinting of the franchisee’s employees whose service will cause them to enter onto or work in close proximity to private property.

C. Any employee driving franchisee’s vehicles shall at all times have in their possession a valid and appropriate vehicle operator’s license issued by the state of California.

D. The franchisee and its employees shall be required to wear clean identifiable uniforms when engaged in refuse collection service on public streets. (Ord. 177 § 1, 1993)

6.20.260 Franchise classification.
The city council may issue franchises based on the size and nature of the solid waste collecting process as follows:

A. Class I Franchise. A Class I franchise may be issued to solid waste disposal operators who provide full-time residential and/or commercial collection services over established routes. Class I providers may also provide other solid waste collection services, such as the provision of temporary dump boxes, roll-off binds and temporary containers, but shall not provide Class II services unless a separate Class II franchise has been issued.

B. Class II Franchise. A Class II franchise may be issued for recycling operations. No person shall conduct recycling operations or be a recycling operator unless the person has been issued a Class II franchise. (Ord. 177 § 1, 1993)

6.20.265 Minimum requirements.
A. As a condition of the city issuing a franchise, the franchisee shall agree to appear and defend all actions against the city arising out of the exercise of the franchise, and shall indemnify and save the city, its officers, employees and agents harmless of and from all claims, demands, actions, or causes of action of every kind and description resulting directly or indirectly, arising out of, or in any way connected with the exercise of the franchise, including, but not by way of limitation, any act or omission of any officer, employee or agent of franchisee.

B. The franchisee shall obtain and keep in force, during the term of the franchise, public liability and bodily injury insurance in an amount not less than $5,000,000 for the injuries or death to more than one person arising out of any one accident or occurrence, unless a lesser amount is permitted by the city council; and workers’ compensation insurance covering all employees of the franchise holder. Copies of such policies, or certificates evidencing such policies, shall be filed with the city manager. The city shall be named an additional insured on all policies. All policies shall contain a provision requiring a 90-day notice to be given to the city prior to cancellation, modification or reduction of limits. The amounts of public liability insurance for bodily injury and property damage shall be subject to review and adjustment by the council.

C. The franchisee’s trucks, trailers or other vehicles must comply with the regulations as set forth in the California Motor Vehicle Code, all other applicable California codes, and this chapter.

D. The franchisee must agree to perform the terms of the franchise in such a manner as to comply with all valid and applicable local and state laws and regulations pertaining to the collection, storage and transportation of solid waste. The franchisee shall also comply with all other ordinances and regulations of the city and applicable laws and regulations of the county of San Diego and the state of California, and shall obtain and keep in force all required franchises and business licenses. (Ord. 177 § 1, 1993)

6.20.270 Franchise issuance.
A. The city manager shall investigate the information contained in the franchise application and prepare a report to the city council as to whether the applicant is capable of complying with the provisions of this chapter and the rules and regulations of the city. After the completion of the investigation, the city manager shall schedule the matter for a public hearing before the city council. Notice of the hearing shall be given to the applicant and shall be published in a newspaper of general circulation at least 10 days prior to the date of the hearing.
B. The city council may by resolution authorize the city manager to execute a franchise after the required public hearing.

C. A franchise may be issued for any period of time up to five years. A franchise may be renewed pursuant to the same procedures as for the issuance of an original franchise. The franchisee shall pay an annual franchise fee in an amount established by the franchise agreement.

D. No assignment or transfer of a franchise pursuant to this chapter, or any right occurring under such franchise, shall be made in whole or in part by the franchisee without the express consent of the city council. In the event any assignment or transfer is authorized by the city council, the assignee shall assume the liability and all other obligations of the franchisee. The city council may approve or deny the transfer at its sole discretion.

E. A franchise may be revoked:

1. At the option of the council, in the event there is a change of ownership of any kind or nature of the operating company, unless approval therefor has been obtained in writing from the council; or

2. If it is determined by the city manager that the franchisee has not complied with the provisions of this chapter and all other applicable statutes, ordinances, rules and regulations, the city manager shall notify the franchisee in writing of noncompliance and shall order compliance within 30 days. If noncompliance is not corrected, the council, after a hearing, shall be empowered to cancel the franchise or take such other action as the council shall determine.

F. When considering whether to issue a franchise, the city council may take into consideration the service performance of the existing solid waste disposal operator or operators, or recycling operator or operators, and may give preference to existing providers. (Ord. 177 § 1, 1993)

6.20.280 Charges for service.
A. When issuing an initial or renewed franchise, the council shall approve the charges for services. After approval of the charge by the city council, a charge for the collection of refuse shall be imposed by the franchise on the owner or person in control of each residential, commercial or individual property, or other entity subscribing to solid waste collection service. The amount of such charges may be fixed and changed from time to time by the franchisee after approval by the city council.

B. All revisions in the rate or charge schedule must be submitted to the city council for review, and action must be approved by the city council. The application for rate adjustment shall be made by the franchisee 90 days prior to the date of the proposed increase. The city shall act thereon within the 90-day period. Any new rate adjustment will have a maximum increase based on 100 percent of the Consumer Price Index and any unusual extraordinary cost resulting in an increase to the franchisee in the cost of providing service since the last rate increase or establishment. Rates shall not be adjusted more than once annually, except to accommodate unforeseen circumstances justifying an increase. (Ord. 177 § 1, 1993)

6.20.290 Mandatory collection and payment of charges.
A. The accumulation of garbage, rubbish, other solid waste and recyclable materials constitutes a menace to the health, welfare and safety of inhabitants of the city, and the orderly and regular collection of garbage, rubbish, other solid waste and recyclable material is necessary to prevent the spread of disease, the creation of health menace and fire hazards, and to further the use of reusable resources.

B. The city council finds and determines that the periodic collection of garbage, rubbish and other refuse as provided herein, from all residences and places of business in the city benefits all occupants of property within the city; therefore, all occupants shall dispose of solid waste through the regular solid waste collection service, or recycling service, or a provider permitted by this chapter and shall be liable for the payment to the city, or to the franchisee, of solid waste collection charges including charges for franchised recycling services as may from time to time be approved by the city council.

C. Every occupant of the city shall be billed periodically for the charges established pursuant to this chapter. Should any person fail, refuse or neglect to pay such bill within 30 days after the day that the same is rendered, then a
penalty equal to 10 percent of the amount of the bill may be added to the bill and the sum, together with any costs incurred by the franchisee, may be recovered by the franchisee, as required by law.

D. Should the occupant of any property fail or refuse to pay the charge established in accordance with the provisions of this chapter, then the franchisee shall advise the city manager of such refusal. The failure to pay may, except for the provisions hereof, result in the noncollection of garbage, rubbish and other refuse, which condition the city council determines and declares to be a threat to the public health, safety and welfare, and which condition is declared to be, if permitted to exist, a public nuisance. In the event that there is nonpayment, the city manager shall direct the franchisee to make collection, and the expenses and charges of collection, including penalties, may be assessed against the property as provided by law or otherwise collected by the city. The franchisee shall continue to collect garbage, rubbish and other refuse when directed to do so by the city manager even though there is nonpayment.

E. All costs incurred by the city and paid by the city to the collector or franchisee shall be recoverable by the city and charged against the property from which the garbage, rubbish or other refuse was collected. The city manager shall notify all parties concerned of the cost of any such collection by directing a letter to the occupant of the property at the address shown on the latest tax roll. Any such notice shall be given 10 days prior to a public hearing and city council shall review and approve an assessment against the property for the costs incurred in abating the public nuisance. If the total assessment determined and confirmed by the city council is not paid within 10 days after the determination by the city council, then there shall be recorded in the office of the city recorder a statement of the total balance due, together with the legal description of the property affected. From and after the date of such recording, the balance due shall be a special assessment against the parcel plus a $30.00 city administrative fee. The assessment shall be collected at the same time and in the same manner as county taxes are collected, and shall be subject to the same penalties and to the same procedure and sale in case of delinquency as provided for ordinary county taxes. All laws applicable to the levy, collection and enforcement of county taxes shall be applicable to such special assessment. (Ord. 177 § 1, 1993)

6.20.295 Pollution management fee.
An NPDES pollution management fee shall be applied to all residential and commercial waste, and recycling pursuant to Schedules A, B and C.
